Snow/Emergency Service
Servicio de emergencia/nieve

During most snow conditions this route will operate via the snow routing shown in this timetable. In the rare event that Metro declares an emergency, this route will continue to operate as a designated Emergency Snow Network route. During such an event, it is expected to operate with the same route number and follow the same snow routing as shown in this timetable. Visit kingcounty.gov/metro and sign up for Transit Alerts to stay informed during adverse weather conditions.

Durante la mayoría de las nevadas, esta ruta operará por el recorrido que se muestra en este programa. En el caso poco frecuente de que Metro declare una emergencia, esta ruta seguirá operando como ruta designada de la Red de Emergencia de Nieve. En este caso, se espera que opere con el mismo número de ruta y que siga el mismo recorrido para casos de nieve que se muestran en este programa. Visite kingcounty.gov/metro y registrese para recibir Alertas de Tránsito y mantenerse informado durante las condiciones adversas.
### How to Pay

- **Cash**: Use local currency (USD, BHD, or JPY) at the fare gate/meter. Cash is only accepted for a single ride. The fare is rounded to the nearest quarter, so the highest amount should be used to ensure full coverage.
- **Contactless Payment**: Use an app available on both mobile and contactless readers. Check your app for the latest details.
- **Smart Card**: Use the older city transit smart card, which works at both fare gates/meters and contactless readers. Contact the provider for more details.
- **Other Options**: There are other payment options available, such as using a local bank card. Check the website for more information.

### Medicare, disabled

- Medicare beneficiaries and disabled passengers (registered persons) may qualify for reduced fares and passes. Check the website for more details.

### Metro's website

- Check the website for more information on how to pay for your trip.
