

Portfolio Breakdown

The following is a breakdown of the Investment Pool holdings for November 2016

Table with 3 columns: Asset Category, Average (\$000), % of Portfolio. Rows include U.S. Agency Securities, Commercial Paper, Taxable Municipal Securities, Bankers Acceptances, Bank Corporate Notes, U.S. Agency Mortgage-backed Securities, Repurchase Agreements (Repos), Treasury Securities, Certificates of Deposit & Overnight Deposits, Local Government Investment Pool (LGIP), Reverse Repurchase Agreements, and Totals.

\*Average Pool Effective Duration: 1.05 Years

\*Duration is a better measure of interest rate sensitivity than average portfolio maturity.

Investment Pool Performance (before Pool fees)

(1) King County pool distribution rate has not been adjusted for realized losses (or recoveries) from impaired commercial paper investments

Pool Net Asset Fair Value on November 30, 2016

Table showing Net Assets (\$6,672,638,599.62), Net Assets Consist of (Participant units outstanding, Undistributed and unrealized gains/losses), and Net asset value at fair value price per share (\$0.9983).

(2) Excludes impaired assets that have been separated into a separate pool.

Investment Pool Comments:

\*\*\*\*\*9th Annual Investment Pool Meeting\*\*\*\*\*

All investment pool participants are invited to attend the 9th Annual King County Investment Pool meeting that is scheduled for January 25, 2017 at 9 am and will last approximately 90 minutes. The meeting will be held at Bellevue City Hall in Room 1E-113. City Hall is located at 450 110th Ave. NE (Northeast Fourth Street and 110th Avenue Northeast) in downtown Bellevue, near the Bellevue Transit Center, a block west of Interstate 405. The visitor parking entrance is located on 110th Avenue and directions to the City Hall are located at the City of Bellevue's website: http://www.bellevuewa.gov/directions\_to\_city\_hall.htm

This is a great opportunity to learn more about the investment pool and to hear from the pool's financial advisor, get an economic update from the County's Chief Economist, and hear other presentations from County personnel involved in the management of the pool. You will also have an opportunity to get any questions you might have about the pool answered. Please save the date and we hope to see you there!

\*\*\*\*\*

We remain committed to sharing information with pool members, so if you have any questions, email us at investment.pool@kingcounty.gov .

**Impaired Pool Holdings Report  
 11/30/2016**

Commercial Paper Issuer	Status	Current Book Value	Estimated Fair Value	Fair Value Adjustment
Cheyne Finance (1)	Restructured	787,502.14	507,750.00	279,752.14
Rhinebridge (1)	Restructured	84,407.60	84,407.60	-
VFNC Trust/Victoria Finance (2)	Restructured	8,746,943.83	5,387,056.00	3,359,887.83
<b>Total</b>		<b>9,618,853.57</b>	<b>5,979,213.60</b>	<b>3,639,639.97</b>

Fair Value Ratio	0.6216
------------------	--------

(1) These amounts are related to cash that was retained for DTC indemnifications and other reserves. It could be sometime in 2017 before these "tail" amounts are returned to investors, and it is possible that the amount recovered may be less than the estimate.

(2) Victoria Finance's restructuring was completed during September 2009. The name of the restructured entity is VFNC Trust, and the new entity will continue to make monthly principal and interest payments. The *Estimated Fair Value* amount is based on market prices of the underlying securities that are held by VFNC Trust. These prices are provided by the Collateral Agent and the County expects to recover more than this estimated price by receiving regular monthly payments over the coming years.

**Impaired Pool Comments:**

The majority of the amount remaining in the impaired pool is associated with VFNC Trust (Victoria). VFNC Trust continues to make monthly cash distributions. The monthly distribution for November totaled \$71,496.64. Including all receipts to date, brings the cash recovery rate on the original Victoria investment to 83%. Monthly distributions will continue for as long as the underlying securities in the trust continue to pay, and we expect the monthly distributions to continue for at least 5 years.

We do not foresee distributing any realized losses until it is apparent that no further cash flows will be forthcoming. The market for this type of asset is illiquid and accurate pricing is difficult to obtain. Adding the cash recoveries through November to the last estimated price (52.4) for the VFNC Trust security results in an estimated recovery rate to senior investors of about 94%, but the actual recovery rate will depend on the size and duration of the future monthly cash distributions from VFNC Trust. At the time of Victoria's restructuring the County's financial advisory estimated that by participating in the exchange offer that the overall recovery rate could be between 50 to 76 percent, and potentially higher.

The County settled all lawsuits involving the securities held in the impaired pool, and all the parties involved in these lawsuits have reached a mutually acceptable resolution by way of a negotiated settlement that will avoid protracted litigation, there was no admission of liability, and all sides are satisfied with this resolution

The King County Executive Finance Committee approved bifurcation of the investment pool as of September 1, 2008. This separated the impaired investments into their own pool distinct pool from the main pool of performing investments. The reasons for bifurcating the pool were to: (1) ensure the yield on the performing assets is not negatively impacted by the impaired investments; (2) enhance transparency about the value of the performing pool and the impaired pool; (3) ease the implementation of the restructuring processes for the impaired investments; and (4) expedite the restoration of the Standard & Poor's rating for the performing pool.

Within the impaired pool, future "tail" payments from Cheyne and Rhinebridge are still possible. Rhinebridge made a payment on 5//27/16 and we expect them to make just one more small payment in 2017. When we determine that no further payments are probable from these impaired securities, any remaining unrealized losses will be distributed.
