*Upcoming  
community meetings  
about the side sewer  
repair construction  
project in your  
neighborhood:*

**Wed., March 30, 2011**

**Sat., April 2, 2011**

## Side Sewer Repair Construction to Begin Soon!

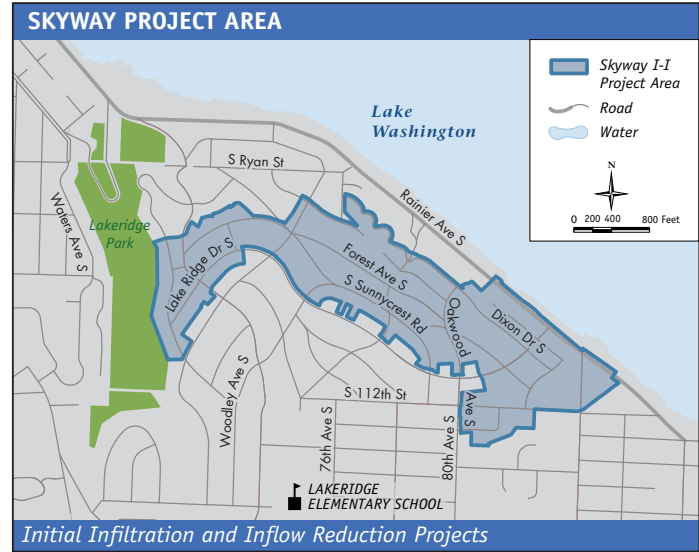

King County will begin construction in late April on the side sewer repair project in the Skyway/Lakeridge neighborhood to reduce infiltration and inflow (I&I). This project is expected to remove enough stormwater and groundwater from the local sewer system to eliminate the need to build a large regional wastewater storage facility in the area.

Join us at a community meeting to learn about:

- The construction schedule
- Anticipated construction impacts
- How King County will work with neighbors during construction

For more information, or special accommodations, contact **Maryann Petrocelli** at **206-263-7321** or **maryann.petrocelli@kingcounty.gov**.

If you are unable to attend one of the community meeting please visit the project website, we will post a copy of the meeting presentation and summary shortly after the meetings:
