

## How can we serve you?

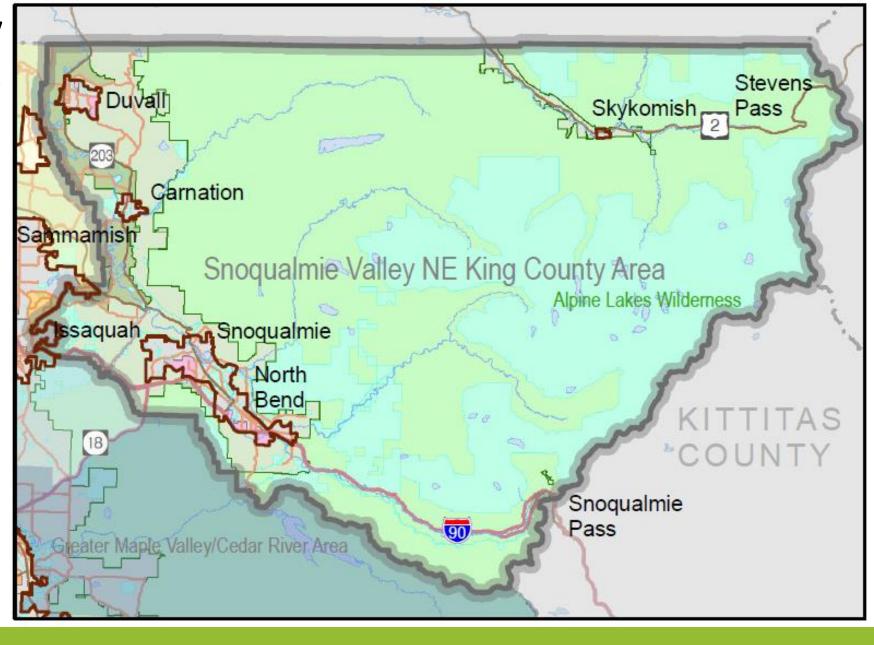

# Snoqualmie Valley/Northeast King County Subarea Plan

King County Agricultural Commission
July 14, 2022

# The Community Service Area (CSA)

### The APD

# Subarea Planning Overview

SUBAREA PLAN

#### The guiding document that establishes the 20-year vision for the community

- Policies in the plan implement the community's vision and guide county actions
- Scope of the plan varies based on community priorities
- Equity impacts are analyzed and addressed
- Development is centered on community engagement
- Plan includes a review of land use and zoning
- Plan supplements and supports other county plans

COMMUNITY NEEDS LIST

#### A community-identified inventory of services, programs and capital improvements

- Items put the subarea plan into action
- It serves as a prioritized catalog of community requests, identifies county agencies
- Equity review is built into the implementation
- List development is centered on community engagement
- Items are focused on feasible actions
- List includes performance metrics to track progress

CSA WORK PROGRAM

#### A program that lays out the County's services and projects in each community

- Program emphasizes the subarea plan and needs list
- Document conveys the county's priorities and actions for the year
- Program development involves Exec. agencies that provide local and regional services
- Equity review is built into the program
- Program is centered on community engagement

A collaboration tool that documents each agency's responsibility to the community

- Agreement includes collaboration on subarea plan, needs list, and work program
- Document establishes agency's responsibility for services and projects in each community
- Metrics establish service delivery goals
- Agreement is the internal mechanism for County implementation

Other Department Coordination

SERVICE PARTNERSHIP AGREEMENTS

Amendments to County Comprehensive Plan

Informs County Budget
