## **Construction update - revised: Notice of lane closure / traffic revisions**

King County is constructing a major sewer line that serves portions of Bothell, Mill Creek and unincorporated Snohomish County. This project will provide additional capacity and needed upgrades to ensure safe and reliable operations for the future.

**Starting this week the County's contractor will work near the intersection of 208th Street Southeast and 14th Drive Southeast, to repair curbs and gutters.**

**There will be traffic control and a lane closure, though we do not expect that 14th Drive SE will be closed at this time.**

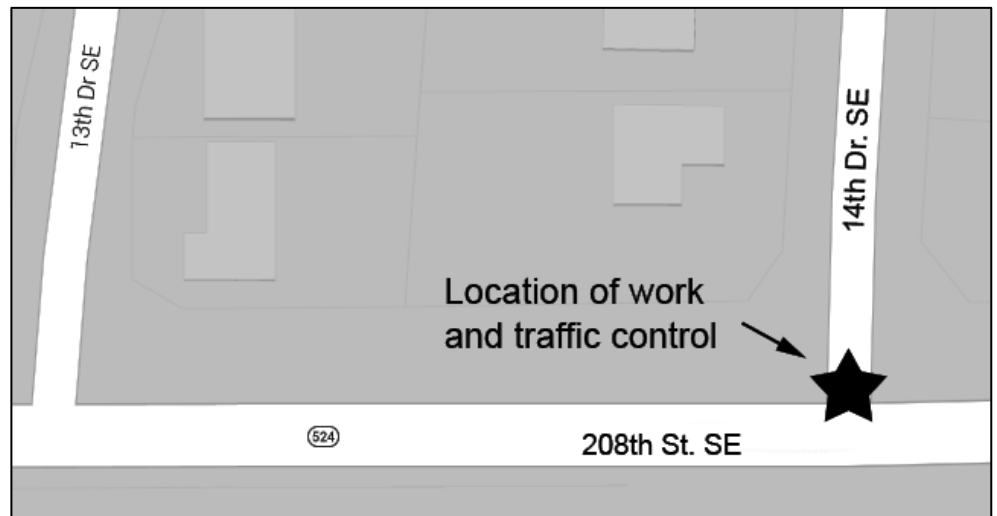

This phase of the work is expect to take 1-2 weeks to complete. Final paving at the 208th/14th Dr. intersection will happen in the future.

### **What to expect during this work:**

- Intermittent noise and vibration
- Please follow signs and directions from flaggers as you pass work areas.

### **For more information:**

- Project updates (and to sign up for updates in your area), notices of upcoming activities and more details about the project can be found at [www.kingcounty.gov/NCI](http://www.kingcounty.gov/NCI)
