Boundary Line Adjustment Application Checklist

This checklist covers the application for a boundary line adjustment for properties located in unincorporated King County. Applications may be submitted online or as a paper application in the Permitting office.

Supplemental documents indicated as “Other” may or may not apply to your permit application. For additional information refer to the Permit application forms listed by packet web page, Boundary Line Adjustment packet.

Submittal Documents

Submittal requirements will depend on the type and extent of your project work. The following checklists outline the minimum submittal requirements for a boundary line adjustment application. Individual projects may require additional submittals and/or permits.

**Online:** Submit one copy of each required document in PDF format. The Electronic Plan Requirements handout provides more detailed information. All subsequent submittal and revision documents will be made through MyBuildingPermit.com.
