

## Drainage study in your neighborhood as early as July 16

King County crews will work on your street to continue studying soil, groundwater, surface water flow and street conditions.

See the back page for enlarged map of the work area.

### What to expect:

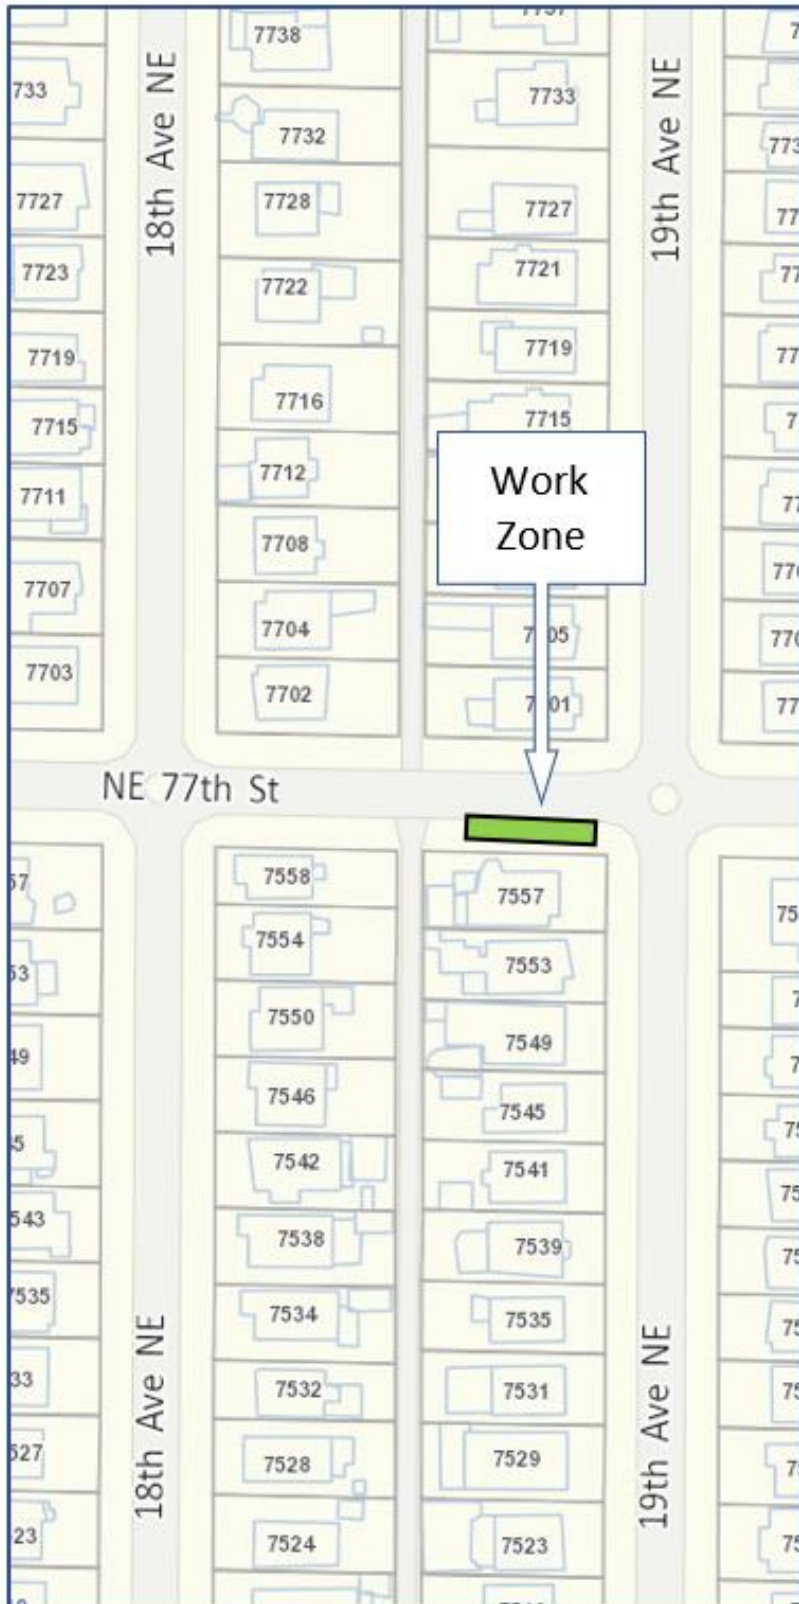

- Starting the week of July 16, crews will pump water into pre-installed wells and measure the water level inside. Exact dates may change.
- A water truck and other equipment will be in the street and public right-of-way between the curb and the sidewalk.
- When testing is finished, the well will be covered with a steel disk that is flush with the ground.
- Temporary “No Parking” signs will give at least three days’ notice of parking restrictions for work days. *Signs will be left in the planting strip throughout July but will only prevent parking on work days.*
- Work will take place on weekdays between 7 a.m. and 5 p.m.
- Expect noise levels typical of a construction site.
- In rare circumstances during work, the street may be blocked for several minutes. At some locations, pedestrian traffic may be re-routed.

Los contratistas del condado de King estarán trabajando pronto en su área. Puede que usted note su labor y que esto afecte su rutina diaria. Si tiene alguna pregunta o inquietud, tenga a bien de contactarse con Sarah Sanborn, en el número que aparece debajo. Se le puede proporcionar un intérprete sin cargo.

킹카운티 하청업체가 곧 여러분 지역에서 작업을 시작하게 됩니다. 이 작업은 여러분 눈에 띄거나 일상생활에 지장을 줄 수 있습니다. 이에 관한 문의사항이나 문제가 있는 분께서는 아래 실린 번호로 Sarah Sanborn 씨에게 연락하시기 바랍니다. 통역 서비스는 무료로 제공합니다.
