WHEREAS, the educational facilities of Skykomish School District No. 404, King County, Washington (the "District"), including technology facilities are in need of modernization, improvements and expansion to meet the current and future educational programs for its students (the "Improvements"); and

WHEREAS, funds available to the District will be insufficient to enable the District to implement such Improvements; and

WHEREAS, in order to support the cost of the Improvements as found necessary by the Board of Directors, it is deemed advisable that the District levy a tax upon all the taxable property within the District in excess of the annual tax the District is permitted by law to levy without a vote of the people, such levy to be made for four years commencing in 2024 for collection in the years from 2024 through 2027, inclusive, as authorized by Article VII, Section 2 of the State Constitution and RCW 84.52.053; and

WHEREAS, the question of whether or not such excess tax may be levied must be submitted to the qualified electors of the District for their ratification or rejection; and

WHEREAS, the conditions here and above set forth which requires the holding of a special election in the District;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF SKYKOMISH SCHOOL DISTRICT NO. 404, KING COUNTY, WASHINGTON as follows:

Section 1. Finding. It is hereby found and declared that the welfare of the students and other residents of the District requires the District to carry out the Improvements hereinafter provided.

Section 2. Authorization of Improvements. The District shall modernize its educational facilities through the acquisition and installation, implementation and management of computer technology and technology systems, facilities and projects, including but not limited to enhancing infrastructure, acquiring hardware, licensing software, and implementing online applications and training related to the installation of the foregoing as an integral part of the District's technology systems, facilities, or projects; and the application and modernization of technology systems for operations and instruction including, but not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products or services, and shall make other capital project expenditures as found necessary by the Board of Directors.

The District may repay any obligations hereafter incurred for the foregoing purposes.

If available funds are sufficient, the District shall acquire, construct, equip and make other capital improvements to the facilities of the District, all as the Board of Directors finds necessary; provided that such funds may be used only to support the construction, modernization, replacement, and remodeling of school facilities or implementation of the District's technology facilities plan.

If the District shall determine that it has become impracticable to accomplish any of such Improvements or portions thereof by reason of changed conditions or needs, incompatible

development, costs substantially in excess of those estimated, or acquisition by a superior governmental authority, the District shall not be required to accomplish such improvement and may apply levy proceeds as set forth in this section. If any or all of the Improvements have been completed, or their completion duly provided for, or their completion found to be impractical, the District may apply the levy proceeds or any portion thereof to other portions of the Improvements or to other capital purposes of the District, as the District in its discretion shall determine.
