Etke ajiri eo neju ej aikuj in wa?

Ajiri ro remaron in bok COVID-19 im ajeded nan ro jot ne renij naninmej, jokdron ne ejelok aer kakolle.

Elon ian case ko an COVID-19 ilo ajiri rejjab lap, ak ilo elon ien, but on occasion, COVID-19 emaron in **komman naninmej ko relap** im ej men bwe ren drelon lowaan hospital. Ajiri ro emaron in wor **men ej walok ilo ien-aitok** jen wot virus eo, etan in COVID.

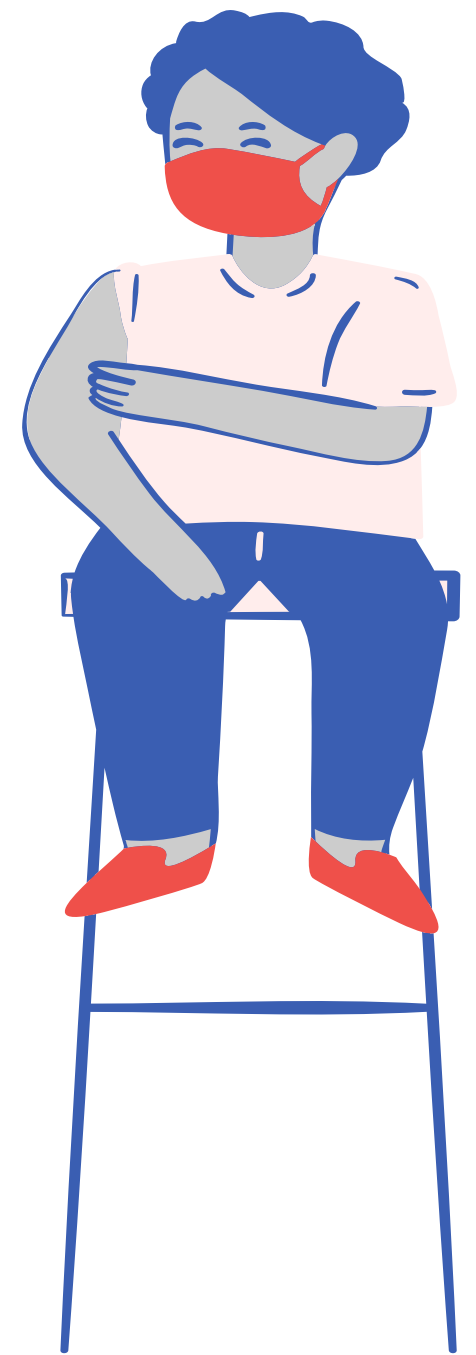

Ainwot juon community, ne elaplak an armij wa, enij laplak ad kejbarok.

Wa eo an ajiri ej ke kejbarok im eman an jermal?

Aet Food and Drug Administration (FDA, Mona im Drug Administration eo) emoj an kwalok ke wa eo **ejelok inepata lap ikijen bobrae** ej walok ilo katak ko clinic ko im ekar jemlok ilo **90% eman an jermal** ilo an kabojrak naninmej jen coronavirus ilo ajiri.

Type rot in wa ej bellok nan ajiri?

Ilo kio, ewor wa Pfizer
wa ewor an melim nan
jermal ilo ien emergency
nan ajiri ro yiio 5 nan 11.

Wa eo an **ajiri** ej ke ainwot wa eo an 12 yiio im lonlak?

Ejjab. Wa Pfizer wa eo **ej komman elaptata nan ajiri.**

Wa eo an ajiri ej komman ilo ejja wawein eo wot, ak ej juon dose edriklak:

- **10 microgram ko** nan ajiri
- **30 microgram ko** nan ajiri

Aolep rej boke ruo wa, jilu week etolak jen dron.

Ta ko kobbán wa ko an ajiri?

Men eo elap kobbán, **mRNA**, ejja ainwot an Pfizer wa eo nan 12+ im juon nan 5-nan-11 yiio rittolak.

Pfizer wa eo nan 5-nan-11 yiio rittolak ewor amino alcohol im ej jiban wa eo **bwe en tolak an bed ilo ijoko rej molo**. Wa eo nan 12 yiio im rittolak rej kojerbale stabilizer ko rej oktak (potassium chloride, potassium phosphate, im sodium phosphate.)

Version ko jimor an Pfizer wa eo ej bar wor lipid ko wot (grease ko), sodium chloride (salt), im sucrose (sugar).

Wa eo ej nan ajiri **ejelok ke wonaan?**

Aet COVID-19 wa eo **ejelok wonaan.**

COVID-19 wa ko rej belloko ilo **ejelok wonaan** nan aolep ro rej jokwe ilo United States, jokdron insurance ak jekjekin beba in immigration eo aer

Ij ke aikuj in ketmen e ke ajiri eo neju enij wor an **enjake elikin?**

Ajiri eo nejim emaron in enjake ainwot an kijon boke wa ko jot an ajiri. Kakolle kein rekka im rej kwalok ke kein bobrae eo an enbwinnim ej komman an kein bobrae.

Men ko rej walok elikin rej koba ippen:

- **Metak beim**
- **Metak enbwinnin**
- **Fever**

Men ko remaron walok elikin
ej kijon temporary im jako
iumin 1-2 raan ko.

Ewor ke link kotoan **myocarditis** im wā ko an ajiri?

Ilo case ko relukkun jejjā, armij ro ewor naninmej in muscle in menono eo am ej loore wa ko ippen mRNA wa ko. Ebboj in ej bar etan in myocarditis im ej jako ilo ien eo emokaj tata kin uno.

Ilo ien kamemel eo an clinic ilo ajiri, **ekar ejelok case ko an myocarditis** ilo jilu-allon ien bar-lale eo elikin wa.

Ien kamemel eo an clinic ej wonmanlak wot im Centers for Disease Control and Prevention (CDC, Jikin Control Naninmej im Bobrae) im FDA ewor system ko ej bok jikin nan wonmanlak wot ilo an lale im kabbok bar ta ko jot remaron in walok im ta ko jot remaron walok ak ejjab alikkar.

la eo imaron in boke wā ko an ajiri 5 nan 11 yiio?

Supply eo an wa nan ajiri ej aikuj in limit mokta. Ne wa eo ej belloko, emaron in bed ilo ejja jikin ko wot im COVID-19 wa an ritto rej belloko, koba ippen clinic ko an jikuul.

Nan bukote juon site turim, kojobale WA State's Vaccine Locator (Kein Kabbok Jikin Wa ilo WA State): <https://vaccinelocator.doh.wa.gov>

Ta eo inij kommane **kepojja** nan ien loe lak an ajiri eo nejim nan wa?

- **Lale bwe ajiri eo nejim en ekanak nuknuk ekadu pein** ak jilnij rot eo ej-ebolol im ebidodo kawalon lak.

- **Kwon kwalok wot mol nan ajiri eo nejim:** Ajiri eo nejim ej aikuj in jella ke ej tin wa. Wa eo enij metak ilo jirik wot ien ak enjake ainwot kinji.

- **Boktok juon book ak kein ikkure jirik** nan an ajiri eo nejim kojobale ilo ien appointment eo im ien kottar eo ekadu elikin wa.

Ebin ao etal nan bukot juon jikin wā. Ta **jiban** ej bellokok?
