

Enhanced school zones coming to your neighborhood

This summer, King County will enhance school zone areas in your neighborhood. The changes are meant to improve safety for students, families and drivers at Campbell Hill Elementary School.

In the coming weeks, crews will install solar-powered school zone signs at two locations near the school. The speed limit in school zones is 20 miles per hour when signs are flashing.

There will also be new "No Parking" areas on 64th Avenue S and S 124th Street, south of the school.
