# From the Director

Dear Friends.

This is a big year for King County Elections. To start, we are on track to hit 10 million ballots counted without a single discrepancy this fall. We expect to process over 1 million ballots this November alone.

I'm eager to continue our track record of transparency and accuracy – especially in light of this year's Presidential Election – and I am also excited about several projects that will mean transformative change for elections. For this Primary Election you will now have access to 29 permanent ballot drop boxes that are open 24-hours-a-day. November will see that number increase to 43 ballot drop boxes, meaning that 91.5% of King County residents will live within 3 miles of a drop-off location.

Also, in our continuous effort to increase inclusion in the electoral process, we will be providing ballot materials in two new languages this November – Spanish and Korean (we already provide Chinese and Vietnamese) – and we expect that number to continue to grow with our increasingly diverse population.

Every day my job is to figure out how we can make democracy more accessible, more inclusive and more efficient – which is the most important work I can think of. I am so grateful to the voters of King County for having given me this opportunity – thank you and remember to vote!

  
Julie Wise

## Reading the local voters' pamphlet

**Why are there measures in the local voters' pamphlet that are not on my ballot?**

The measures on your ballot reflect the districts in which you are registered to vote. The local voters' pamphlet may cover multiple districts and include measures outside of your districts.

**What is the order of candidates in the local voters' pamphlet?**

Candidates in the local voters' pamphlet appear in the order they will appear on the ballot.

**Are candidate statements fact checked before they are published?**

No. King County Elections is not responsible for the content or accuracy of the statements, and we print them exactly as they are received (including any potential errors). Candidate statement word limits are based upon the number of registered voters within each district.

**What is an explanatory statement?**

A ballot measure explanatory statement is prepared by the district's attorney; it outlines the effect the ballot measure would have if passed into law.

**How are committees in favor of or in opposition to a measure formed?**

Districts choosing to participate in a local voters' pamphlet are responsible for appointing committee members who agree to write statements.

The statements are a way to persuade voters to vote for or against a measure. King County Elections is not responsible for the content or accuracy of the statements, and prints them exactly as they are received.

## About the 2016 Primary Election

In each race, you may vote for any candidate listed.

The two candidates who receive the most votes in the primary will advance to the general election.

Each candidate for partisan office may state a political party that he or she prefers.

A candidate’s preference does not imply that the candidate is nominated or endorsed by the party, or that the party approves of or associates with the candidate.

More about the Top 2 Primary at [www.vote.wa.gov](http://www.vote.wa.gov).

**Elected Experience:** I have been involved in several political campaigns in the last few years in an effort to advocate for my community. A mayoral race, A county commissioner race and a children's safety advocacy ballot issue. I ran for PCO in 2014 (lost 95-35). All the while I have grown increasingly passionate about applying my own experience protecting the working and middle classes to the national scale during a time of heightened capitalist oppression.

**Other Professional Experience:** No information submitted

**Education:** No information submitted

**Community Service:** I am currently Vice President of the Southwest Olympia Neighborhood Association.

**Statement:** America has been caught in a torrent of corporate power for too long. Our democracy is endangered when politics become more influenced by big money than by the plights of the people. The middle and working classes deserve fair treatment from our government, especially when it comes to protecting vital American service and labor jobs from offshoring.

Public office should be the pinnacle of public *service*—if I am elected, it will be.

Born in Boston, Massachusetts, I grew up with a particular appreciation for democracy's ability to empower everyday men and women to fight for what's right. During my service in the U.S. Air Force (1966-1970), I moved to Washington State—where I met my wife and together we raised our son. When I entered the civilian workforce, I witnessed instances of poor working conditions, contract violations and management abuse. These issues stuck with me, eventually leading me to serve as a local union steward of Communications Workers of America to uphold the rights of workers. I was a member of the executive board, treasurer, and chairman of the steward education committee. This experience showed me the necessity and the power of making every voice feel heard.

As your Senator, I will demand *fair* trade over free trade agreements like TPP to protect the American job market and economy. I will also lobby for tuition-free college education and universal access to Medicare, among other key progressive measures. Most importantly, each detail of my platform is centered on *your* opinions, needs and past subjections to injustice. That's why I'm leading an insurgent political campaign, supported entirely by individual supporters instead of corporations. I believe that it's time to take the big money back out of politics and remember the masses. I run for you, America.

I listen to you.

**Other Professional Experience:** Fisheries Research Scientist with five decades of experience managing fish populations and fish habitats.

**Education:** B.S. degree in Wildlife Management from Humboldt State University.

**Community Service:** Served two years in the U.S. Army Infantry. Founded The Human Rights Party in 2012 to give candidates and individual voters a new alternative that may be more in line with their personal beliefs and convictions.

**Statement:** To ensure life, liberty and the pursuit of happiness, both health care and education must be recognized as basic human rights for all Americans. The only cost effective way to provide universal health care is by providing a single national insurance program, including removal of the responsibility from both employers and employees (private and public sectors, including education). Exclusion of private insurance and advertising companies (and the IRS) from health care would save the American people trillions of dollars in unnecessary costs during the 21st century. Severing the current mandatory linkage between health care insurance and employment would create a major new and sustainable stimulus for job creation and growth of the American economy. For education, we need to recognize the essential role of post-secondary training as part of our definition of basic education. Tuition fees in state college systems must be drastically reduced or eliminated. The only tax policy change needed would be to begin taxing capital gains at the same percentage rates as earned or ordinary income.

**Statement:** I'm running for the Senate because, probably like you, I'm fed up. I'm fed up with the gridlock in Congress and the politicians in both parties who won't tell the American people the truth about the challenges we face.

The truth is, the gap between rich and poor is widening because our economy is not producing enough good middle class jobs. We are over \$19 trillion in debt, and Social Security and Medicare are on the road to insolvency. There are solutions to these problems but Republicans and Democrats refuse to compromise and work together.

To address our debt crisis I support a bipartisan plan that includes limits on discretionary spending, structural changes that will strengthen Social Security and Medicare, and pro-growth tax reform. These steps would create jobs and reduce our debt.

To keep the peace I will always vote to keep America's defenses strong. We must do whatever it takes to protect our homeland from terrorism, and the United States must lead the fight to destroy ISIS in Syria and Iraq and deny them the territory they need to recruit and train followers. The Iran nuclear deal was a dangerous and destabilizing mistake.

It's time for a big change, and that will never happen as long as we keep sending the same people to Washington, D.C. year after year. I believe with new leadership we can bring Republicans and Democrats together to solve America's problems. I would appreciate your vote.

*Chris Vance and his wife, Ann, have been married for 28 years. They have two children: Adam, age 24, a recent graduate of the University of Washington, and Natalie, age 20, a sophomore at Washington State University. The Vances live in Auburn.*

Advocate for funding for Drug addiction - Homelessness.**Statement:** My current persona might suggest that we may be related. Well, in a way we are. We're all Washington State citizens whether you lean right, left, or somewhere in the middle. As a matter of fact we all desire the same end result, "a better quality of life".

Unfortunately, we don't always behave like that. If you look in the newspapers, you will notice the obituaries of those that have recently passed. Next, read the 'public notice' section. Astonishing enough, there are more people filing for 'divorce' than those who have died.

So, who are we really? Society as we know it has become a cauldron of 'throw away' relationships, that suggests that we are a country at war, with ourselves.

If you have children, the impact to their lives is a factor this country will one day inherit. A generation of broken marriages, displaced family values, misguided judgement, of whose parents rely on dating services in hope of finding someone new.

Frankly, it's a problem Congress cannot repair. If you have children, please think twice before filing for divorce. Meanwhile, I will do my best to be the Uncle those kids may never have.

Also, I'd like to thank my parents for 'sticking it out' while raising twelve of us. It wasn't easy by any means. My father loaned me the filing fee in my first attempt at public office in 1988. Ten years later, I took my mother to Washington D.C. for a tour of the White House. Some things you just don't forget.

**Statement:** Dear Voter and neighbor:

It is on my bucket list to try to make a difference in any way I can. I saved my babysitting money to get my name on the ballot because my hubby said I could spend it anyway I wanted too. I chose to spend it this way. I promised my son and grandson I would do this.

I have studied the federal government and our country. I have good news, and bad news. The good news is we are a strong nation with a great foundation. We have great bones...The bad news is our country has gone from being independent to being dependent upon the chains we revere. In doing so... we as a people are forced to accept the things that are against our Liberties of Conscience. Our Federal Government wants us as good moms and good dads to close our eyes to the ailments that afflict our country and its citizens. Our government wants us divided-Our government created the crevasses that have deepened and widened.

My experience with my government has been fighting against them when they wanted their Sewage Treatment Facility next door and uphill from my humble abode. I do not know any special interest groups or any lobbyist groups...I am the outsider of outsiders. I believe if I can move one sewer at the state level-I can move another sewer at the Federal Level.

I pray you make a difference in your life along the way and find your true peace and destiny. For land's sake, please consider me your true Lady.

Thank you for your time and consideration. Always DRL

As a Democrat, I am leading a movement I established in 2012 with the name of American Centrist Movement. Senator Bernie Sanders, if not the Democratic nominee, will lead a progressive movement.

On social issues, I am pro-life, pro-family, and pro-traditional marriage between a man and a woman.

On foreign policy, I advocate resolving Palestinian-Israeli conflict by establishing a democratic, non-religious state in Historic Palestine, where Jews, Muslims, and Christians can live together with equal rights under a constitution similar to the U.S. This was adopted four times by the Grant County Democratic Convention, including 2016. Also adopted in 2016 include containing extremism in the Middle East and supporting the nuclear agreement with Iran, which should include Israel.

On healthcare, I advocate expanding Medicare to include the young up to 25, universal healthcare for the basic as one single payer, reforming Welfare to eliminate abuse, and reforming the Department of Health - especially the Medical Quality Assurance Commission, as attorneys are calling the shots, making doctors practice defensive medicine. On immigration, I advocate institution of guest workers program.

I advocate amendments to the Constitution which include reform War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as privilege and not a right, allow foreign-born Americans to run for president, and U.S. Congress to meet in states by rotation.

We are one of the 4,088,397 registered voters in Washington today. With our votes, we hold the power to control our government. Our Constitutional rights make us citizens of the United States of America. I am a proud American. I want to make us all proud Americans.

By casting your ballot, you are exercising your authority for which so many brave Americans before us have made the ultimate sacrifice. Salute our members of national service. Cast your ballot with pride and conviction. It is my privilege to be your candidate for United States Senator.

We are over 7 million strong. We live in 39 counties and possess an abundance of wealth in our people and nature. Our magnificent coast and inland waters in the west, and Grand Coulee Dam, towering over the agricultural riches of the east. Washington may very well be the greatest state in our union.

We face challenges and adversity. Our population is growing and changing rapidly. More and more Americans are making Washington their home. We must address hard public enemies such as drug addiction and mental health, separately from crime. The menaces of racism and intolerance must be confronted with the weapons of kindness, understanding, and acceptance. We must join together to secure our borders and protect our homeland. We must build for the future by constructing a transportation infrastructure that delivers mobility and progress; in air, on land, and at sea. Washington is home to a broad range of business excellence and leadership. I pledge to completely support business.

I earned my way through Whitman College. I became a Washington lawyer without law school. My record is independence. I am beholden only to you. I am prepared to serve you as our next United States Senator. Makus Great Again.

You can see Mr. Tsimerman speak in council chambers every day! President of StandUP-America.us**Statement:** Are we better now than four years ago? Stop fascism with idiotic face.

StandUPAmerica for Donald Trump and Alex Tsimerman so we can bring America back on track and to common sense - Of, By and For the people. We need to stop Seattle emerald nitwit; a new evil, a new USSR (United Seattle Soviet Republic), a democrat, progressive, liberal, socialist who brought the State to total collapse and pure fascism. Mr. Tsimerman believes we need to steer our government away from special interests and introducing policies that will put money in people's pockets, restore love of country and raise our status in the world.

Our country has been poorly served by the political class, corporation and establishment who value their self-interest over the interests of the United States and its citizens. We need end the corrupting influence of special interests once and for all. Ordinary Americans have lost all power - whether it be economic, political, media or legal.

Mr. Tsimerman thinks tax burden inhibits economic growth and takes too much from hard working Americans. We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

Mr. Tsimerman believes Democrats and Republicans destroyed jobs in America. We will make college affordable and make sure we fix our healthcare system. With the money we have in the system, all Americans can feel comfortable.

We need to fix our traffic problem and open HOV lanes to Disabled citizens, Senior citizens and Veterans. We need election financial reform, make everyone equal under Constitution and law, establish citizen court to monitor and evaluate elected officials and limit every elected officials to two terms to stop the "iron cycle" of corruption.

**Statement:** I invite you to vote for me. If you're tired of the mess in Congress, tired of corrupt partisan politics, I ask you to support my candidacy for the US Senate. Stand up and say proudly that this country, and our government, belong to all of us; and not just to the crony government squatters, the bureaucrats, and the wealthy lobbyists & campaign contributors.

We need to claim back our country from the DC insiders, from the narrow minded establishment, & from the stale political parties. This is our country and we aim to upset the apple-cart of those vested interests who think they own it.

We must take control of our Republic because we need to innovate and better our Democracy - same as we do in our own work, our family, our business, our community, and in our own life.

We need an economy, a budget, a tax code, a health care system, and a system of justice that works for all Americans. We need to refresh our American Revolution demanding that government represents us all, not just the politically connected. We need a bigger economic pie where more Washingtonians have a bigger piece. We need strong American leadership, not just wars and retreat.

Given the serious crises this country faces, we cannot expect the career politicians who created the problems, to solve them. Instead, I will take on big bureaucracy, big government, big banks, big unions, and big businesses, because am not tied-up to lobbyists and special interests. We don't need a permanent political class that thinks it's entitled to rule over us. We need citizen leaders who'll put principle and people, before party.

And as Lincoln said: "If we stand together, there is nothing we cannot accomplish." It's time to Reboot Washington. God Bless America.

**Statement:** Our country isn't working for people the way it should be. And most days, Congress does very little to confront the challenges we face.

Despite the obstacles, I work hard to break through the gridlock and dysfunction and move us toward a country and state that works for all families, not just the wealthiest few.

I know you want a Senator committed to getting results. That's why, after the Tea Party shut down the government in 2013, I led bipartisan negotiations to reopen the government and restore important investments in education, jobs, and other local priorities. After I heard from parents and teachers that No Child Left Behind wasn't working for our students, I wrote a bill to finally fix this broken law, help end the reliance on overtesting, and put our students first. My bipartisan bill was signed into law, and NCLB is finally ending.

I am running for reelection because there is so much more Congress should be doing to help workers, veterans, families, and the economy—and I want to keep up the fight and make sure Washington state families have a strong voice at the table who will stand up for their values and priorities.

I am running to keep fighting to create jobs and grow the economy in a way that actually helps local families. Instead of tax cuts for the rich, I think we should give tax cuts to working families and invest in college affordability, student loan debt reduction, affordable childcare, increasing the minimum wage, helping veterans transition to the workforce—and more. And I'm going to keep fighting back against those who would hurt our workers, turn back the clock on women's health, and divide our country.

I ask for your vote to keep fighting for you and all Washington state families.

I grew up in a middle class family in a nice neighborhood, attended great schools staffed with devoted teachers. I have been blessed with good health, some intelligence and an abundance of common sense. I have been fortunate to have been employed in jobs that I have enjoyed and learned from my whole life. I have had the opportunity to travel, own a home and live the American dream. I have never been hungry, lacked medical care and there has never been a day while I have been alive that I wasn't fully aware that someone loved and valued me. I share this because while I have been given so much there are so many Americans that have had a completely different experience in life.

