

 King County **North Creek Interceptor Sewer Project**

June 22, 2018

Construction update:
Final paving will begin Monday, June 25
14th Drive SE in Bothell

King County is nearing completion of the North Creek Interceptor, a major sewer line serving portions of Bothell, Mill Creek, and unincorporated Snohomish County. Improvements will provide added capacity and ensure reliable operations for the future.

Beginning Monday, June 25, King County's contractor will complete final asphalt paving at two locations along 14th Drive SE: Work is expected to take two to three days and will begin at the north end of 14th Dr. SE. Crews will then move south to near the intersection at 208th Street SE.

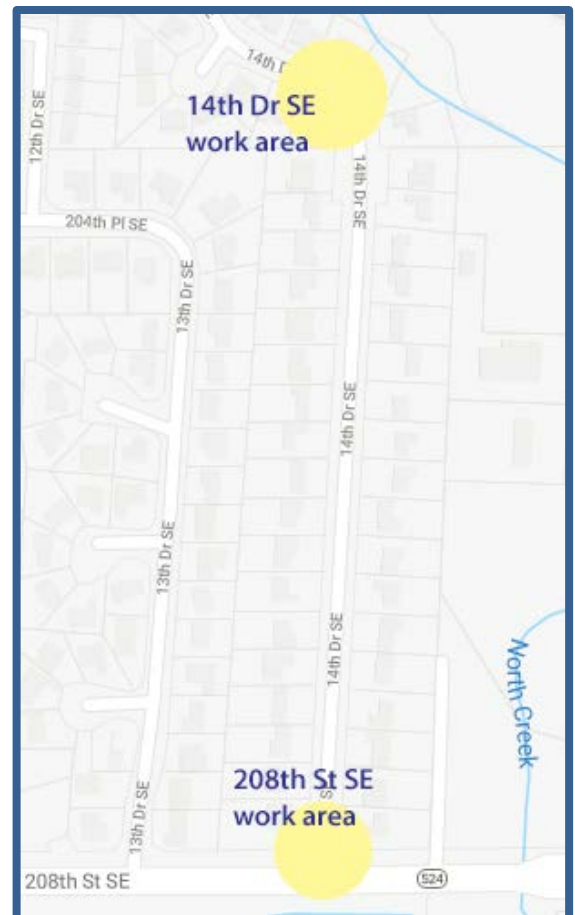

- **Traffic will be reduced to one lane at both locations. At times, motorists may experience short delays.**
- **Residents near work areas need to remove cars from driveways by 7:00 a.m. if they are needed during paving. Cars cannot be parked in the street near areas of paving.**

What to expect during this work:

- Approved work hours are 7:00 am to 6:00 pm, expect some noise during this work.
- Paving is weather dependent and could be delayed.
- Crews, trucks and large equipment will be working in the street.
- Traffic will be directed around the work site.
Please drive slowly and obey signs and flaggers!
- You may want to consider alternate routes if available.
