

NORTH MERCER ISLAND/ENATAI Sewer Upgrade Project

May 17, 2019

Fieldwork at Mercer Island Boat Launch starting as early as May 20

King County Wastewater Treatment Division is continuing field investigations to inform design of a sewer upgrade project in Mercer Island and Bellevue. Beginning as early as May 20, crew members will investigate the physical conditions of storm drains and groundwater flow underneath the I-90 bridge. The Mercer Island Boat Launch will remain accessible. This work will be complete by May 24.

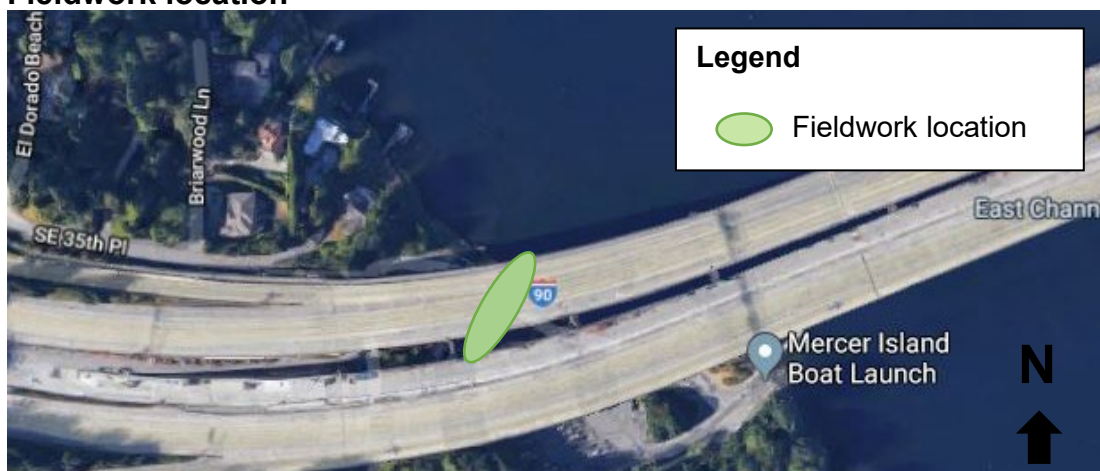

Crew members will remove and replace storm drain covers to conduct the analysis.

What to expect:

- Work hours 8 a.m. to 4 p.m.
- Work is expected to take one day between May 20 and May 24.
- Up to two crew members wearing bright safety gear.
- Crew members will remove and replace catch basins, and record and photograph surrounding physical conditions.
- A work vehicle will be parked on site.
- Access will be maintained.