I want to take a leadership role in the discussions on creating and growing good paying jobs, repairing our infrastructure and reducing national debt. I want to see proper care and respect for our veterans and the elderly. I will work to stop the poor and the middle class from being victimized by big banks and Wall Street by ending economic inequality. I will work diligently to return the trust of the American people in their government.

We have seen what the two party system has done over the last few decades; it's time for real change. I am endorsed by USW local 338 and have a recommendation from the Spokane, Kitsap and Yakima AFL-CIO Central labor councils.

I see my primary duty as Senator as being on the ultimate betterment project for our state and country. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

Picture a state and a nation where your children will be able to afford to live. A land without discrimination, and where the working person receives their just reward. A place where worker's rights are protected; where innovative, effective leadership inspires; and where elected officials are chosen by the people, not by their financial contributors.

Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will accept no PAC money whatsoever in my bid for US. Senate. I will lead Washington into the 21st century. Only your vote for Thor Amundson, for U.S. Senate, is required to make this possible.

True leadership is an extension of the will of the people. With my mandate from you, the voters, I will express that will. As the first Senator not financed by PAC money, and hailing from one of the best states in the Union, I will stir the very dredges of the old guard in Washington D.C., and at the same time provide inspiration to anyone else who truly cares about the future of our great Nation. I left the Republican party in January 2016 to become a member of the Libertarian party.

**Statement:** The world is far from perfect and I acknowledge that. It can be better, not through increasing and micromanaging government but by reducing the presence of government in our lives. Each election like this we are so often limited to only 2 choices from the major political parties, resulting in either settling for the lesser of two evils or having no choice at all? The voter, our state and nation deserve better choices.

I am open to individual trade agreements with individual nations provided it enriches our nation and we can withdraw anytime. I am against agreements like the TPP as it robs our nation of jobs to enrich foreign interests. We have lost so many jobs overseas for no good reason and our economy has suffered too long.

The current US foreign policy does not keep us safe. It creates danger to our people while putting future generations in unsustainable debt which has weakened our economic security. But the highest cost is on us as a people. Look what we have allowed to be done to our loyal soldiers? While we have allowed the government to indebt us to engage in unnecessary and never ending war, look at the blood that has been shed and the injuries that our soldiers and their families have suffered over the last 15 years.

There is no authorization for the federal government to prohibit Marijuana, this is a matter for the states. Although I believe in an individual's right to consume whatever they desire to, the real transgression against the people is denying them a right to a medical necessity and medical research. Marijuana should be reclassified and this federal prohibition ended.

The Tyranny of Debt: "An exceedingly burdensome debt has been created (\$19.2 trillion). For the payment of interest it becomes necessary to have recourse to new loans, which do not swallow up but only add to the capital debt. And when this credit is exhausted it becomes necessary by new taxes to cover, not the loan, but Only The Interest On It. These taxes are a debit employed to cover a debit." \$11.2 trillion has already been squandered on interest; *This was a great plan for the banks - lenders but a horrible plan for those having to pay the interest - principle!*

Senators are elected representatives and leaders of the people. Representing the people is a high calling; one that the national party system has undermined with the aid of the lobbying industry. It is a crucial responsibility to listen to those you represent, present clear solutions, and act with the people's support. Those responsibilities have fallen prey to polling, private meetings with lobbyists, political strategists, and party leaders instead of working to perform the will of the people.

A candidate that takes money from anyone other than those that can vote for him -including corporations and lobbyists, national political parties, or out-of-state donors- cannot be trusted to truly represent the people. Today, with secure digital communications, there is no justification for senators to spend so much time in D.C. instead of being available to those they should represent.

The Constitution provides a functional government operating system. Many of the aspects crippling the function of our government are not part of that original system. Running purely on issues ignores that until the system functions, no issue -including tax policy, foreign policy, social security and health care- can be resolved.

Dr. Jeremy Teuton brings new solutions and is willing to fight to restore function to government; eliminating "playing politics" from the discussion. He is running to represent all the people of Washington.

The system has not failed, it just needs to be rebooted.

Former Director of Washington's Department of Revenue, where I led efforts to simplify the tax system and help small businesses.**Education:** B.A., Reed College; M.B.A., University of Washington.**Community Service:** I've mentored students at UW Business School; been active in my church, serving as a board member. Volunteered with the PTA, Girl Scouts and YWCA, supporting transitional housing, job training and services to help families get back on their feet.**Statement:** As your representative, I've been standing up against partisan gridlock in the other Washington while focusing on strengthening middle class families.

I know what it's like to struggle. Growing up, my dad lost his job and our family went through hard times. But thanks to financial aid and hard work, I graduated college and built a successful career as a businesswoman and entrepreneur. Today, too many families suffer as mine did, which is why I'm fighting for income equality, small businesses, seniors and families.

*Expanding economic opportunity.* We need an economy that works for everyone. That's why I support raising the federal minimum wage, providing equal pay for equal work and ensuring workers have access to paid sick leave so they don't have to choose between their jobs and their families. My work on the Farm bill brought \$22 million to our state's job training program for those receiving nutrition assistance.

*Focused on solutions.* In a divided Congress, I'm committed to working across party lines to get things done. I helped enact bipartisan legislation to rein in government surveillance and protect innocent Americans' electronic privacy. And I'm working on improvements to our nation's healthcare law so it's more affordable for small businesses to offer insurance to employees.

*Standing up for shared values.* I've demonstrated my strong commitment to protecting Social Security, Medicare and a woman's right to choose. When an ideological, biased panel to attack women's health was created with taxpayer money, I stood up against their discredited indictment of Planned Parenthood. I've also called for comprehensive immigration reform and introduced legislation to address climate change for the health of future generations.

Making progress in the other Washington isn't easy, but I remain committed to doing the hard work to expand economic opportunity and live up to our values.

**Statement:** I am running for office as a fiscally conservative independent populist Republican who is moderate on social issues. I am seeking office because I deeply care about our country and its cherished future. My mission is to represent the silent majority of people who feel their voices are not being heard by both sides of the current establishment; people whose personal liberties, constitutional rights and individual freedoms are under attack.

I have great admiration for our system of government and opportunities this country provides our citizens. At the same time, government spending needs to be evaluated, streamlined, and become balanced and efficient. We have more than enough resources to prosper, although our overspending has caused our budget deficit to balloon. This spending is not only irresponsible but dangerous to our future. We need to reinstate the Glass-Steagall Act and impose additional restrictions on Wall Street and banking system. Audit and oversight of the Federal Reserve should be implemented.

We need to take care of our citizens and workforce before we provide economic and social benefits to non-residents. The student loan system needs to be reviewed and re-evaluated. We need to continue our efforts to increase private employment levels and foster business and agriculture domestically.

We should continue reforming our trade, health care, environmental protection and welfare systems. I would encourage emphasis on technical and vocational education and preserving choice in schooling. We should work on reducing homelessness and improving mental health, disability and veterans' services.

I would like to see an immigration system overhaul which would put more emphasis on protecting our borders and adherence to the rule of law and our labor needs. We are entrusted to protect our laws, liberties, sovereignty and right to bear arms.

Put America First and make it Prosperous again.

There are things which can be done to prevent intolerable injustice. I promise to investigate, and where necessary propose legislation and impeachments to create a fair legal system.

In the last 4 years the 1% has gotten richer, but the rest of us have continued to suffer. We are forced to live paycheck to paycheck in a stagnant economy that politicians falsely label a great recovery.

People need homes and want to stay in those houses they own. The 99% want real jobs with fair wages for real work.

We, the people, are aggrieved by a government that has abandoned thriving local economies and business in order to facilitate the growth of debt based industries and products. This stupid policy by our government has resulted in a rapidly diminishing middle class which will further disappear as this debt-based economy matures. Surely, Congress must know what it is doing??

The incumbent Suzan DelBene has delivered rhetoric, not results for 4 years. She is a key part of the stagnant economic machine comprised of career millionaire politicians, who don't live like the rest of us or understand our problems.

We need new leaders now. We need smart, compassionate change. Let's work together locally to help change our nation for the better.

**Other Professional Experience:** Biochemist. R&D, Lung and Breast Cancer therapies. Developed new DNA extraction and purification method. My research disproved claims of a new form of DNA, helping redirect valuable research funding to other cancer laboratories.

**Education:** Biochemistry, Gonzaga University, Spokane WA.

**Community Service:** Veteran, US Air Force. Raised critical research money for Seattle Children's Hospital. Officer/Treasurer Scottish-American non-profit 501(c)3 organization. Awarded Grants to children.

**Statement:** Professional politicians are dividing Americans, between Left vs Right, Rich vs Poor, Black vs White. I will fight for everyone's Rights in the US Constitution and to limit the federal government's involvement into every aspect of our personal lives, including NSA spying on innocent Americans, which doctors we can or cannot go see, or allowing men into girls restrooms. Enough already, you're fired.

Meanwhile Congress is bankrupting the Country with their never-ending deficit spending on foreign aid, ever-increasing welfare programs and endless wars on drugs, poverty and terror. I will fight for a balanced budget and debt reduction so we don't pass on to our children a debt so large they will struggle to pay it back.

Like Ronald Reagan I consider myself a "Citizen Politician", having spent most of my life outside of politics. Like JF Kennedy I believe "Ask not what your Country can do for you. Ask what you can do for your Country." And like Martin Luther King JR. I believe we should "judge a man not by the color of his skin but by the content of his character."

A "rising tide lifts all boats". Lowering the tax burden on American companies to globally competitive rates will jump-start our economy, create jobs and lift wages. "Give a man a fish, feed him for a day. Teach a man to fish, feed him for life." Let's help those who need our help, not by giving them endless free stuff but by teaching them the necessary skills they need to become proud, productive members of our community, lowering deficit spending.

Secure our borders. Heal our sick veterans. 0% student loans. No freeway tolls. Only citizens can vote. Replace Obamacare. End the IRS, BLM, DOE, ATF. Jail corrupt politicians. Go Hawks.

**Education:** B.S. in Computer Science from Missouri S&T (then Missouri-Rolla), Masters in Business Administration from Webster University (St. Louis), and Masters in Systems Engineering from the University of Southern California.

**Community Service:** Works with youth at Bothell UMC, volunteers at Bothell Community Kitchen, Supports Boeing Employees Community Fund, Earth Day and environmental cleanup volunteer, assisted Engineers Without Borders Mt. Everest Biogas Project

**Statement:** Alex listens. He works with others to bring together contrasting ideas to get results. A team player, he's been recognized by his peers for his ability to bring balance to teams that would otherwise struggle.

Alex has lived around the country and experienced how things work in red, blue, and purple states. District 1 is representative of those diverse political, religious and racial backgrounds. Appreciating that a different worldview doesn't make someone an "idiot" or "bigot" has been lost in recent political discussion. We need people in office who can relate to the differences and respectfully move towards common ground.

Don't let Alex's lack of political experience be a deterrent; consider it an asset. An engineer by training, Alex analyzes problems in detail, develops solutions, and determines the best options. It's a crucial skill set that can only benefit our current political climate.

We need disciplined approaches to solve our country's most pressing issues. Balancing the budget, comprehensive tax reform, and healthcare all require tough decisions. It is clear the Washington process is broken. Extreme legislators from both sides of the aisle have not allowed real progress to be made on these and other critical issues. We need to consider solutions from the entire political spectrum, stop blaming the other party, roll up our sleeves, and get to work. If we truly want change, we need to vote differently. Neither party has shown the capability to address our problems. Let's focus on people that can get things done without the burden of party affiliation. Review my website. Read my stance on issues. Don't throw away your vote on the two options that created our political gridlock. Choose Alex Storms, a vote for solutions over partisanship.

**Elected Experience:** King County Sheriff, 1997-2005; US House of Representatives, 2005-Current

**Other Professional Experience:** Dave served in the US Air Force Reserve (1971-1976). Joined the King County Sheriff's Office in 1972. In 1997 became King County's first elected sheriff in 30 years

**Education:** Concordia Lutheran College, AA

**Community Service:** Served on King County's Domestic Violence Council. Board of Directors for Special Olympics of Washington. Founder of King County Violent Firearms Coalition. Former Member of King County Committee to End Homelessness. Founder of King County Sheriff's Police Activities League. Youth coach and counselor. Two time Washington Medal of Valor Recipient. National Sheriff of the Year.

**Statement: Leadership.** From the Sheriff's Office to Congress, I learned to stand up when others can't, speak up when others won't, and measure up when lives are on the line. Simply put, I believe in making things right. With better schools for our children, better health care for our families, a fairer tax code to create jobs, stronger laws that protect the vulnerable, and more secure borders that protect our nation.

**Integrity.** Too often public officials sacrifice personal honor and integrity to win and keep office. I never will, knowing we are better off when we pull together, and more united when we say to each other we refuse to compromise rights that make us unique, freedoms that make us strong, and values that make America that "shining city upon a hill". Do this, and we'll not only secure today, but also fight to ensure the many tomorrows our children and grandchildren will inherit.

**Service.** From the United States Air Force, to the King County Sheriff's Office, I witnessed everyday examples of selfless sacrifice, individuals who put others before themselves. That experience taught me what it means to have a servant's heart, honored by an opportunity to help, and driven to show the courage and humility it takes to get things done.

**Teamwork.** America needs a shot in the arm if it is to embrace the future as much as it commanded the past. That's why it's more critical than ever to replace partisanship with common purpose, and pettiness with principle. Instead of fighting each other, let's pull together, find common ground, and fight for America. Only then will we create a sounder economy, a stronger military, a more coherent foreign policy, and a more amazing nation where everyone, by working hard, has a chance to live the American Dream.

**Statement:** Free thinking Americans, with intelligence and imagination, are essential defenders of informed voting in our elections. Many, eligible to vote, stay home, if they have a home, by casting their vote, "none of above". Voting and privacy must be a right with no price. Do you agree?

We can replace lawmakers refusing to audit the military, deny the cost, while supporting endless wars. We can replace lawmakers who pamper the medical insurance industry, deny healthcare to the sick, diverting tax dollars. We can replace lawmakers awarding bank bail outs, ignoring the tragedy of usury fees. We can replace lawmakers giving tax breaks to big business not real job creators. It is the blood, sweat and tears of local owner operations that keep main street together. We can replace lawmakers blindly fast tracking sovereignty shredding global trade agreements.

We have the information and understanding to recall, review, reinvent national defense. War is not the answer. We want soldiers fluent in Medicine, Education, Transportation, etc. We have the information and understanding to the break the medical benefit stranglehold, that ties us to the job. The immediate expansion of single payer Medicare, *everybody in, nobody out*, provides for local governments, local farmers and families. I lament for the mothers, whose babies should be born into a lifetime of healthcare. We have the information and understanding to tax with authority, financial transactions. The shuffling of money for profit, does not trickle down. Nothing is more expensive than being poor.

We have a lot of assets, let us talk about them. Post Offices, Newspapers, Radio, TV, our 4th estate, will no longer be bought and sold. As planetary peacekeepers, our sacred charges, Mount Rainier, Lake Chelan and the Cascade Corridors, protected for posterity, from privatization. With grace and good fortune, we carry on. Amen.

**Statement:** I'm Tony Ventrella, candidate for Congress. I'm not a politician, nor do I aspire to be. After 27 years in local television, and then as online host for the Seattle Seahawks and Sounders FC, I'm seeking public office to continue an extensive history of serving people.

For the past 30 years, I served Washington's non-profit community tirelessly. As a former member of the U.S. Army and Army Reserves, I served this great country with pride. It's time to serve my country once again.

