Yes for district wide security systems and protocols; new elementary school; expand Cedarcrest High School and Tolt Middle School; critical maintenance and tech updates.

Yes for *state-of-the-art security systems*, including fully electronic perimeter locks, keypad entrances and secured classrooms. Add entry vestibules, build fencing and access gates, upgrade communication/cellular systems to support emergency response protocols and add interior/exterior lighting district wide. *Yes for a New Elementary School*, because as you know, we are running out of space, and at half a million for every portable, we are better off planning long-term and getting our kids into proper classrooms. The high school, middle school, and all our elementary schools will be provided necessary maintenance and major updates; from replacing ailing roofs, adding classrooms, and crucial *modernization of the Art, Athletic, and Science facilities*, to education and access to *cutting edge technology*.

Our children must have a secure, technologically relevant education to ensure both their, and our community's, success. This Bond will furnish a long-term child focused solution. What is the cost you? Net, \$1.09 per \$1,000 appraised property value. For 125 Million in modernization and security updates? Yes, our kids deserve your vote, *Yes!!!*
