

## **Summary of Engineering and Planning (E&P) Subcommittee November 6, 2014 Meeting for MWPAAC General Meeting on December 10, 2014**

### **Regional Wastewater Services Plan (RWSP) Policy Review Update**

The Subcommittee discussed the RWSP Task Force's proposed revisions to the Conveyance Policies (CP-1 through CP-7, KCC 28.86.060) and the Combined Sewer Overflow (CSO) Control Policies (CSOCP-1 through CSOCP-13, KCC 28.86.080). The attached Discussion/Proposed Amendments summarizes the comments and discussion from both the Task Force and Subcommittee members on each of the existing policies, and proposes revised language for each of the existing policies, where appropriate. In general, the comments are intended to update the policies whose implementation has been completed (e.g., construction of Brightwater Treatment Plant), to clarify and/or simplify the policies, and to propose new policies to reflect the changing regulatory and technology environment.

### **2015 Engineering and Planning Subcommittee Draft Work Plan**

The Subcommittee discussed the following proposed topics to be considered in 2015; the actual work plan will be developed at the Executive Board Meeting in February 2015:

- Complete the RWSP Policy Review Update
- Complete the review of the Conveyance System Improvements Update
- Evaluate King County's NPDES permit renewal requirements
- Continue consideration of the CSO program with a focus on the interrelationship between King County and Seattle, funding, benefit-cost ratios of projects, and penalties for non-compliance
- Review results of the Puget Sound water quality studies
- Consider issues for long-term disposal of biosolids
- Evaluate cost methodologies for long-range planning (possibly with Finance Subcommittee)
- Review programs on asset management, resiliency, and infiltration/inflow
- Review status of major projects in design