I'm just a citizen, like you, stepping up to help our nation move forward. I'm more concerned with listening to the people, rather than the big money interests groups who are splitting our country in half, slowing Congress to a halt.

If we want to see change in the world, we must be that change, and change in Congress starts with removing the influence of big money in our democracy. Only then can we address the other pressing issues of the district, and the country, ranging from climate change to immigration reform, from national security to saving social security, from building sustainable economies for future generations to guaranteeing our veterans receive the benefits they need when they need them.

Change does not come easy, it never has, but change is needed now more than ever. I plan to be an agent in bringing Congress together. We the people are disenchanted and tired of bickering between both sides. I pride myself on building bridges and will spend more time in office working for the people of this country and Washington's 8th Congressional District, than away fundraising for the next campaign.

This is supposed to be an election, after all, not an auction. Each individual vote carries the same value, and I respectfully ask for yours.

We deserve a Representative that will raise the minimum wage, stand for workers' rights; fight for equal rights, including equal pay for women, protect our environment, make college more affordable, and serve as a champion for our communities. We need to get this "do nothing" Congress back to work for the people!

I'm running for Congress to ensure that the opportunities that were available to me are available for all Americans. We see these opportunities slipping away. We have a Congress that failed to improve the economy for all Washingtonians. We have a Congress that subsidizes corporations and billionaires while watching incomes decline for ordinary Americans. We cannot afford more of the same over the next two years.

As a small business owner, I understand the needs, and know the value, that small businesses contribute to our community and the economy. Congress must take action to pass the Marketplace Fairness Act and enact other reforms that currently force thousands of Washington businesses to compete at a disadvantage.

We need a Representative that will advocate for every member of our diverse and growing community. We need a Representative that will address the security threats facing our nation. We need a Representative that promotes investment in clean, renewable energy and brings green jobs to our district.

I came to this country as a boy, speaking no English, and achieved the American dream. As an American citizen, I worked while attending college. My parents taught me, and my eight siblings, the values of hard work, integrity, responsibility, and importance of helping others.

I have the sole endorsement of the King County Democrats and endorsement from your elected officials across the district. I appreciate your vote.

Fairness includes: ranked choice voting; government and businesses serving the people (not the reverse); quality schools; fair free global trade; not ending analog tv prematurely; clean alternative energy sources; supporting our troops and veterans economically and financially; not starting the wars in Iraq and Afghanistan or bank bailout; immigration law enforcement focused on abusive employers; progressive tax system for higher incomes; universal healthcare; ProLife (exceptions: rape, incest, significant health risk); UN-focused world unity; ending tyrant judges unconstitutionally bench legislating**Statement:** Liars are destroying our Democracy and cheating to steal America. They've abused wealth to seize more wealth and power and obstruct opposition (an argument for progressive taxation). *They apply their double standards against you!*

Liars get into elected office to make all elected offices their entitlements and become internal domestic terrorists (example: sabotaging transportation). They oppose entitlements for everyone else, but for themselves they want big entitlements (welfare) such as lifelong government jobs and salaries, government provided healthcare and other benefits, and taxpayer funded payoffs for their cronies. They provide government disservice then rig elections to stay in office. This is why the system is broken. They and their cronies are intentionally violating and breaking the system to maintain abusive control and block your voice. Liars' biggest problem: Not everyone is dishonest nor can be bribed, intimidated, scared, or terrorized.

Jobs will come from an economy based on fairness, not one based on entitlements for the top few only.

Note their election sabotage. Destroying the ballots of and denying registration to their opposition supporters. When in office, ignoring true ethics and creating false ethics and rules to keep opponents from running or voting against them. Parties splitting the votes for opposing ideologies by planting stooge candidates who claim to support the ideology of opposing parties and independents. Across America in any election, if all the party and independent ideologies have more than one candidate but one party's ideology has only one candidate, then that's a strong indication that political party is doing all the election planting, rigging, and sabotaging.

We must *demand* fairness! I will *demand* fairness as stated above in my Community Service.I will make the fair choice, not the extreme right, extreme left, Republican, nor Democrat choice. If they disapprove, I could *not* care less.

**Statement:** I grew up in the city of SeaTac, and have lived my entire life in the 9th District. This district is a tremendously diverse community that values hard work, and I am very proud to represent it. My wife Sara and I live in the 9th and raise our two children here, where they both attend public schools. As a Prosecutor, State Senator, Congressman, and member of our community, I live the values my parents taught—integrity, hard work, and respect for our community.

Working class families, like the one I grew up in, do not have the same opportunities as previous generations. This must change. That's why I'm focused on strengthening the middle class, fighting for civil rights and equity, and investing in our future. We need strong, experienced leadership to find solutions to the challenges we face.

I remain absolutely committed to working hard to find solutions to make our district better for all. We must grow from the middle out, ensure there are more living wage jobs available, and make sure we continue to strive toward equity and equality for all. As the top-ranked Democrat on the Armed Services Committee, I have always worked hard to make sure that our servicemembers and their families, many of whom live in the 9th District, receive the support they need and deserve.

I work hard every day to make sure every person in our district has access to the best this country has to offer; not only because it's the right thing to do, but also because this is my home—it's personal to me, just like the prosperity of our community is personal to you.

**Statement:** I'm Jesse Wineberry and I'm running for Congress because now more than ever, we need a progressive new voice for the "New 9th" Congressional District. The "New 9th" was created by law as Washington's only district in which the majority of the residents are people of color, giving us the opportunity to elect Washington's first Democrat of color to Congress.

The billionaire special interests have had their voice in Congress for the last 20 years. The "New 9th" deserves a progressive new voice who will fight for all of us. Thanks to Mrs. Josephine Stokes, my 2nd grade teacher who corrected a lisp in my speech in elementary school, I've been able to be a voice for the voiceless my entire live.

I'm an early Bernie Sanders caucus supporter, and the only candidate who brings to Congress a decade of proven leadership in the House of Representatives, where I sponsored hundreds of legislation for the elderly, environment, income equality, education, clean energy and equal rights for all.

In Congress, I'll speak out against the "War of Hate" being waged against Mexicans, Muslims, Asians and other minorities. I'll fight to raise the minimum wage; pass paid family-medical leave, enact equal pay for equal work for women; save Social Security, protect credit unions, create tuition-free college education, pass the Dream Act, enact Universal Health care, expand veterans' benefits and pass comprehensive immigration laws.

I'm proud to have the support of Ministers, Labor leaders, Democrats, Veterans, Republicans and Independents including Rev. Jesse Jackson, Dr. Samuel McKinney, Seattle City Council President Bruce Harrell, Renton City Councilmember Ed Prince, Pastor Casey Treat and Sonya Freeman, wife of former State Representative Roger Freeman.

The "New 9th " deserves New representation. I ask for your Vote and I can't wait to be your Voice in Congress!

**Community Service:** Donor to Union Gospel Mission, Red Cross, Doctors without Borders, Goodwill

**Statement:** The biggest issue in the 9th and across America, is income inequality. Workers' pay has stagnated for decades. The "middle class" is broken. Our buying power is equivalent to 1980.

Big corporations tout the need to improve productivity, streamline, and reduce inefficiencies. We all need to remember what this language often hides: "Inefficiencies" are *people*. And the savings from making such cuts, are usually ferreted away to a few executives at the top. In line with Bernie Sanders' ideas, we will change this.

Campaign photos of yourself in a hardhat at a factory, and stories of your dad working at the airport, do not make you a champion of labor. The incumbent has defended the failing status quo, trusting business against labor. He supported fast track TPA and multiple trade agreements like TPP. I am with Labor every step of the way.

We live in my favorite place. Nature's beauty, and our local can-do spirit is why I will always call Seattle home. I live in north Beacon Hill. My wonderful neighborhood is culturally and income diverse. The 9th is home to the world's greatest wealth. There is no excuse for our failure to assist the dispossessed in our midst. Where can a solution to poverty be found, if not here? We can and will.

Community safety, infrastructure, Transportation, Arts & Parks are priorities. My first acts when elected: Thank Bernie for waking us up; Then I will introduce a bill to grant amnesty to one of America's greatest heroes: Edward Snowden. We owe him much, and he should be home. He is a brilliant technician, with a patriotic appreciation for the values of the Constitution. That's who I want working for NSA. The revolution is under way!

Doug is committed to reduce the national debt. Our debt has grown so large that if interest rates were to go up to 4% the entire tax revenue could be consumed just paying the interest.

Doug is focused on building a strong, job creating economy, by creating an environment where businesses choose America and Washington State first. He will work to reform taxes so that you can keep more of your hard earned wages.

Doug Basler is absolutely determined to listen to you and to represent you faithfully in Congress, not the special interests or out of state donors. **Statement:** The thoughts and values our founding fathers used to form our Constitution are equally as good for us as it was for them; technology has changed our world but the hopes and dreams of each individual remain firmly rooted in equal opportunity provided through individual freedom. Just as our forefathers cast off the heavy weight of the English crown we must reverse a growing federal government that imposes its will upon local governments and individuals, replacing freedom with regulation and diversity with conformity.

I believe that every individual and each party has valuable contributing ideals and beliefs for the betterment of our country. Like a Constitutionalist I believe in the core philosophies that are within our founding documents and form our Constitution as it is written. Like a Libertarian I believe that we should accept responsibility and therefore the consequences of the choices we freely make. Like a Democrat I am deeply concerned for the welfare of others as well as for our environment. Like a Socialist I am not opposed to governmental management of our nonrenewable natural resources. Like a Republican I believe in responsible spending as well as empowering diverse state and local governments. Ultimately I believe that the federal government should be the least of our governing bodies, it should restrict itself to ensuring the common defense of each US citizen and guaranteeing equal opportunity for all people who are and seek to be citizens of this country in education and business, today and tomorrow. This means that we must have a strong national defense that is supported by an unequalled interstate infrastructure and unbreakable international network. It means that we must establish self-control today to ensure future generations have access to freely seek opportunities without the burden of national debt and loss of resources.

**Elected Experience:** Goodspaceguy was elected to leadership in various fun, social organizations.

**Other Professional Experience:** Benefiting from shared-living, Minnesota-born, amateur economist, investor, and do-it-yourselfer Goodspaceguy has become prosperous.

**Education:** Being university educated in business, economics and other subjects in Germany, Sweden, and America, has given Goodspaceguy a worldview.

**Community Service:** Traveling with our Sun inside our Milky Way Galaxy, amateur astronomer Goodspaceguy thinks of our Earth as our "Spaceship Earth." Former Boy Scout Goodspaceguy tries to improve our Spaceship Earth in simple ways: like picking up litter and helping here and there. Professional amateur Goodspaceguy is a Generalist.

**Statement:** Thank you to my more than 55,000 friends who voted for me, Goodspaceguy, in 2015. In our democracy, we, the people, build our living standard. We should now stop building the poverty-inducing welfare state, and we should resume building our competitive, free market.

How? Stop voting for the big spenders who become the big taxers and growers of enormous, stifling government that leads to high rents and high prices. Instead, vote for the small spenders so that the competitive, free market segment of our economy can profitably grow and hire more producers. Also, study economics, which tells us how to operate our prosperity, movie, and poetry producing free market.

Unemployed people should reclaim the right to sell their own labor at bargain rates. Because the minimum wage prevents some people from getting work, abolish the minimum wage. The minimum wage shrinks our exchange economy, destroys jobs, increases crime, and increases homelessness. The minimum wage is a tool of force of the always-out-of-balance, evil command-economy.

Defend the right of even losers and slackers to enter the work force and raise the living standard by selling their labor at their low market value. Low loser wages will allow even criminals to get legal jobs. We need their help. As losers work, many will learn and improve their skills and earning power. They will help produce more and more goods and services ... thus raising the living standard at lower, but profitable prices. Let's turn losers and criminals and welfare recipients into productive workers. Jobs reduce crime and panhandling. Let's activate the power of the market place to turn losers and criminals into winners in a low cost, low stress, free-parking, Washington State of beautiful sky homes. Let's build a free market Utopia.

**Elected Experience:** No information submitted.

**Other Professional Experience:** My appreciation of the benefits from public transit was fostered by commuting primarily by bus during my last 15 years at Boeing. After retiring I traveled extensively throughout UK and Europe where I experienced how transit works in London and all the major cities in Europe. Last year I "experienced" subways in New York and Toronto. Unfortunately Sound Transit refuses to recognize the limits imposed on light rail by the Seattle tunnel prevent the Prop 1 extensions from ever having the capacity needed to replicate those transit systems.

**Education:** BS (1961), MS (1962), Engineering, Iowa State University

**Community Service:** No information submitted.

**Statement:** My candidacy is an attempt to emulate the little girl in the Hans Christian Anderson fable telling the villagers the "King has no clothes". That contrary to what the "weavers" (Sound Transit and WSDOT) and the "wise men" (the media, city councils, many legislators, and others) tell the "villagers" (the rest of us) light rail is no "magic carpet". That, unlike BART, the Seattle tunnel limits light rail capacity to the point where none of the Prop 1 extensions will have the capacity needed to significantly reduce the area's congestion.

It's the culmination of an effort that began more than 7 years ago to expose the fantasy in the Sound Transit/WSDOT East Link 2008 DEIS. It's evolved into critiques of all of Sound Transit's Prop 1 light rail extensions and their failure to address the area's congestion problems. The ST3 vote this fall for projects that don't begin until 2023 "suggests" Sound Transit needs the funds for Prop 1 despite claims to the contrary. Rejecting ST3 may force Sound Transit to "reconsider" the extensions. My goal is to convince the "villagers" to do just that.

I urge voters from throughout the state who care about congestion to visit my blog <http://stopeastlinknow.blogspot.com>. Since its inception the more than 300 posts have attracted more than 34,000 page views without a single serious rebuttal. The posts opine not only about the ST/WSDOT "weavers" but the "wise men" who, if not cheering them on, have quietly acquiesced.

They provide details as to why the current Prop 1 extensions won't work and how for a fraction of the time and money BRT could provide public transit that allows far more commuters to leave their cars near where they "live" rather than where they "work", reducing congestion for everyone.

**Elected Experience:** None.

**Other Professional Experience:** None

**Education:** Experience as an industrial worker facing grinding economic depression conditions from capitalism's deepening crisis.

**Community Service:** Chair, Washington Socialist Workers Party. Fights for labor solidarity, Black rights, women's equality, and defense of the Cuban Revolution, an example for working people. Organized solidarity for the International Longshore Workers Union locked out by EGT in Longview, backs organizing efforts by farmworkers in Skagit Valley. I grew up in a military family and lived in the Jim Crow south, fighting racist discrimination. I protested U.S. wars in Vietnam, Iraq and Afghanistan. I support a woman's right to choose abortion.

**Statement:** Capitalism is in crisis. The Democratic and Republican Party candidates seek to rescue the bosses from their deepening economic, social, moral crisis. I say working people need to overthrow the dog-eat-dog capitalist system and take political power.

The ruling capitalist families use Washington's economic and military forces to protect their investments and interests abroad. The Socialist Workers Party speaks out against Washington's imperialist wars — from Iraq, Afghanistan to Syria.

The SWP strives to advance class-consciousness and self-confidence of workers as we fight together. We fight within the ranks of labor to transform our unions into effective fighting instruments. We're part of the fight for \$15 and a union; for a government-funded public works program to create jobs and build schools, hospitals, childcare and recreation centers, replace crumbling infrastructure and pipes filled with lead laced water our children drink, and other things working people need; the fight against Puerto Rico's colonial status; for free medical care for all; to fight against deportations of immigrant workers; to defend a women's right to abortion; to demand cops who kill or brutalize working people are prosecuted.

