

# North Link Connections Mobility Project

## Route 25 – New

### Neighborhoods Served:

- Northgate, Green Lake, Wallingford, South Lake Union, Downtown Seattle

### Summary of Proposed Changes:

- New Route 25 Express would provide new peak period express service between Northgate, Green Lake, Wallingford, South Lake Union, and Downtown Seattle, replacing portions of current Routes 26 and 62.

### Why is this change being proposed?

- To maintain a peak-period express service from Green Lake, Wallingford to South Lake Union and Downtown Seattle.
- Reduce the amount of bus service along Kirkwood Place North where service is negatively affecting residents.

### How often the bus would come:

- **Service Level: Peak**
- **Days of Operation: Weekdays**

### How does this respond to feedback Metro received in Phase 1?

- Improves connections to South Lake Union
- Reduce impacts from bus service in residential areas
