FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owners: Arie van der Hoeven and Yuki Ito
4519 288th Avenue NE
Redmond, WA 98053

Property location: 4519 288th Avenue NE
Redmond, WA 98053

PBRS categories requested: **Open space resources**
Buffer to public land

Categories recommended: **Open space resources**
Aquifer protection area
Significant wildlife or salmonid habitat
Watershed protection area

COMMENT: The landowners currently own two parcels, #182507-9014 and #182507-9019. One application for PBRS was submitted for the two parcels. However, because the owners intend to sell parcel #9019 in the near future, two separate PBRS files have been created, one for each parcel: parcel #182507-9014 is PBRS file #E05CT085A and parcel #182507-9019 is PBRS file #E05CT085B.

Zoning: RA-5
Parcel no. 182507-9014
Total acreage: 5.48
Requested for PBRS: 4.1
Recommended PBRS: 3.93
STR: SE 18-25-07

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 29, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.

4. The property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 40% of market value for 3.93 acres of the property.
5. Credit may be awarded administratively for the buffer to public land category subject to enrollment of parcel no. 182507-9019, adjacent to the south, in the PBRs program and its sale before the end of 2006. Credit for this category would increase the total point award by 3 points with the property's current use valuation adjusted accordingly.
6. Credit may be awarded administratively for the following categories:

Rural stewardship land—subject to Applicant submission of a rural stewardship plan by August 1, 2006, and subsequent approval and implementation by September 1, 2006.

Surface water quality buffer area—subject to approval of the rural stewardship plan (above) and its reduction of the wetland buffer to 40 feet.

Credit for either of these categories would increase the point total by 5 points each with the current use valuation adjusted accordingly.

CONCLUSION:

1. Approval of current use valuation of 40% of market value for 3.93 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 40% of market value for 3.93 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 29, 2006, public hearing, and the following additional conditions of approval:

1. Credit may be awarded administratively for the buffer to public land category as stated in Finding no. 5 above. Award for this category will increase the point total by 3 points with the current use valuation for the enrolled portion of the property adjusted accordingly.
2. Credit may be awarded administratively for the rural stewardship land and surface water quality buffer area categories as stated in Finding no. 6 above. Award for either or both of these categories would increase the point total by 5 points each with the current use valuation for the enrolled portion of the property adjusted accordingly.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.