We back the effort to free Dwight and Steven Hammond, Oregon ranchers framed on trumped-up arson charges. We demand the arrest of FBI and Oregon cops who killed Robert LaVoy Finicum, a rancher who occupied the Malheur National Wildlife Refuge to protest the Hammonds imprisonment.

As Malcolm X said, workers "find their self-worth" through these struggles, becoming capable of changing the world. The Cuban Revolution is an example of this for working people. End Washington's economic embargo against Cuba!

Join the fight to overturn the dictatorship of capital, build a new society based on human solidarity and join the worldwide fight for socialism — a life truly worth living.

**Elected Experience:** I have not previously run for office.

**Other Professional Experience:** Founded first company in college to develop CRM and later auction software. Sold it in 2001. Cofounded second company in 2000. Like LendingTree, but for business and commercial real-estate loans. Focused on consulting recently to spend time with my children.

**Education:** Graduated from The Wharton School at the University of Pennsylvania with dual concentrations in Entrepreneurial Management and Information Systems, 1996.

**Community Service:** Coached startups and nonprofits for competition for socially-oriented companies. Volunteered with Sierra Club for coal export terminal hearings. Six years as President of neighborhood HOA. PTA Dad!

**Statement:** I am running for Governor because I no longer have any faith that the other candidates (or the parties themselves) have both the courage and the heart to truly solve the challenges faced by this State.

Washington has the most regressive tax structure in the nation, which disproportionately hurts low-income residents and causes State revenue to plummet during a recession. Education and mental health are woefully underfunded. The current education funding method creates significant differences in school quality, leading to continued income disparity. Neither candidate has a plan to address these issues, nor has an attempt even been made by either party!

To fully fund education and other programs, we need an income tax and capital gains tax on upper-income residents. This will provide more stable revenue and enable us to lower the sales tax to help low-income residents. We also need to raise the minimum wage. No one who works full-time should be unable to meet their basic needs.

I am a treehugger. But instead of getting distracted by an idealistic carbon tax, I will focus on issues that directly impact residents, such as poisoning of our air, land and waterways. Despite our environmental image, the federal EPA actually admonished the State for not setting a reasonable standard for polluting salmon-bearing streams!

Other priorities include providing free access to (taxpayer-owned) State Parks and reforming drug laws to treat drugs as a public health issue, not a criminal issue -- which only leads to violence and racially-disproportionate mass incarceration. To ensure proper representation for all citizens, particularly minorities, local governments should move away from at-large voting to geographically-defined districts.

I live in Snohomish County in Bothell with my wife, two dogs and two children. I respectfully ask for your support.

It is one of the finest in the country. It shows me that unions and management can live in harmony and provide superior customer service and power at a reasonable price compared to for profit utilities.

I have also learned about being able to raise a family and buy a home with a union job and the benefits a union provides. I would like to see my children Emily and Keenan able to prosper in our state like I have. As governor I will represent the people first and always and won't forget who I work for.

The environment, education, human rights, economic justice and freedoms that are important to Washingtonians are necessary to a future where we can all coexist and have a balance that has been lacking economically and socially. We have been sacrificing for too long so those few at the top can get a few more breaks that they don't need but have the political clout to get in our system.

As a 4th generation resident of our great state I will be honored to represent everyone. I have been motivated by recent events to get involved and show that because our country was built by normal everyday people that everyday people can still get involved in state government and make a difference!

**Statement:** Like thousands of Washingtonians, my parents were sacrificed on the altar of today's cancer medicine. Inspired to help similarly misguided patients, I mindfully litigated for many years in Washington and Federal jurisdictions to change outdated medical standards.

During the 2008 gubernatorial campaign, my holistic message was well received: *"The best speaker of the evening - judging from audience reactions - was Christian Pierre Joubert who is running for Governor. His issues were health and prosperity but it was how he spoke to us that got us with him in just two minutes"* (Northwest Citizen Journal).

On election day, I was surprised to see that *my holistic platform emerged as the third political force of the State.*

In 2012, I followed up with a better holistic program and publicly debated governor Jay Inslee (at Seattle's Stranger newspaper). The subsequent events showed that my program was the most relevant one.

However, Washington's mainstream media silenced my holistic program while the Republican-Democratic legislature *unconstitutionally blocked the State's printed primary voters pamphlet funding. Likewise in 2016.*

I was therefore inspired to create *a new Consciousness movement, the Holistic Party, as a unifying tool to restore the People's wholeness, basic needs, informed consent & political sovereignty. As the Nation's first Holistic Governor, I would thus promote holistically-inspired executive orders, regulations and nominations that would reverse chronic stress, diseases, corruption, pollution, debt, bureaucracy & plutocracy by over 80 percent within 4 years, thanks to which the State will have enough resources to ensure equal access to wellbeing, prosperity & justice. We will also build a magnificent "New Era" Statue of Holistic Responsibility and to offer all Washingtonians a joyful one week "health-spa vacation" each year. See holisticparty.org for the evidence that supports Holistic Governance as the ultimate remedy to today's failed politics.*

**Statement:** Amend the Washington Constitution: Prohibit any income tax on the bottom 90%. Require an income tax on the top 10%. Fully fund education. Establish single payer health care, eliminating deductibles, as Colorado is doing. Phase in a \$15 minimum wage. Capitalism must work for all. Eliminate traffic congestion: Take half the solo drivers off the roads, cut greenhouse gasses, with a statewide, UberX cell driven, ride sharing and door to door van service. Vans would carry you to and from home, transit centers, work, ferries, car rental, school, shopping, and soccer practice, connecting our disconnected, wasteful, transit system, making transit faster than driving. Price vans by the mile to break even. Vans will fill up, especially at night, will be more secure, will feed passengers to buses and trains, increasing ridership and revenues, freeing up money to complete light rail. A six passenger van equal five cars off the roads. Sell one car and save \$724 per month. Owning a car will be optional. Enact a gasoline tax to complete light rail within six years. Establish a Washington State Bank, like the profitable North Dakota bank. Foment investment. Reduce the cost of bond borrowing. Make Washington an organic state. Ban salmon killing carcinogenic Roundup. Farmers will prosper selling organic products worldwide. Stop adding lead leaching, toxic waste fluoride filth to water. Ban mercury vaccines. Ban coal trains for littering mercury coal dust, oil trains as unreasonably dangerous. House the homeless, the right thing to do, cheaper than alternatives. Treat addiction as a health problem. Build gigabyte internet as Mount Vernon is doing. I am a green, progressive, New Deal Democrat, unlike the many elected Wall Street Democrats. My scientific and legal knowledge and goals are more important than my opponents' experience at maintaining the status quo.

We've created over 250,000 jobs, been recognized as the nation's best economy by Business Insider and seen the lowest unemployment rate since 2008.

When tragedy struck, we reopened the Skagit River I-5 Bridge in 27 days. We worked with courageous people devastated by the Oso slide, comforting victims and rebuilding communities. We took action to assist those impacted by wildfires in Central and Eastern Washington.

As a state we need to give our children access to a world-class education in an economy that demands new skills - I'm confident we can do this. Every child now has access to all-day kindergarten, we have smaller class sizes in early grades, and better paid and trained teachers. And we made an unprecedented tuition cut at all public colleges and universities across Washington.

We know we need big improvements in our transportation system. That's why I was adamant the legislature pass a bipartisan package that creates 200,000 jobs, repairs bridges, creates new lanes, expands bus service and opens the door to expanding light rail. While it will not fix everything overnight, it puts us on the right path while we address bottlenecks and find practical solutions.

When it comes to basic Washington values, we will not waiver. We'll protect children from the ravages of carbon pollution that cause asthma and climate change. We will work for an economy that builds a stronger middle class by raising the minimum wage, ensuring paid sick leave and advancing policies that allow working families to thrive.

I'm proud of our progress. With your vote, I'm confident we can harness our state's unique innovative spirit, and build a stronger economy and more prosperous future for every Washingtonian.

**Statement:** I listen, and I've heard loud and clear what people want. They want a government that cares about them. They want a governor who is effective -- a unifier, not a career politician. They want a governor who will scrutinize programs, fix broken bureaucracies, respect our tax dollars. They want a governor who will focus on children learning, traffic moving, prisons working; on controlling taxes and protecting our environment.

My background is in business. I built a company that operates on both sides of the mountains, that helps Washington's farmers export their crops. I pull people together and fix problems.

As an elected King Co/Seattle port commissioner, I cut taxes without sacrificing services; helped transform government to defend middle class jobs; focused on tourism, transportation, reducing air and water pollution and restoring habitat. I was recognized for taking on 'crony capitalism'.

Here's what I'll do as your governor: 1. Give every kid an equal chance to get ahead by funding and innovating schools. 2. Reinvent high school by including pre-apprenticeships for those not college-bound. 3. Reduce traffic jams by emphasizing capacity, better roads and efficient transit. 4. Rebuild the state budget from zero, reexamining every agency, tax incentive and program. 5. Put a moratorium on new regulations until current ones are justified or eliminated. 6. Preserve working farms and forests; restore salmon, steelhead and orca populations.

My agenda isn't ideological, it's not partisan. It's about us, pulling together, so people can get good jobs here, afford houses, raise families and retire here in this natural beauty we all love and want to protect.

Imagine a governor who works with both Republicans and Democrats, who makes government better, not bigger. It's time government listened. It's time we pull together and start getting stuff done. It's time.

**Elected Experience:** Steve Hobbs has served in the State Senate for 10 years, fighting to fully fund public education, grow the economy, address social and economic inequality – while promoting a civil dialogue and working across party lines in the legislature to bring about bipartisan solutions.

**Other Professional Experience:** 27 years of service in the Army and National Guard; deployed to Kosovo and Iraq; currently is Commander of Joint Forces Headquarters Washington Army National Guard.

**Education:** Steve worked his way through college, earning his Associate degree from Everett Community College and his Masters of Public Administration from the University of Washington.

**Community Service:** Rotary, American Legion, Nisei Veterans Committee.

**Statement:** Steve has dedicated his life to public service, including over twenty years of military service. He’s running for Lieutenant Governor to continue his fight to fully fund the public schools his three children attend, grow the state economy and champion accountability and results in state government. As chief Democratic negotiator on the Senate Transportation Committee, Steve worked across party lines to pass the first transportation package in over a decade.

In addition to presiding over the Senate, the Lieutenant Governor leads the state government when the Governor is unavailable. The Lieutenant Governor initially led emergency response during the Oso landslide and last year’s devastating fires. As a commander in the Army National Guard, *Steve Hobbs is the only candidate with firsthand experience in emergency management.*

“Steve Hobbs has the experience, training and judgment needed to support the Governor in times of crisis and to provide decisive leadership when serving as acting Governor,” said former Washington National Guard Major General (Ret.) Tim Lowenberg.

Endorsed by unions including State Troopers Association, State Building Trades, Public School Employees and Governor Gary Locke. Supported by Washington businesses including Boeing, Microsoft and Weyerhaeuser. Steve, his wife Pam and their three boys live in Snohomish County.

**Other Professional Experience:** Washington State Association of Counties, President (first woman); The Evergreen State College, Adjunct Faculty, Master of Public Administration Program. Leader of state international friendship and trade delegations to Asia.

**Education:** University of Washington: BA and Master of Public Administration; Yale University Summer Language Institute; Roosevelt High School, Seattle.

**Community Service:** Boy Scouts of America, Tumwater Council, former Vice President and Treasurer; Washington-Hyogo (Japan) Sister State 50th Anniversary Celebration, Chair; Nisqually River Basin Task Force.

**Statement:** Experience matters.

Karen Fraser is the only candidate with extensive state, city, and county government, and state level international relations experience. A six-term State Senator, she has been a major, progressive leader for budget, policy, parliamentary debate, and Senate administration. She was a Thurston County Commissioner, the first woman President of the Washington State Association of Counties, and the first woman Mayor of Lacey.

She would become the first woman Lt. Governor---achieving better representation of our population. She will not seek higher office, and will focus on doing this job well. Presiding over the Senate is the top duty of the Lt. Governor. She would be a leader to promote civility, respect, and ethics. Her top priority: promote prosperity that benefits every person in the state. This includes: social and economic justice for all, family wage jobs, fully funding K-12 needs, reducing student debt, achieving clean air and water, addressing climate change, investing in infrastructure, assuring a safety net for the vulnerable, and assuring that government works FOR the people.

**Endorsements:** three former Senate Presidents Pro Tem, labor unions, Democratic groups, progressive organizations, WA Women's Political Caucus, over 40 current and former legislators and statewide officials.

**Statement:** Today Washington is faced with difficult issues that did not occur over night. Due to lack of vision its time for change, change filled with critical thinking and new ideas to move Washington forward.

Where others see dead ends I see opportunities such as joining education with business and industry to assist in training our young adults for the journey in to adulthood and closing the education, earnings, and racial gaps so that all in Washington can rise together and soften the burden on the tax payers who work so hard to get ahead.

Grid continues to plague our roadways, poor management and cost overruns impacting our economy and productivity, it is time to take control and turn that around. Tax payers deserve better representation!

As Lt. Governor you can be assured that I will remain accessible and respectful and work hard every day to bring good ideas, transparency, accountability, and common sense to state government. The time is now to take action and take advantage of the opportunities that are in front of us. You deserve so much more from government, through me you will take charge. **Statement:** Every sports fan knows that a referee can't call a fair game if they are working for one of the teams. As a member of neither the Republican nor Democratic Parties, I am uniquely qualified to be the most practical and impartial 'referee' in the Lieutenant Governor's role as Senate President. As someone that doesn't accept donations from big money special interests, I am likewise best suited to carry out the duties of Rules Committee Chair. Only a 'gatekeeper' that isn't beholden to those special interests can ensure the voice of the people is heard in the Senate.

As your Lieutenant Governor, my primary function will be to ensure that legislation beneficial to the people sees the light of day, that legislation is fairly debated and that legislation favored by corporate interests doesn't get preferential treatment.

My criteria for appointing committee members will be how well they have supported legislation that benefits the people over corporate interests. I believe that civil and economic liberty provide maximum prosperity and happiness in a society.

We need to make the legislative process more accessible to the citizens. I'm asking for your support and your vote. Let's make a positive change together.

**Education:** No information submitted

**Community Service:** No information submitted

**Statement:** I have been a gun shop owner in Tacoma, WA for over 10 years. I know first hand how regulations hurt small business. We need to free business from unnecessary, unproductive burdens and get back to the basics. A good economy is good for everyone, so let's tax at a lower rate, developing more income with less resistance.

I support your Second Amendment rights. I believe any non felon U.S. Citizen should be able to purchase and bear firearms with minimal government interference. I support a five year minimum sentence for "theft of a firearm" or a "convicted felon in possession of a firearm". This would stop a lot of crime.

I oppose a state income tax, I oppose a state carbon tax. I don't like light rail. Buses are a better way to go. Buses are more versatile than rail, providing flexible routing and re-routing.

I don't like career politicians. Government service should not be a lifetime job. I want to be your Lt. Governor to make a difference, and show what a working man can do with common sense. As a long time community volunteer, I have a proven track record of working with people of all backgrounds to create positive change here in Washington.

In my profession, I have observed more and more people finding it difficult to access the American Dream whether it is saving for college, achieving homeownership, or starting a small business. I am running for Lieutenant Governor to help my fellow Washingtonians achieve these goals.

I want to bring a modern approach in new thinking to our state government that will lead to more investment in high quality public education, reduce taxes on small businesses, and cut unnecessary regulations that impact job growth. I want homeownership to be available for everyone. As a woman who has overcome professional obstacles, I am committed to eliminating the wage gap between men and women in our state. I am 100% pro-choice.

