To whom it may concern,

Manke Timber Company did not harvest any timber off of King County parcel number 3622029032 located in a PTN N ½ of NW ¼ of STR 36-22-2 during the life of Forest Practices Application (FPA) # 2415065. Additionally, it has been well over a decade since any timber was removed from that parcel. Feel free to contact me with any questions regarding the logging or activities on this parcel during the timeframe that Manke Timber Company owned it.
