

North Creek Interceptor construction update:

Construction activities to increase on 214th Street Southeast west of Bothell Everett Highway (SR 527)

Beginning Monday, October 30th, construction activities will increase on 214th Street SE, west of the Bothell Everett Highway (SR-527). Below-ground tunneling has now started from the east side of SR 527 (in the business park) to the west side. Crews will begin building a receiving pit on the west side for the tunneling machine and will be building a bypass system to connect to the new sewer lines.

What to Expect During This Work

- Travel lanes will be reduced along 214th Street SE (on the west side of SR-527).
- At times, large equipment will be maneuvering in the street. Please use caution.
- Flaggers and signs will direct motorists through the work areas.
- Some on-street parking spaces will not be available.
- Approved work hours are 7:00 am to 10:00 pm weekdays, and 9:00 am to 10:00 pm weekends.
- It is expected that most of the work will take place weekdays and on Saturdays.
- Expect noise and vibrations during this work.