As Lieutenant Governor, I will work with legislators on both parties to build bipartisan support around positioning Washington State to become a leading example of business prosperity and high quality education nationally.

In the State Senate, I've worked to fund schools and reduce college tuition. I've fought to expand access to contraception, protect reproductive rights, and expand paid sick leave. I reached across the aisle to pass landmark transportation investments. I'll bring my proven record and an entrepreneurial approach to make the office of Lieutenant Governor more relevant, championing quality public education, environmental protection, and new jobs.

The Lieutenant Governor presides over the State Senate; as the only attorney in this race and a law professor who teaches legislative procedure, I'll ensure we save time and money by opposing budgets that violate the Constitution by shortchanging public schools. When the Legislature fails our kids, we all lose. Let's make government work for all of us.

**Community Experience:** Member, State Council on Aging; Board of Directors, Tahoma Audubon Society; 2015 U.S. Open Task Force; Board Member, The Grand Cinema; Speaker, The White House Conference on Global Climate Change.

**Statement:** Javier Figueroa will use his 35 years of business experience to support economic development throughout Washington by implementing best practices in business incubation because for every public dollar spent on incubators, the community's return-on-investment is nearly \$30. This is especially important for veterans, like Figueroa, as well as new college graduates and members of traditionally disenfranchised communities who simply want an opportunity to pursue the American dream.

Figueroa believes economic growth must be balanced with its environmental impact. He will use his expertise in climate change and energy sustainability to preserve the natural resources that are so important to the people of Washington.

As a naturalized citizen, Figueroa will advocate for quality education for all children because he knows personally of its transformative powers. He will continue to push for stronger elder abuse protections as he has done while serving on Governor Inslee's State Council on Aging.

As a business arbitrator for 21 years, Figueroa brings an important skill set to the Lt. Governor's office. He will bridge different political viewpoints to keep everyone moving forward. He believes this is what is needed from government today-less gridlock and more progress to address the needs of *all* Washingtonians.

A successful high-tech businesswoman, Tina is qualified to champion neglected reforms to support Washington businesses and safeguard our tax dollars. She will invest responsibly in a voting system that works for everyone, not a particular political party.

Washington used to be a leader in elections. But under the current Secretary of State *voter participation has declined* to a record low of 38%, with over one million eligible citizens still unregistered. Like many partisan Republicans, the incumbent has routinely opposed the Washington Voting Rights Act and other voting innovations like Election Day registration and pre-registration for 16 and 17 year olds. Washington is a national leader, with more registered voters than at any time in state history.

With another four years I will continue working hard with county auditors and election advocates to modernize and secure our voter registration and election systems, increase voter participation, and continue to increase accessibility to the State Library and Archives. I will continue to advocate for underserved people - military service members and those with special needs, promote civics education, and provide transparent government. Most importantly, it will continue to be my paramount duty to maintain the nonpartisan integrity and citizen-oriented philosophy of the office.

I am proud to be endorsed by all former Secretaries of State and over 50 county auditors and elections directors - including Democrats, Republicans and Independents. They know the job and share my passion for accurate elections and preserving our state's legacy.

**Statement:** Our political system is deeply broken, and is in need of reform to bring more fairness, honesty, and community back. Political parties have too much power. Too many politicians forget that public office is a service, not a career.

I come from a family of service in local, state, and federal government. To me, service isn't about what you get out of the system, but a solemn sacrifice. As a Navy veteran, I put my life on the line for our voting rights. In 2013, I stepped into a classroom filled with 21 struggling programming students. Together we caught up and got so far ahead that I had to create more curriculum. I'm proud to have upheld my family's tradition of service.

I'm running third party to respectfully remind the Big Two Parties that they need to put the people before party politics. I refuse corporate donations and special interest money. I represent political party reform, electoral college reform, and election reform.

He was a graduate student at the University of Washington and completed the Senior Executives in State and Local Government program at Harvard University.**Community Service:** Marko has volunteered for numerous non-profit organizations, he's currently a board member of the Transportation Choices Coalition and the Seattle Repertory Theater.**Statement:** Our next Treasurer must ensure that tax dollars are wisely managed, but we need someone who will also stand up for struggling middle class families. Senator Marko Liias is the trusted leader who will ensure that our families have someone looking out for our bottom line--and the state's bottom line.

Marko was an architect of the bi-partisan transportation package which is generating billions in new investments all over Washington--investments that must be carefully managed by our next Treasurer. Still repaying student loans, Marko understands the crisis of student debt that's threatening families everywhere. He's committed to crafting a student loan refinancing program to help graduates save thousands on interest.

Marko knows the struggles facing families across Washington. During the recession, Marko's family lost their small business and his parents lost the nest egg they were counting on for retirement. We can trust him to fight for retirement security for our families while standing up to Wall Street to get taxpayers the best deal for our state's investments.

He is endorsed by nearly every county treasurer in the state, including both Democrats and Republicans. The most trusted leaders in our state have endorsed Duane: former Governor Dan Evans, Secretary of State Kim Wyman and former Secretary of State Sam Reed among others.

The incumbent state Treasurer has used his office to push for a state income tax. Duane Davidson believes the State Treasurer should be above partisan politics, he'll never use this office to promote an income tax or other agenda. He will defend the interests of taxpayers and always keep the state government accountable for how it invests our tax dollars.

*No one is better qualified to serve as State Treasurer.* Duane leads the county treasurers' association, his office has innovated nationally recognized efforts to save taxpayer money and improve government openness and accountability. He's established an investment pool that manages hundreds of millions of taxpayer dollars. *There's a big difference between safeguarding taxpayer money and managing personal investments, Duane knows the difference.*

**Community Service:** Sexual Assault Center of Pierce County, Emeritus; United Way of Pierce County; Received awards for land conservation, open government, and access to justice.

**Statement:** I am the only candidate for State Auditor with proven executive leadership experience. I have always served the public with honesty and integrity during my 25 years of local government service. *It's why I was named the 2005 County Auditor of the Year by the Secretary of State, and it's why I've been endorsed by many County Auditors on both sides of the Cascades!*

**Trusted:** I have an unmatched understanding of public records and public money. It's why I've been endorsed by Chris Gregoire and Norm Dicks; County Executives Dow Constantine, Ron Sims, and Bob Drewel; National Women's Political Caucus; AFSCME/WSCCCE Council 2; and many other leaders listed on my website.

**Tested:** Restoring public confidence in the State Auditor's office won't be an easy job. I served as County Auditor during the 2004 gubernatorial recount, and I led the statewide effort to restore public confidence in our elections system. I led Pierce County through the Great Recession and stood up against elected officials who abused the public's trust.

**Transparent:** My office received the Key Award from the Washington Coalition for Open Government for refreshing recordkeeping for the digital age. Government must be accountable to the public it serves.

**Community Service:** Washington Citizens Action, AARP Fraud, Numerous pro-bono church audits and examinations.

**Statement:** I am not a career politician. In fact this is the first time I have ever run for office. What I am is an auditing, accounting, and fraud examination professional who has over thirty years of experience behind him. In my practice I work as a forensic accountant, fraud examiner and financial investigator. I have worked closely with law enforcement, both local and Federal, industry, labor unions, government, and individuals. As a very experienced audit manager I strongly believe that my skills and experience are ideally suited to the needs and requirements of the Washington State Auditors' Office. As has been said on many occasions, *"There is no substitute for experience."* I have that experience.

Recent events have taken their toll on the State Auditors' Office. One of my primary goals as State Auditor will be to restore the integrity and professionalism that had made it one of the most respected state auditing agencies in the United States. In so doing the State Auditors' Office will again provide the citizens of Washington with the vigilant oversight that will ensure their tax dollars are not wasted but used in the most efficient and economically responsible manner possible.

**Community Service:** Federal Way Boys and Girls Club Board; Lake Dolloff PTA VP; FW Community Caregiving Network Board President serving meals to the needy and housing homeless women with children.

**Statement:** Our state needs a passionate, skilled State Auditor who will hold all government agencies accountable to Washingtonians. As the only candidate who's audited, reviewed, and improved businesses, hospitals, government agencies, nonprofits, and colleges, I'm able to lead the embattled State Auditor's Office and get results on day one.

We've seen the terrible headlines of mismanaged and failing government agencies--ineffective homelessness programs that increase homelessness and crime, prisoners escaping mental hospitals, state employees injured, prison inmates released early, and a Transportation Department creating gridlock on our roads. We can and must do better!

I've spent my life in both the public and private sector championing efficient, effective and ethical government; justice for the most vulnerable; and increasing public trust. Every dollar government wastes means fewer resources in the classroom or for those in need, and more pressure to raise taxes. As State Auditor, I will use performance audits to ensure all our governments become good stewards of your tax dollars, achieve real results, and earn your trust!

We deserve the most efficient, effective, and ethical government. We can't afford to elect someone to this critical office who has zero experience. *Elect an accomplished auditor—elect Mark Miloscia for State Auditor!*

**Elected Experience:** Lawyer for whistleblowers, devoted husband and father, son of Auschwitz survivor, community leader. Jeff has never sought political office.

**Other Professional Experience:** Jeff has managed financial investigations of the misuse of our tax dollars for 30 years. At a top-ten nationwide law firm, he represents whistleblowers reporting corporations for defrauding the government. Previously an Assistant US Attorney, he supervised financial investigations of companies stealing from low-income housing programs.

**Education:** JD, University of Chicago; BA, University of Michigan

**Community Service:** Recent board president of Planned Parenthood Votes Northwest, board member of an environmental whistleblower organization, leader in Washington State Association for Justice.

**Statement:** Jeff Sprung is the only candidate with hands-on financial audit and investigations experience, having returned over \$750 million to citizens from financial fraud by drug companies and big banks. Jeff is not a career politician. He has spent his career fighting alongside whistleblowers to demand openness and accountability from government – and corporations doing business with government.

In the recent legislative session, Jeff was the only candidate demanding Olympia politicians stop diverting citizen-mandated Auditor funding. Jeff will restore the trust and morale of this office and bring an experienced, outsider's perspective to auditing government. A reproductive freedom champion, Jeff will safeguard women's health funding from partisan audits. He will be the independent voice to give us the government we want.

*"As an experienced financial watchdog, I'll work every day to make government more transparent, assuring our hard-earned tax dollars are spent as we intend. I'll demand accountability from government and corporations that receive government dollars or tax breaks."*

Jeff is endorsed by Attorney General Bob Ferguson; Washington State Labor Council; 40 elected officials; Planned Parenthood Votes Northwest Board members; Bellevue, Pierce, and other Firefighters; Spokane, Snohomish, King County Democrats; retired 20-year Auditor Brian Sonntag.

History shows other founders including Alexander Hamilton, George Washington, and Thomas Jefferson shared Adam's concern. Perilously, this wisdom has yet to be integrated into our society.

I chose to run for Attorney General because the Office has become politicized to the detriment of the people. Like our founders, I believe collaborative problem solving requires more than two parties. We suffer when we divide ourselves into opposing parties and attempt to rule others by majority.

If elected, I will continue working to protect Washington Citizens from those that would deprive us of life, liberty, or property.

Thank you for strengthening our society by taking your time and energy to discuss important issues with those around you before you cast your vote. The process of discussion is what bonds us together. The time to vote from your heart, instead of according to party, is now.

**Other Professional Experience:** Executive Director, Futurewise 2011-present, crafting solutions to complex land use and natural resource issues statewide; Attorney, representing communities, local government, and non-profits on critical cases involving agriculture, forest, fish and wildlife, and waterways.

**Education:** JD, Northeastern University; BA, Smith College

**Community Service:** Former board member of Washington Environmental Council and Conservation Northwest. Active in the education of three teenage sons!

**Statement:** How we manage and protect Washington's public lands and waterways shape how we adapt to climate change, protect our water and food sources, and safeguard our timber, shellfish, and agricultural economies. Our next Commissioner must be a conservation steward, partner for rural economies, and advocate for clean energy jobs.

I have a lifelong connection to Washington's people and places. My grandparents came to the Nisqually Valley in the Great Depression to start a cattle farm, which remains in our family today. For two decades I've worked with businesses and communities large and small to protect landscapes and local jobs, crafting lasting solutions.

With your vote, I'll work to *restore healthy forests*— implementing wildfire prevention plans and ending dangerous steep slope logging. I'll *promote clean energy jobs*— implementing a renewable energy plan on public lands that creates job growth, curbs carbon pollution, and reduces impacts on vulnerable communities. I'll *protect our working farmlands and forests* from development pressures— enhancing opportunities for farmers, forestry, and recreation.

Proudly endorsed by Washington Conservation Voters; King County Democrats; King County Executive Dow Constantine; former Executive Ron Sims; Earth Day founder Denis Hayes; state and local business, community, and government leaders statewide!

**Other Professional Experience:** Enforcement officer for Virgin Islands Natural Resources. Leader of Native American Natural Resources organizations restoring salmon, managing forests for habitats and jobs. Executive of environmental restoration and renewable energy businesses.

**Education:** Bachelor's Davidson College, Master's Yale Forestry & Environmental Studies, Juris Doctor Gonzaga University

**Community Service:** Mary has devoted her life to public service and volunteering on boards and committees, community and church activities, emergency response and rescue, and teen outdoor learning.

**Statement:** I ask for your vote to be Commissioner of Public Lands because I have the passion, background and experience to protect Washington's forests, farms, ranches, aquatic lands and open spaces. As a hands-on natural resources leader, I've facilitated salmon restoration, enforced responsible clean-up by polluters, and grown forestry jobs in resource-dependent regions. As an emergency response official, I am actively working with local communities to improve the way we prevent and respond more effectively to wildfires.

The Commissioner is responsible for millions of dollars of timber and lease income, public funds, and landowner fees. A hardworking taxpayer myself, I understand how important it is to be very careful with the public's trust.

Our state faces major economic and environmental challenges, with sweeping implications of climate change. As a collaborative leader, I value input from employees and stakeholders to inform smart decisions based on science and facts.

My previous experience leading large complex organizations demonstrated that I break down barriers to achieve good outcomes. I've reduced costs while maintaining jobs, and conserved resources while conserving revenue. I am a pragmatic and proven leader who will wisely manage public lands for *all* of us.

**Education:** Bachelor of Science, University of Washington Dept. of Aeronautics and Astronautics Engineering; Leadership Program of the Rockies; Enumclaw High School Alumni

**Community Service:** Parks Commission Chairman & Civil Service Chairman, City of Orting; Audubon Society volunteer; education outreach via AVID program; worksite coordinator for American Heart Association

**Statement:** The issues facing this office cross party lines. Decades of poor forest management have threatened the livelihood of thousands of families, diminished access to quality education, and jeopardized our land, water, air, and wildlife. As an avid outdoorsman and father of three I understand the urgent need to restore the balance between the environment and the economy, ensuring lasting resources for future generations. I believe Washington needs a leader with vision and the courage to act responsibly.

My first priority will be a forest triage, mounting a cooperative effort to thin areas of dead and unhealthy forest. This preventive maintenance reduces fire hazards, provides job opportunities for struggling families, and will secure valuable resources for our state's education system.

I will work to remove restrictions and prohibitions, opening Washington State workers to the future of green economic opportunity and innovation in the world's industrial hemp markets, renewable energy sectors, and urban agriculture and forestry. Private stakeholders from farmers to fishermen will play a vital role in enacting an effective resource plan.

Working families in Washington deserve the freedom to provide and the opportunity to thrive. You can help by casting your vote for *active resource management* in Washington State.

**Statement:** It's a critical time for our environment with the threat of climate change, wildfires, droughts and the need to reduce dependence on fossil fuels. Washington's Commissioner of Public Lands must be an environmental champion. Endorsed by the Washington Conservation Voters, I'll be that champion.

