

All visitors

- You will be touring an industrial wastewater facility which has industrial noises, smells, stairs, uneven walking surfaces, etc.
- All participants must wear closed toe walking shoes; no heels. People wearing heels and sandals will not be allowed to tour.
- Dress for the weather – the tour will be mostly outside; umbrellas, rain coats recommended.
- Participants will be walking for 1-2 hours during the tour.
- Hard hats will be provided for all visitors to wear while touring – you are welcome to bring your own if you have one.
- Cameras are welcome and encouraged. Cell phone service is limited at some field sites.
- No smoking, eating or drinking while touring.
- Participants will be separated from vehicles while touring – make sure to have any necessary medications, emergency supplies, inhalers, etc. with you.
- Restroom stops will be limited while at the site.
- Due to the layout of the facilities, all participants must arrive and leave at the same time. Late arrivals will not be able to join. Early departures will not be accommodated.
- Children under 9 years old cannot tour our facilities. If children older than 9 years or anyone with physical limitations will be joining your group, this **MUST** be communicated to your scheduling contact prior to arriving. Some accommodations may not be possible.
- King County staff can end a tour early for any reason. Safety is our first priority.

King County Wastewater Treatment Division Treatment Plant Tours Program provides free water quality tours to youth and adults throughout King County. Tours provide information that helps protect our regional sewer system, our local environment and the health of our communities.
