### Statement in favor

#### *Creating a Learning Environment for our Students to Compete and Succeed*

This levy helps prepare students for *their* future, a world of digital technology and information. It will provide students with immediate access to digital resources, essential to their success in the 21st century.

#### *Technology for Every Student, Every Day, in Every Classroom*

This levy will help Fife Public Schools put a computer/tablet in the hands of every student in our district. Students will be able to utilize dynamic tools and resources. Students will be able to collaborate and create in unprecedented ways.

#### *This is a reinstatement of our previous technology levy*

This levy will cost an estimated \$.39 cents per thousand of assessed home value per year. This amount is comparable to the previous technology levy, and is projected to decrease each year over the life of the levy!

#### *Equity and Access for All Fife Students*

Students who have access to technology on a regular basis have a greater advantage with learning over students who do not have regular access.

*Please support our kids and schools by voting Yes!*