I've worked my entire career combatting climate change, supporting responsible conservation and reducing environmental impacts in diverse communities. My experience as House Environment Committee Chair prepared me to manage public lands to protect wildlife habitat and clean water, while harvesting timber to support public schools. My commitment to wildfire prevention has earned me the sole endorsement of the State Council of Firefighters.

I oppose leasing state lands to facilitate fossil fuel production. I'll respect tribal rights and create jobs by investing in renewable energy, not building coal terminals. My husband and I are committed to a healthy environment for the next generation. I ask for your vote.

Endorsed: Governor Chris Gregoire, U.S. Representative Adam Smith, King County Executive Dow Constantine, Pierce County Executive Pat McCarthy, Washington State Labor Council, Washington Federation of State Employees, over 40 Legislators statewide. **Community Service:** Bellevue College Foundation Board - Board Vice President. Teens in Public Service Board - Board Member. Talus HOA Board - Board Member. Belltown Food Bank - Volunteer Executive Director.

**Statement:** The Commissioner of Public Lands is the executive responsible for leading the State Department of Natural Resources (DNR). This is a role for a proven executive, not another politician. DNR's mission is more than just protecting trees. It's about utilizing our public lands to generate revenue to support our schools, colleges, and our economy.

For too long, a succession of professional politicians has mismanaged the agency. Poorly maintained forests and rangelands have left us fighting massive wildfires, caused loss of lives in places such as Oso and Twisp, and generated costly lawsuits against the State - costing us, the taxpayers, millions of dollars.

As your Commissioner, I will balance the need for preserving our environment while generating revenue for our schools. We can meet our commitments to schools, colleges, and the environment, but only if DNR changes how it does business.

It's time that we take a business approach to our public lands - not a political one. I have a vision, a plan, and the executive experience to lead and bring fundamental change to how the DNR operates. We need a proven executive leadership for this executive position. Thank you for your support.

**Community Service:** Rotary Club of Wenatchee; Liberty Disaster Relief Services (Executive Director) Navy League of the United States; American Alpine Club (10 years); Relief and reconstruction drives for victims of Oso landslide and Eastern WA fires. Chairman, Operation Steadfast Veteran's Suicide Prevention;

**Statement:** Washington suffered catastrophic, record setting wildfire seasons. Too many communities have been disrupted and lives, homes, livestock, forests and wildlife were needlessly lost. Providing disaster relief in communities affected by the Eastern WA fires, and Oso landslide, I realized my experience as a retired Naval Officer and incident command instructor could serve the citizens of Washington State. We need to empower our communities in preparedness, work collaboratively to create an integrated strategy among jurisdictions, and use common sense deploying local resources to reduce the risk of repeating the catastrophic fires of the past.

Careful management of our state's 3 million acres of trust lands, and revenue that our forests, farms, and waters provide for school construction is an important constitutional mandate. More than half of DNR land is permanently conserved for protecting endangered species, salmon habitat and recreation. The remaining working forests must provide a steady stream of revenue for our schools and protect jobs in rural communities.

The Department of Natural Resources needs positive leadership. I will draw upon my years of executive leadership of large, diverse organizations and lead DNR as a "servant leader." The staff of DNR and the citizens of Washington deserve the best.

**Statement:** We share borders with two states, another country and an ocean and we owe sustainability to the lands we steward. Our public trust lands are the endowment for our children and future generations. Funding locally, nationally and globally to preserve this resource has been woefully inadequate.

The DNR is the largest firefighting agency in the state and we need to do so much more to protect our forestland. The immediacy of interagency response to wildfires is imperative. Funding to reduce wildfire fuel loads is inadequate. Sequestering carbon in our living forests and our building industry works. 13-50% of our statewide carbon emissions from wildfire does not work.

Rising sea level is a real and present threat to our tidelands. John offers a voice for global action on the issue of climate change and comprehensive accountability.

John has a demonstrated ability to lead. He will advocate for all of us demanding accountability from all the titleholders of our trust lands. All hands on deck. We are all in together

*Individual Student Trust Accounts* – funded annually using each student's existing \$10,000+ state education voucher. With approval, each student's parents may spend these accumulating funds at any Registered Public Education Program(s) of their choice. *Registered Public Education Programs* – defined as, any educational program, regardless of ownership, which: Accepts only trust funds as tuition, i.e. "free"; Fills at least 80% of its openings without admission qualification, i.e. "open enrollment"; Permits the study, but not the practice, of religion; And publishes measurable educational and behavioral goals for its students. Students not achieving these goals may be dismissed by the program. *Neighborhood Education Districts* – administered by three locally elected trustees, will oversee the educational progress of 50 to 200 participating neighborhood students. The trustees must approve parental education choices for students passing applicable "WASL" tests. *Community Facility Districts* – locally elected, will own, operate and maintain all public facilities. Life-cycle maintenance funds will be included in the original bond funding.

**Statement:** Every child deserves a high quality education! I'm Chris Reykdal, and I'd like to earn your vote to be our State's next Superintendent of Schools. I've dedicated my 20 year career as an educator and education finance executive to helping students achieve their dreams. The next Superintendent must be an education policy and budget leader to ensure local control, effective results, and accountability of your tax dollars!

We must do three things to ensure opportunity for all kids: 1) Equitably fund our schools! It's time to build bipartisan support for school funding while reducing our dependence on exceedingly high local property taxes. A child's education should never depend on the wealth of their neighborhood; 2) Reduce excessive standardized testing so teachers have time to engage students and support their individual needs; 3) Return high quality career and technical education programs to our schools. To improve graduation rates, students need career pathways they are passionate about!

I will be the first Superintendent in 30 years to actually have kids in public school during my service. I will work hard to ensure that *all* kids, teachers, support staff, and parents are fully supported in our schools. Thank you for your consideration.

PO Box 9100  
Seattle, WA 98109

(206) 235-5516  
voterobinfleming@gmail.com  
www.robinfleming.org

**Elected Experience:** First time candidate

**Other Professional Experience:** For 13 years, Fleming served the state's most vulnerable children as a school nurse; created innovative programs and curricula for immigrant and low-income students; and published award-winning research on academic and health disparities. At OSPI, Fleming leads statewide school health services, initiating integration of education and health systems to produce powerful educational results for students. Fleming serves on faculty at the University of Washington.

**Education:** PhD, Educational Leadership and Policy, University of Washington

**Community Service:** Boards: Hilltop Preschool; John Hay Elementary. Award from Economic Opportunity Institute for helping pass Seattle's sick and safe leave law.

**Statement:** A native Washingtonian, I was raised by a single mother who worked three jobs to make ends meet. My older brother had Down Syndrome and was institutionalized at the age of 5. This inspired me to become a school nurse, educator and policy advisor.

As Superintendent of Public Instruction, I will fully and equitably fund all schools; ensure that students receive needed supports to improve attendance and achievement; invest in early learning; and improve working conditions and pay for teachers. I have a consistent record of achieving successes in challenging circumstances -- and I will repeat that in this position. Our children's futures -- and Washington's economy -- depend upon it.

It's time to elect people who have worked extensively in our schools -- instead of politicians -- to oversee our school system. If you're happy with public schools, you will get more of the same by voting for a candidate with a political agenda. My only agenda is to improve the life opportunities for all of our state's children -- and I am the only candidate with the qualifications and experience to make that happen. A vote for me is a vote for our children, and for our state's future.

## Al Runte

7716 34th Ave NE  
Seattle, WA 98115

(206) 719-2846  
alfred\_runte@msn.com

**Elected Experience:** No information submitted

**Other Professional Experience:** Not a politician, Dr. Al Runte is a nationally recognized educator, historian and author who would lead reform of our public schools. An environmental historian, Dr. Runte was prominently featured in Ken Burns's popular PBS TV series on national parks. He's authored five books including: *National Parks: The American Experience* and is: former University of Washington Assistant Professor of History; former Assistant Director of Environmental Studies, Baylor University; former Director: National Parks Conservation Association and National Association of Railroad Passengers

**Education:** B.A. Binghamton University; M.A. Illinois State University; Ph.D. University of California, Santa Barbara

**Community Service:** Member, Seattle Neighborhood Coalition

**Statement:** My roots come from a family deeply committed to education. My mother had a 23-year career with New York's public schools, and in retirement served on her local school board. My brother taught middle school math for 10 years. I began my education career teaching high school history. My university courses at UW were highly rated by students. Why? Teaching is all about holding students' interest in learning challenging subject matter.

Smaller class sizes are nice. What is taught and learned inside the classroom is more important. National-test-driven schools cannot possibly recognize that every child, teacher, state and community is different.

It is unacceptable that children today, due to faulty curriculums and inadequately compensated teachers, are not getting the basic education they deserve. As Superintendent I would place increased emphasis on providing quality classroom teaching and eliminate excessive bureaucratic rules that only hinder good teaching.

Needed reform is long overdue. All students have a right to an excellent education. That means having the opportunity to learn to read, write and be proficient in basic math, science and civics (yes, including American history). Everyone should look back at their schooling as contributing to their success in life.

**Elected Experience:** Erin Jones is a state and national award winning teacher and district/state administrator. She has never sought elected office.

**Other Professional Experience:** AVID District Director, Tacoma Public Schools; Director of Equity, Federal Way Public Schools; Assistant Superintendent of Student Achievement and Director, OSPI; Instructional Coach, Spokane Public Schools; Substitute and Classroom Teacher, Tacoma; Teacher, South Bend, IN.

**Education:** BA, Bryn Mawr College; Teaching Certificate, PLU.

**Community Service:** Youth ministry leader, 1993-2006, YoungLife leader, 2006-2008. Board member; Girl Scouts of Western Washington, College Spark, Recruiting Washington Teachers, Center for the Strengthening of Teaching Profession, Washington Alliance of Black School Educators.

**Statement:** Every Washington child deserves a great education, regardless of where they live, their household income or the color of their skin. A child's zip code must no longer be the greatest predictor of their educational success and future income.

I am the only candidate for OSPI who has dedicated a career to educating students, closing opportunity gaps and improving outcomes. I have worked as a classroom teacher on both sides of the Cascades, an Assistant Superintendent at OSPI, and an administrator in districts with high-poverty and diverse populations.

I am not a politician but an educator and parent of recent public school graduates, convinced we need leadership in Olympia dedicated to helping students succeed, not a political agenda. With your vote, I will apply my passion and experience to demand legislators drop excuses and fully fund our schools, work to replace punitive testing with fair assessment tools, close opportunity gaps wherever they exist, and expand public school options and excellence statewide.

My vision and unmatched commitment is endorsed by King and Snohomish County Democrats, classroom teachers, school board members, principals and administrators statewide, a bipartisan coalition of current and former legislators, PTA leaders, students and parents across Washington!

**Education:** B.S. Business and Sociology, M.S. Special Education and Counseling: Montana State University. PhD. International Business, Warren National University.

**Community Service:** 19 year volunteer: Fernwood at the Park / Normandy Park Senior Living.

**Statement:** Every student in Washington State deserves the opportunity to succeed. In fact, we voters consistently show we believe this by passing initiatives to increase school funding. Having served in public schools for over 30 years holding many different positions, earning a distinguished educator among other awards, this is the least funding I have seen actually reach the students during my tenure. We are failing our students.

I see large amounts of administrative waste. I see students who have the capability to achieve smothered by inefficiency and lack of passion for the learning experience. Teachers and Instructional Assistants do not have the support they need to be motivated, creative members of the educational workforce. Instead, they are buried under paperwork.

Who you voters elect to this position next will determine if we can make the necessary changes to assure that all state school programs work together to reinstate what has been a lost focus of our schools: to create world class citizens.

Under my leadership, the OSPI office will work to improve graduation rate, increase vocational education, find and eliminate waste, and hold funding spenders accountable for student experience and outcomes.

I ask for your support in this crucial time.

**Elected Experience:** 5th LD Representative to the King County Legislative Action Committee.

**Other Professional Experience:** Instructor, Bellevue College, Researcher, University of Washington, Author, *Weapons of Mass Deception*, a book exposing the corporate takeover of our public schools.

**Education:** Washington State University: Bachelor of Science Education, University of Washington: Master's Degree in Education.

**Community Service:** As Director of the Coalition to Protect our Public Schools, I've spent the past 8 years advocating for school funding in Olympia. I wrote the only bill which would have fully funded our schools - Senate Bill 6093. I am also a leader of Opt Out Washington, an organization opposed to the draconian SBAC test.

**Statement:** Our children are forced to endure some of the lowest funded, most overcrowded schools in the nation. Severely overcrowded classrooms prevent struggling students from getting the help they need. Precious tax dollars that should go toward schools have instead been diverted, by our corporate dominated legislature, into *billions in tax breaks* for wealthy multinational corporations. Our legislature gives away four dollars in tax breaks for every dollar they invest in our schools.

Olympia politicians keep kicking the can down the road by forming more fake education funding committees. It is time to recognize that *politicians in Olympia are never going to fund our schools.*

I am running for Superintendent to end this corrupt corporate welfare scheme by going around the legislature and directly to our Supreme Court asking them to repeal illegal tax breaks in order to immediately restore school funding - so we can reduce class sizes so struggling students can finally get the help they need to succeed.

I am the only candidate for Superintendent with a real plan to fully fund our schools, provide students with free higher education, end toxic high stakes tests and clean up corruption in Olympia. Please visit our website for more information!

**Other Professional Experience:** Worked as an optometrist for 20 years; small-business owner; served as Director, Region 10, U.S. Department of Health and Human Services.

**Education:** Bachelor's degree and Doctor of Optometry degree from Pacific University; master's degree in Public Health from UCLA.

**Community Service:** Retired U.S. Army Reserve lieutenant colonel with 20 years of service. Active member of a number of community service organizations.

**Statement:** Mike Kreidler is a strong and independent voice willing to stand up to powerful industry interests as an advocate for insurance consumers. In his first four terms as insurance commissioner, Mike Kreidler saved consumers in our state over \$300 million in auto and homeowners' insurance by cutting excessive premium rates. His consumer protection staff has helped thousands of Washingtonians with insurance problems, recovering over \$160 million in wrongfully delayed or denied claims.

The people of our state deserve quality, affordable health insurance. Mike Kreidler has worked tirelessly to make sure that insurance companies can no longer deny coverage. He is proposing legislation to stop patients from receiving surprise bills resulting from emergency medical services. He will continue working with community, business and legislative leaders to further improve access to affordable health care and reduce the number of uninsured in our state.

Mike Kreidler is a proven leader who has served the people of Washington with dedication, fairness and hard work. That's why he consistently earns endorsements from consumer, labor, business, retiree, educational and health care organizations and individuals across our state.

Please join them by electing Mike Kreidler to another term as your Insurance Commissioner.

**Community Service:** Toys for Tots, Saigon Children's Charity, Stop the Traffic and Walk for Life (2015)

**Statement:** I have always been an advocate for reform and equity in the Insurance Industry. I have worked in the insurance industry both as an agent and as an employee benefit consultant. I have sadly witnessed a decline in the health and welfare of our state's citizens. Washington is in the lowest percentile for all 50 states in terms of performance, affordability and coverage opportunities caused in most part by political infighting, workers' comp issues, excessive rate regulation, and underwriting restrictions.

The Affordable Care Act has done nothing to address the aging population or the growing dilemma of provider shortages. Rather, it has forced many into the Social Security Benefits earlier and is siphoning funds away from our Seniors and Veterans. I want to reform our current system. I want the increased benefits and reduced rates that market choices will bring us, as well as the freedom to choose our own health insurance.

