Stream		
Flood		

Explanation of Additional Information or Special Study required by Critical Areas Section: _____

Attachments: _____

 Signature of Environmental Specialist _____
 Date

The submittal requirements listed by Critical Areas staff are based on the preliminary information provided by the applicant for preparation of this form. Once an application is filed, additional information and special studies required will be reviewed for adequacy. Should further additional information or special studies be necessary prior to issuing a decision or recommendation on this development proposal, you will be notified.

It is in your best interest as an applicant to submit accurate information and all the information requested to expedite the processing of your permit.
