Sunset and Heathfield Pump Stations and Force Main Upgrade

Construction Update – November 16, 2017

Sewer pipe preparation work continues with weekend work, beginning this weekend

King County’s contractor continues to get ready to install the new sewer pipe along Southeast 38th Street. Crews are:

- Installing final lights on the pipe in Lake Sammamish.
- Preparing to install steel conductor casings along 164th Avenue Southeast and near Vasa Park.
- Preparing to excavate a launch pit at Sunset Pump Station and an exit pit near the King County property on Southeast 38th Street, west of 166th Avenue Southeast.

Crews preparing site near the Sunset Pump Station to “float” pipe out on Lake Sammamish.

To complete this work, crews plan to start working every Saturday for the foreseeable future. You can expect work on Saturdays to typically occur between 9 a.m. to 6 p.m.

What to expect:

- Work occurring Saturdays from 9 a.m. to 6 p.m.*
- Crews plan to stop work over the Thanksgiving weekend from November 23 – 27
- Truck traffic on West Lake Sammamish Parkway and S.E. 38th St. during working hours
- Intermittent single lane closures on W. Lake Sammamish Pkwy. S.E. near the Vasa Park Resort and the Sunset Pump Station for delivery of equipment
- Signs and flaggers to direct traffic around work
- Increased construction noise from construction equipment such as excavators and hammers

Crews will install steel conductor casings as the first step in HDD

**The schedule and duration for HDD work is tentative and is subject to change as work progresses. We will continue to provide email notices and door fliers with updates on timing of specific construction activities.*