I want to combat the evils of Tort Law, the excessive spending on defunct government programs and stop corrupt crony political practices from killing our State's insurance options. I want to provide honest hardworking citizens with affordable insurance coverage. Help me bring sanity to our insurance market.

**Elected Experience:** Richard Schrock is serving his second term as Commissioner of Snohomish County Fire District No. 1, one of state's largest regional fire departments.

**Other Professional Experience:** Richard Schrock served four years as Director, Washington State Department of Commerce (under Governor John Spellman). He successfully led state efforts to grow international trade, promote tourism, and attract new businesses to Washington creating thousands of new jobs. Professional communications consultant who advises businesses, government agencies and non-profits.

**Education:** St. Martins College, Political Science

**Community Service:** Board member, Snohomish County Emergency Radio System (SERS). Founding Board Member of the Lake Stickney Conservancy and Sno-King Watershed Council

**Statement:** Paying too much for insurance? Do you want four more years of the same 16-year policy direction that governs the state agency that regulates insurance companies?

Washington's health insurance rates are proposed to rise another 19% next year. Richard Schrock, as Washington's next Insurance Commissioner, will fight unjustified premium increases, hold down deductibles and limit co-pays.

In 2013, highly respected Seattle Children's Hospital waged a successful legal battle with the Insurance Commissioner's Office *and* three major insurers. Children's, the region's premier pediatric hospital, took legal action to get their insured child patients covered by *Commissioner-approved* insurance plans that had excluded Children's from service provider networks. In 2014, newspapers reported that a whistleblower compliant revealed scandalous conduct within the Office of the Insurance Commissioner involving "major systemic problems". Our state's largest newspaper subsequently called for "major reforms" that have not happened.

Obviously, policy changes are long overdue to broaden access to affordable coverage. If elected Commissioner, Richard Schrock will institute reforms that prevent powerful special interests from influencing agency decisions, vigorously enforce consumer protection laws, and mandate expanding healthcare service- provider networks. Future appeals of Commissioner decisions must be fairly and *transparently* decided by *independent, impartial* judges.

**Education:** BA: Business Administration, marketing concentration; minor: Speech Communication, University of Washington - Bothell, 2001. Graduate of Bothell High School.

**Community Service:** Microsoft Day of Caring Project Leader for Washington Trails Association trail improvement projects. Volunteer head coach for Northshore Youth Basketball Association. Volunteer unit leader for Bothell Girl Scouts Day Camp.

**Statement:** Voters deserve a senator who listens and takes action on the issues that matter. As a PTA leader and Mom of children in public school, I understand the challenges our families face. As a tech employee stuck in traffic on our congested roads, I experience the same frustrations that commuters across our region do. Olympia must do better, and I will make sure your voices are heard.

Education must take center stage in our budget and policy discussions. *I'll build on the Senate's record investments in our schools by funding education first, not last.* The concerns of drivers will also be my priority; I believe commuters deserve real solutions to flawed tolling programs, and accountability from government agencies. And when it comes to taxes, I'll make sure families keep as much of their hard-earned income as possible.

I am deeply rooted in my community. I grew up here, and my husband and I are raising our family in Bothell. As both a long time tech employee and community leader, I know our region must do more to give our students opportunities for great jobs in Washington. I would be honored to earn your vote.

**Statement:** Our region is struggling to manage rapid population growth, traffic, middle class affordability and public school funding. Our district only received a tiny fraction of the state's \$16 billion transportation package despite overwhelming gridlock on our local roads. Our schools are forced to continually raise levies because of chronic underfunding and partisan gridlock in Olympia. From Finn Hill to Snohomish, from Mountlake Terrace to Bothell, our families and small businesses are bearing the burden of legislative inaction and status quo politics. We need more effective leadership from legislators to address the education and infrastructure needs of our district. We need a responsible change in Olympia.

I bring a proven community service record and a unique balance of public and private sector experience to more effectively invest in our district's schools, roads and quality of life. We need a progressive voice for small businesses, teacher support, quality nursing services for seniors, tax exemption reform, environmental stewardship, accountable state budgets and support for mental health, the homeless and the least fortunate among us.

I ask for the honor of your vote.

**Elected Experience:** Elected in 2010, Luis serves as Vice Chair of the House Transportation Committee. He spearheaded the drive to add more lanes to I-405 to increase mobility as well as the Bothell Crossroads Project. As a member of the Public Safety Committee, he leads efforts to protect communities by reducing crime and gang violence.

**Other Professional Experience:** Community Transit; Washington State Public Employees Association

**Education:** University of Iowa, BA

**Community Service:** Mountlake Terrace Community Policing Advisory Board; Transportation Policy Board, Puget Sound Regional Council; Community Leadership Team, United Way, Snohomish County; Board Director, Neutral Zone

**Statement:** Luis Moscoso wants to get us moving again! He earned his intimate knowledge of our regions chokepoints, traffic jams and mismanaged projects the hard way – by driving a bus for Community Transit. He fought hard for the much-needed third lane on 405 as well as the Crossing Project, leading the way for the redevelopment of downtown Bothell. He stood up to his own party to demand changes when the 405 HOV lane experiment failed. He will always stand against tolling 405.

Our children will fall behind the rest of the world if we don't make education a priority. That's why Luis has worked to expand higher education, particularly at UW-Bothell and community colleges, and will continue to fight for fully funding K-12 education. Our children deserve the same opportunity that we received! Luis has been honored by Children's Alliance and the Association for Career and Technical Education for his leadership in education.

Luis has earned the respect and trust of leaders and organizations throughout the region. He's been endorsed by retiring Senator Rosemary McAuliffe, Representative Derek Stanford, Snohomish County Executives Dave Somers and John Lovick, Councilmember Rod Dembowski, Washington State Labor Council, Washington Education Association.

**Statement:** We deserve Representatives that listen, but today's Representatives ignore voters. We voted balanced budget. Suspended. We voted better commutes. We got tolls and congestion. Even the State Supreme Court determined our Legislators are not properly funding education. They're reconsidering a state income tax again, even after we voted against it seven times. And businesses are leaving our state.

Do our voices matter? Let's remove tolls from I-405 and publicly discuss other options for traffic management. Creating traffic gridlock and then opening lanes during off-hours is insufficient. Elect me and I will restore your voice to the House.

We've waited four years for Olympia to respond to the Supreme Court mandate to prioritize our public schools. We need a legislator who will champion our schools and fight for transportation dollars to improve 405, 522 and Highway 9.

With over twenty years in management negotiations, I'll bring my business experience and progressive values to ensure we get results. I'd be honored to earn your vote. Endorsed: Rep. Luis Moscoso, Deputy Assessor Cindy Portman, Northshore School Boardmember Kimberly D'Angelo and more...

**Elected Experience:** Mountlake Terrace City Council since 2008.

**Other Professional Experience:** Commissioner with the Housing Authority of Snohomish County and Washington State Real Estate Commission. Past Board member of the Snohomish County Camano Association of Realtors and Washington Realtors. Past President of the local association in 2000.

**Education:** Graduate of Inglemoor High School. BA in Drama from University of Washington.

**Community Service:** UW School of Drama Advisory Board since 1996, ACT Theatre Board of Trustees since 2009. I volunteered for my son with the PTA, Cub Scouts, Boy Scouts and his Mountlake Terrace High School Hip Hop Club.

**Statement:** First and foremost, I'm a proud Mom, I raised my son here and feels he deserves a bright future. That's why I entered public service. Now I want to represent our district in Olympia. We are stronger united. Let's work together on big goals like housing/education and not be sidetracked by partisan bickering. It's time for something different. I humbly ask for your vote.

**Key Endorsements:** Current and former Snohomish County Council Ryan, Wright, Sullivan, Gossett. Current and former Rep. Ryu, O'Brien. Mountlake Terrace Mayor and Council Smith, Wahl, McCardle, Ryan. Senators Hobbs, Chase, Hasegawa. Edmonds Mayor Earling.

## State Senator

### Mark Mullet

(Prefers Democratic Party)

2525 NE Park Dr, Suite A  
Issaquah, WA 98029

(425) 638-9356

taemin@electmarkmullet.com  
www.electmarkmullet.com

**Elected Experience:** Mark is our current State Senator. He has been fighting on our behalf in Olympia since 2012. Mark was previously on the Issaquah City Council.

**Other Professional Experience:** Mark owns the Zeeks Pizza and Ben and Jerry's in Issaquah. As a small business owner Mark understands the importance of low taxes and smart regulations.

**Education:** A Bachelor's in Finance, Indiana University, gave Mark the finance background to understand state budgets. His Master's in Public Affairs from the University of Washington taught Mark that great listeners make the best leaders.

**Community Service:** Rotary Club. Classroom volunteer in his four daughters' schools. Former Issaquah Food Bank Board member.

**Statement:** Mark has the most independent voting record in the Senate. He isn't afraid to buck special interests or his own party to do what is right for our community. Mark is socially progressive and fiscally conservative. As a father of four daughters and the owner of Zeeks Pizza and Ben and Jerry's Issaquah, Mark understands the state has two priorities; ensuring our children get the best education and keeping taxes low.

Issaquah's Mayor Fred Butler says, "Mark's hard work and honesty enables him to work across the aisle to accomplish great things for our communities".

Mark got funding to decrease traffic congestion, including a new interchange at Highway 18 in Snoqualmie and additional lanes on I-90 between Issaquah and Bellevue. Mark stopped a high-density development in Maple Valley, secured land for a new Tahoma High school, and championed the renovation of Lake Sammamish State Park.

Mark opposed the legislative pay raise in 2015, so he donates his entire raise each year to the local food bank. Mark is endorsed by the School Board Presidents of Issaquah and Snoqualmie, Mayors of Issaquah, Snoqualmie and Carnation, and the League of Education Voters. Please vote to "Bring back the Mullet".

**Elected Experience:** Elected to the state House in 2012; Education (Ranking Member), Technology & Economic Development, and Appropriations committees. Appointed to five bipartisan school funding and quality task forces. Former Issaquah School Board Member and President.

**Other Professional Experience:** Software developer for Microsoft, Nike, Panasonic and other high tech companies; U.S. Navy submarine officer (12 years); Microsoft manager (10 years) with over 20 patent awards.

**Education:** Electrical Engineering degree, Cornell University

**Community Service:** PTA Outstanding Advocate, Kiwanis member, classroom volunteer. Lives on Tiger Mountain with wife Galen (27 years). Proud father of two sons, a sophomore at MIT and senior at Liberty HS.

**Statement:** Chad is keeping his promises to the people of the 5th District. In the state House, he's worked with both Democrats and Republicans to improve education, and he's represented the values of our district on jobs and taxes – just like he said he would. Now he's asking for your vote for the state Senate.

Unlike some politicians, Chad backs up his talk with action.

Chad has a proven track record of responsible budgeting, working across party lines, and putting kids first. He's a leader on improving school funding and quality. He's successfully passed landmark legislation on computer science education, charter schools and cybercrime. He has an 100% (A+) rating from the state Chamber of Commerce because of his strong record creating jobs. He supports requiring a two-thirds majority to raise taxes, and he wasn't afraid to stand up to the establishment and vote "no" on a gas-tax hike which was rejected by over two-thirds of district voters.

The Seattle Times called Chad "one of the clearest thinkers in the Legislature" and says he "brings much-needed moderation and intellectual rigor to Olympia." A vote for Chad is a vote for integrity in state government.

**Community Service:** Jay is very active in numerous community service organizations including: Rotary; American Legion Post #0079; Snoqualmie Sister Cities Association; Our Lady of Sorrows Catholic Parish; Volunteer Attorney, King County Bar Association Neighborhood Legal Clinic Program (1999-2004);

**Statement:** As your representative, my priorities will be to create jobs and reduce taxes on families and small businesses. We must demand that Olympia live within its means and prioritize the fundamentals such as making our children's education our top priority, improving our business climate by reducing regulatory burdens, and making smart investments in our transportation system to reduce congestion and improve commute times. We must remove the tolls on I-405!

We must rise above partisan politics to address the challenges that we face. Please join me in demanding a new direction. Together, we will build a better Washington!

**Elected Experience:** Not a career politician.

**Other Professional Experience:** Jason is a small business owner. His company, Handi Habitats, grew out of a challenging time for his family. When Jason's father suffered a stroke that left him paralyzed, Jason left his teaching position to remodel his father's home so he could continue to live independently. Jason soon realized his father's needs were shared by others. Handi Habitats has helped thousands of injured workers, veterans, and older Americans to live safely and independently at home.

**Education:** Bachelor's degree, University of Michigan; Master's degree - History, Eastern Michigan University.

**Community Service:** Councilmember, Washington State Independent Living Council.

**Statement:** A former teacher, current small businessman, husband and father of two, Jason Ritchie knows we need strong leadership in Olympia that values progress, not partisanship. The next session will be focused on public schools. We need a legislator who's been in the classroom and the boardroom ensuring excellent public schools, expanded job creation and transportation improvements to get our region moving again.

We need stronger fiscal accountability after too many tax breaks for corporations. That money should go back into taxpayers' pockets. Endorsed: Congressmembers Del Bene and Smith, Senator Mark Mullet, State Labor Council, Washington Conservation Voters and more.

**Education:** Harvard University, BA in Computer Science with special field of Economics

**Community Service:** Have served on boards of Council for a Livable World's PeacePAC, the Center for International Policy, NARAL Pro-Choice America, and my local Ames Lake community association

**Statement:** As a working mom and small business owner, I know Olympia isn't working for families. Let's change that. I'll support public schools because they opened opportunity for me, and our kids deserve the same opportunities. I support common sense policies that support families. We need to improve transportation so people can go to work and bring goods to market. We need women to earn same pay for same work. And we need to lower taxes for the middle class.

**Education:** Graduate of Monroe High School; Attended Wenatchee Valley College & Central Washington University

**Community Service:** Past member of the Monroe and Sedro-Woolley Chamber of Commerce; Past member of the Everett Community College Foundation

**Statement:** Friends and Neighbors,

I again seek your support to continue working on the issues that are important to all of us. These last few years I have sponsored or supported legislation to put several billion dollars more into our public schools. At the same time I have supported a 15 to 20 percent tuition cut to help students attend our colleges and universities. I have also worked on economic measures to provide good paying jobs in the future. For example, transferring the Northern State Hospital site to the Port of Skagit, and allowing Arlington and Marysville to create a tax incentive for businesses to locate within their industrial lands.

I will always fight to protect victims of crime through legislation. This includes legislation to increase penalties and supervision for domestic violence offenders and strengthening luring statutes, which protect our developmentally disabled and youth. As Chairman of the Natural Resources Committee, I have worked to keep our state parks open and thriving. This includes more fishing opportunities, opening of multi-use on our trails, and clean-up of derelict vessels in our waterways.

I am supported by labor, small business, and the many wonderful people of the 39th District.

**Education:** Graduated Cascade High school 1974, attended classes at Everett Community College

**Community Service:** Raised money for the Red Cross, worked with the homeless and food banks. Engaged in fundraisers for the OSO landslide victims.

**Statement:** I have always fought for economic and social justice for the working class. Speaking to our elected officials in Olympia, to close tax loop holes, fully fund education and pass a cost of living increase. We must protect essential public services, for seniors, veterans and our disabled.

I currently negotiate school district and local government contracts. My husband and I care for our parents and know the challenges caregivers' face. I bring my life's experience to the job and hope you will vote for me to be your voice in Olympia. All of us working together can make change.

**Statement:** I believe in ideals that made this country exceptional: limited government, balanced budgets, private property rights, personal control in health care, quality education, strong transportation infrastructure, and the principle that government serves the people -- people don't serve the government.

