

**Summary of Engineering and Planning (E&P) Subcommittee September 5, 2019
Meeting
for MWPAAC General Meeting on September 25, 2019**

Local Public Agency Program Improvements

- King County WTD reviews and approves any construction activities that impact its regional conveyance system. WTD is seeking to streamline the process and to help local agencies understand the process better.
- WTD demonstrated the website that will be used to coordinate such activities and provide process information to the local agencies. Website will go “live” in the near future.

Infiltration/Inflow Program Status Update

- WTD staff provided an excellent summary of the history of the program over the past 20 year.
- Phase I (completed last year) proposed 3 programs for further evaluation.
- Phase II starting this fall, will include:
 - 3-5 Best Management Practices for local agencies (will be completed in Phase II)
 - Implementation plan for inspector training and certification program (will be completed in Phase II)
 - Major program elements and implications of Private Side Sewer Program with Financial Assistance.
- Phase II to be completed by end of 2020.
