Countywide Planning Policies
Public Facilities and Services

Public Facilities and Services (Public Facilities and Services (or CPPs)) are managed by the King County Planning Council (GMPC). These facilities include public infrastructure such as roads, bridges, parks, and libraries. The GMPC is responsible for overseeing the planning and management of these facilities to ensure they meet the needs of the community.

Countywide Planning Policies

Countywide Planning Policies (CPPs) are the policies that guide the development of public facilities and services throughout the county. The CPPs are developed by the Growth Management Planning Council (GMPC), which includes representatives from local governments, businesses, and community organizations. The CPPs are intended to ensure that public facilities and services are developed in a way that is consistent with the overall vision for the county.
