### How to Read a Schedule
1. Locate the WEEKDAY, SATURDAY, or SUNDAY schedule block for the day of travel.
2. Timetables are listed by stops along the route that correspond to times listed under each location and to trip dots on the map. Timetables are listed beginning at the origin of the route (on the left side) to the end of the route (on the right side) starting at the beginning of the route (on the left side) to the end of the route (on the right side) starting at the last point in the route (on the right side) to the first point in the route (on the left side) starting at the beginning of the route (on the left side).
3. If there is a symbol (letter or character) after a time, look for the explanation under the heading Time Symbols.
4. A dash in the column means the bus does not serve that time.
5. Refer to the Special Service Information section for information on changes in routing or other unique aspects of service on this route.

### ORCA Card

Metro Transit and other Puget Sound transportation agencies (Community Transit, Everett Transit, King County Water Taxi, the Seattle Center Monorail and Washington State Ferries) use a common fare-payment system called ORCA (One Regional Card for All). The ORCA card works with cash or a pass, and it automatically tracks the value of your fares and transfers, letting you move easily between the participating transportation systems.

Get your ORCA card online at www.orcacard.com, by phone at 1-888-988-6772 (ORCA) or 1-888-988-7772 (ORCA Lift), or at ticket vending machines at Sounder and Link rail stations, or at one of the transit agency's customer service offices. The ORCA website also provides information on how to use the card, as well as locations at which it can be reloaded with a new pass or additional cash.

### Online Trip Planning

Use Metro's online Trip Planner to plan trips on scheduled service in King, Pierce and Snohomish counties. It provides details on transit stops, routes and schedules. Trip Planner itineraries do not include service disruptions and routes caused by weather, emergencies, traffic, events or construction.

Night Rider Tips
You can help drivers spot you when it is dark or when you are wearing light-colored clothing by standing in the most visible area of the bus stop. We don’t want to miss you!