Let's make Washington the best place to live, work and do business. That means improving government services, a simpler tax structure with low taxes, reducing costs of workers compensation and unemployment insurance, cutting excessive regulations, and fostering private-sector job creation. I ask for your support for a better future for our families and our state. Sincerely, Dan Kristiansen

**Other Professional Experience:** John and Vicki Koster have been married for 46 years and ran a third-generation dairy farm. They have four children and ten grandchildren.

**Education:** Graduate, Arlington High School and Everett Community College. Past Board President, Arlington Christian School.

**Community Service:** *Proven leader:* Government should work for us, not the other way around. John will serve us as a citizen legislator. He's been a leader on Transportation, Criminal Justice and Agricultural issues, and launched the Business Roundtable to spur economic development and grow family-wage jobs.

**Statement:** *Hold Olympia Accountable:* in Washington DC, and here in Washington State, government acts like no one is watching. John Koster works for us. He'll hold Olympia accountable to the people.

*The time is now:* In the last two decades the state budget has doubled, but inflation and population growth can't account for it. Traffic bottlenecks from 20 years ago still are not fixed. School funds have been diverted to lesser priorities. It's time for a change of priorities. John Koster offers a new direction where those things that are important to us are important in Olympia as well.

I like to think I'm probably a lot like you, or like you would like to be, or how you know you should be. I am, like you, a work in progress.

**Statement:** Let's be creative for a change. Because government cannot do for one without adversely affecting another, perhaps it is time to consider a different approach? Please consider my One for One Pledge on my website. Today, our political debates tend to focus on more government or less government, but no one seems to be talking much about good government. We know there is waste and corruption, and that both run rampant in the two major parties. **Elected Experience:** Bryan is seeking his first elected office, and relishes the opportunity to bring fresh ideas to Olympia.

**Other Professional Experience:** 14 years of business and entrepreneurial experience. Currently a senior analyst at CarRentals.com, a division of Expedia, and founder of Pet Thunder.

**Education:** Studied Computer Science at Bellevue College

**Community Service:** As an activist, Bryan fights to end the corrupting influence of crony corporatism in Washington. His next undertaking is as a volunteer with the Seattle is Weak project aimed at ending homelessness, and strengthening those in need.

**Statement:** Every four years, pundits left and right warn of dire consequences if the other team gets elected. For some reason, they believe that the only way for us to win is if the other team loses. I believe that is a false choice. I know that we can-- and we *must!*-- do better. Luckily, Washington's top-two primary system eliminates the spoiler effect, so we can freely vote our conscience.

*End homelessness with a basic income.* Washington spends an incredible amount of money on assistance programs, yet every year our homeless population grows. These programs drive costs and keep the poor from getting the help they need. While government grows, benefits shrink. Why not cut this wasteful overhead, and pass the savings directly to the poor?

*End the predictable gridlock on i-405.* After years-long toll lane additions, we somehow find ourselves with worse traffic. Much was promised: faster commutes, safer freeways, more funding. Yet the data disagrees: Commutes are slower by up to 25 minutes each way. Accidents are up year over year. And the majority of tolls has gone directly into corporate pockets. Let's end this failed experiment!

I humbly ask you for your vote.

**Statement:** As a husband and father of four children, I'm passionate about improving our schools, transportation, and economy through bipartisan and inclusive governing.

*Fully Funding Education:* We passed the largest increase in K-12 education funding in 30 years while cutting college tuition and launching quality early learning statewide. My wife and I are also frustrated parents who believe that the state has not done enough to fully and equitably fund our classrooms for decades. As an experienced education leader endorsed by the League of Education Voters and Stand for Children, I will continue to reject the partisan and special interest politics that have hampered progress and demand the resources our teachers need to prepare all children for success.

*Reducing Traffic Congestion:* Making it easier to get to work, school and home must be our priority as we improve our transportation system starting with fixing the failed I405 tolling. We passed bipartisan legislation to invest \$16Billion in transportation improvements including I405 and I90 to keep the Eastside moving.

I'm honored to be endorsed by Mercer Island Mayor Bruce Bassett, Renton Mayor Denis Law, Bellevue Councilmember Jennifer Robertson, Sammamish Councilmember Christie Malchow and other constituents. I respectfully ask for your vote.

**Community Service:** Lisa serves as a Boardmember on the Washington State Public Works Board and Partners for Rural Washington. Lisa previously served as a Boardmember with Ventures (Community Alliance for Self Help) Washington State Community Revitalization Board and Washington Business Alliance.

**Statement:** In the business world we're held accountable based on the bottom line. We should hold our legislature accountable in the same way. We have waited four years for the legislature to fund education and ensure excellence in our public schools. That's four years too many. It's time for accountability and results.

We've waited too long for a long-term, practical approach to fixing traffic problems. Piecemeal planning, risky over budget projects and ill-conceived funding proposals have left our region behind. Again, it's time for accountability and results.

After years of legislative gridlock, I decided it was time to step up and bring my Democratic heart and CEO head to Olympia. I bring decades of executive experience at Apple Computer, CampusCE, Deep Canyon and SustainCommWorld. I know we can fully fund education, maintain our safety net, invest in high education, keep Washington competitive, drive for diversity and inclusion, protect our environment and ensure fiscal responsibility if we set priorities and look at options honestly. Residing in Bellevue with my wife of thirteen years and our two elementary age children who attend public school.

**Statement:** As an eastside citizen, I am passionate about securing a better tomorrow for all. It is time to move Washington forward by reducing traffic congestion, improving schools, and eliminating the gridlock in Olympia. It is time to set proper priorities and adopt practical solutions. *The time has come to rediscover our values and common sense.*

Olympia needs the fresher, straightforward, and consensus building approach that a citizen politician with strong character and strong business experience can bring. I am committed to serving you with the values of: loyalty, duty, respect, selfless service, honor, integrity, and personal courage.

To tell those about the home that Washingtonians enjoy, love, and cherish. Though we live in a great state, we do have to deal with the bureaucracy that happens in our state capitol.

We must confront the problems of our gridlock freeways, and the tolls that restrict many hard working families from taking those routes. We must stress to our leaders that they are elected to protect our liberties, not to legislate them away. I vow to always protect them

The incumbent's decision to construct the disastrous express toll lanes on I-405 was ill-informed. Using gas tax to fund it was a betrayal. House transportation leadership has lost touch with the public and change is needed.

I am a business owner with an engineering practice and a partner in six cafe-deli restaurants in the I-405 corridor. I am acutely aware of the societal unfairness of express toll lanes as well as the challenges of running a small business and will bring those perspectives to legislative matters.

**Statement:** Judy Clibborn brings a track record of bipartisanship and results to Olympia. Her leadership helped Republicans and Democrats join together to pass the largest transportation investment in state history. The historic package will help reduce traffic gridlock, increase economic competitiveness, bolster safety, and expand transit and other alternative forms of transportation.

Judy began her career as a nurse and works every day to increase healthcare access and to support families. A grandmother, she made new investments in K-12, reduced college tuition, helped foster youth, and fought for pay equity for women. Judy Clibborn is standing up for us!

**Community Service:** No information submitted

**Statement:** Sitting in traffic for hours, knowing there are better solutions to our transportation mess, convinced me to run! There is an urgent need for smarter, cost-effective transportation and education spending, especially with budget and tax challenges affecting education.

Education solutions require the governor, teachers' union and legislators work together. This means an end to closed door negotiations; they must be open and transparent. The dual mission for transportation is clear: reduce congestion; offer less expensive and more convenient mass transit. I will never support income or capital gains taxes, as we cannot keep raising taxes for government irresponsibility.

**Other Professional Experience:** Seven years in faith-based youth work, beginning with term as international programming vice president of North American Federation of Temple Youth. More recently, transportation/logistics coordinator and site management at URJ Kutz Camp, Warwick, NY, and Youth Engagement Coordinator for Bellevue's Temple B'nai Torah. Worked in sales and operations at The Home Depot; also teaching DIY classes. Currently, Marketing Manager for financial advisory practice.

**Education:** Studied political science, including political economy and security, and history at University of Rochester.

**Community Service:** Facilitated food drives, adopt-a-highway, Habitat for Humanity builds, etc.

**Statement:** I am Libertarian who stands for less bureaucracy and more opportunity for Washington. We face serious problems brewing in our community: an affordable housing crisis spreading from Seattle through cities like Bellevue Kirkland and Redmond, mass transit and highway policies that are increasing rather than decreasing congestion, and state laws which continue to disproportionately punish minorities for nonviolent crimes. I want to bring market positive, small government solutions to these problems. If elected, I will push for relaxed residential zoning laws, the elimination of toll lanes, the partial privatization of mass transit, and the decriminalization of nonviolent petty crimes.

**Community Service:** Barbara and Don raised four children in Pierce County. She has volunteered with Judges in the Classroom, U.S. Navy Sea Cadets, Tacoma Rescue Mission, and YMCA Youth in Government.

**Statement:** Chief Justice Barbara Madsen has the experience, leadership, and courage necessary to protect the liberties guaranteed all citizens. Whether it's school funding or a neighborhood dispute, Barbara believes everyone is equal under the law.

**Balanced Experience:** A 1977 Gonzaga Law School graduate, Barbara has practiced in Eastern and Western Washington and has served as both a defense attorney and prosecutor. To help protect our most vulnerable, as Special Prosecutor she developed Seattle's Family Violence Project child abuse unit. A working mother and proud grandmother, Barbara has a balanced, common sense perspective on issues profoundly affecting people's lives.

**Proven Leadership:** After joining the Supreme Court, Barbara helped establish the Access to Justice Board and Commissions on Minority and Justice, Gender and Justice, Interpreter Services, and Children in Foster Care. Her endorsements include Democrats, Republicans, business, labor, and community groups--proof of her commitment to individual rights and holding the judicial system accountable to all.

**Courage:** We need the strong, honest, and compassionate voice of Chief Justice Madsen requiring the state meet its paramount duty to educate our children, leading access to justice initiatives, and breaking down barriers to re-entry after incarceration. She will protect our most precious liberties.

**Other Professional Experience:** Past President, Washington Association of County Officials.

**Education:** BA, University of Washington; Juris Doctor, University of Puget Sound. Proud graduate of Roosevelt High School in Seattle.

**Community Service:** Greg helped create the Sexual Assault Interagency Coalition, and "Protecting Our Children", a group that educates parents on the risks of sexual predators. He has coached youth soccer and baseball.

**Statement:** *Greg Zempel is a leader in law enforcement and local government - experience the people of Washington need on our state Supreme Court.* For more than twenty years, Zempel has kept the people of Kittitas County safe as their County Prosecutor. He has the support of Judges, Prosecutors, state legislators and both Democrats and Republicans to become our next Supreme Court Justice.

*We all know our state Supreme Court has become too political. Law enforcement knows that the court is also too unpredictable, often changing the rules that prosecutors rely on to fairly and effectively fight crime. Zempel promises a court that is "less political, more predictable."*

The court has no one with major criminal prosecution experience - a serious omission because criminal law makes up a majority of the court's cases. Adding a prosecutor to the court will make our state safer. The court has only one member from eastern Washington, and no one with county government experience. *Electing Greg Zempel to the court will add much needed diversity to a court that simply doesn't reflect our state.*

Greg and his wife Dawn have four children. The family enjoys hiking and many other outdoor activities.

**Statement:** I have been one of the few attorneys in the state that has actively been supporting the American Bar Association's criticism of the Washington attorney disciplinary system. The Washington State Supreme Court is in charge of the system, but the court has come under sharp criticism for 40 years for its practice of delegating its responsibility to the Washington State Bar Association. The ABA rightly likens this to the practice of putting the fox in charge of the henhouse, with Washington being one of the few states that continue the practice. The practice of putting a politically elected bar leadership in charge of attorney discipline is a direct conflict of interest that has resulted in low charging rates, undeserved discipline against attorneys who represent unpopular clients, as well as increased discipline directed to minority attorneys.

I will base my campaign on the issue that I will protect the rights of Washington citizens with decisions that are intelligent, just and ethical.

**Community Service:** Member and former President of Mt. Baker Community Club; served on the boards and as co-chairman of the Pike Place Market Foundation and Pike Place Preservation and Development Authority; Chair of Waterfront Development Committee from 2010-2015

**Statement:** "I've known Jackson Schmidt for over 25 years. His depth of legal experience, knowledge, and personal integrity make him hands down the best choice for King County Superior Court Judge!" – Peter Steinbruek

Jackson is committed to the idea that every person deserves equal justice under the law, as well as to the integrity and fairness needed by those serving in our justice system. He has been rated "Exceptionally Well Qualified" by the Join Asian Bar and "Well Qualified" by the King County Bar Association and LGBT (QLAW).

Jackson began his career as a Judicial Clerk in the Washington Court of Appeals before dedicating years of pro bono work to fighting for the preservation of Pike Place Market. He has worked tirelessly for the Market on the boards of the Pike Place Market Foundation and the Market Preservation and Development Authority. He has been endorsed by attorneys he has litigated with and against, as well as by judges he has appeared before. The legal community, community leaders, and elected officials agree: Jackson Schmidt is the best choice for King County Superior Court.

Endorsed: Councilmember Tim Burgess, Supreme Court Justice Rosselle Pekelis (retired), King County Councilmember Rod Dembowski, and more...

## Proposition No. 1 Increase in Number of Board Members from Five to Seven

The Board of Commissioners of King County Public Hospital District No. 2 (EvergreenHealth) adopted Resolution No. 877-16 concerning a proposition to increase the number of members on its Board of Commissioners. If approved, this proposition would increase the number of commissioners from five to seven.

Should this measure be approved?

Yes

### Statement in favor

EvergreenHealth has been our community's trusted source for hospital and other health care since 1972.

As our community has grown from 22,000 to over 300,000 residents, EvergreenHealth too has grown – greatly expanding medical and other health services, as well as physician practices. Now, EvergreenHealth is a large two-hospital system in a public hospital district, operating in an extremely complex health care environment and providing care to nearly 600,000 people each year.

However, EvergreenHealth's five-member elected governing Board has not expanded since the District was formed in 1967. By comparison, a health system of EvergreenHealth's size and scope would normally have as many as 10-15 Board members.

Expansion of the Board of Commissioners will help provide EvergreenHealth the governance and oversight required to continue its 44-year legacy of exceptional care and health services to our community, and approval will have no impact on the District's tax levy.

As the community grows in size, diversity and complexity, increasing the Board by two members will mirror that growth and help continue to meet the needs and broaden the viewpoint and representation of the community.

We urge you to vote "yes."

### Explanatory statement

King County Public Hospital District No. 2 d/b/a EvergreenHealth (also known as Evergreen Hospital) was formed by approval of the voters in 1967 and since that time has been governed by a five-member Board of Commissioners ("Board"). Washington law (RCW 70.44) allows up to seven Board members if approved by the voters and this ballot measure requests that approval. The Board has accountability for the District and the operations and quality of care provided by EvergreenHealth, including its hospitals, medical group practices, home care and all other areas of care and service. Passage of this measure will allow EvergreenHealth to enhance governance effectiveness and representation in the community.

The Board recognizes that given the important and complex nature of healthcare, effective governance oversight is necessary to help assure the provision of appropriate, high quality and cost-effective health care services, the development of strategic partnerships, adequacy of healthcare facilities and technology, and maintenance of sound financial performance for the District. Expansion of the Board to seven members will support these responsibilities. As EvergreenHealth, and its community, continue to grow in size, diversity, and complexity, adding two commissioners to the Board will help the existing Board fulfill its governance responsibilities with added expertise and a broader mix of skills and leadership styles among Commissioners.

Passage of this measure will have no impact on or change to the District's tax levy, which has not changed for over 10 years.
