## 7. SCOPE AND DISCLAIMER

This retention schedule can only be used by the agency listed in section 1. It supersedes any other versions of retention schedules used by the agency and is effective as of the date of PRC approval on the last page. This schedule is a comprehensive listing of all public records held by the agency and authorizes the destruction or archival transfer of those records as indicated. For guidance about records not listed, please contact the Records Management Program.

Public records covered by record series on this records retention schedule must be retained for the required retention periods as described on this schedule. Public records designated as Archival must be appraised by the King County Archivist before disposition. This records retention schedule is subject to revision due to changes to local, state or federal regulations.

Approved documentation is required before any records listed on this records retention schedule can be dispositioned (destroyed or transferred to the King County Archives). Records filed to and managed within Content Manager will be dispositioned from within the system and documentation will be maintained by the Records Management Program. Disposition of records managed outside of Content Manager must be documented on forms provided by the Records Management Program. Transitory records may be destroyed in the normal course of agency business and without the use of any destruction forms.

## Glossary

**Cutoff:** the trigger date on which the retention period begins. Until this occurs, the records are still considered active.

**Retention:** the length of time the records must be retained after the cutoff date

**Disposition Action:** the action that should be taken with the records after they have met their retention period

**ESSENTIAL:** records identified by the State as being essential to the operation of business and needed to continue operations in the event of an emergency.
