

Route 906

Fairwood - Southcenter

Proposed: Fairwood - Tukwila Sounder Station

Revise Route 906 pathway and provide a more direct route by staying on Petrovitsky. This service design is faster, more direct, and easier to understand.

Route 906 will also be extended during peak hours to connect Fairwood, Benson Hill, and Kent Industrial Valley riders to the Tukwila Sounder Station. This proposal adds service on Sundays.

Rider options

Service on 168th is covered by the reoriented Route 148. Riders along 116th and 128th will have access to the Route 148 on 168th or revised Route 906 on Petrovitsky.

Changes are shown in bold red type.
