
Fact Sheet	i
Contents	v
List of Tables	x
List of Figures	xi
Summary	S-1
Chapter 1 Purpose and Need	1-1
1.1 Purpose of the Project.....	1-1
1.2 Need for the Project.....	1-3
1.2.1 Need for Alternative Transportation Corridors	1-3
1.2.2 Need for Non-Motorized Recreational Trails.....	1-3
1.2.3 Need to Provide Links in the Regional Trails System.....	1-3
1.3 Background and History	1-4
1.3.1 National and Regional Context	1-4
1.3.2 Corridor Acquisition.....	1-5
1.3.3 Corridor Maintenance and Management	1-5
1.3.4 Phased Development of the Trail	1-6
1.3.5 Terminology Used throughout the Document	1-7
Chapter 2 Alternatives	2-1
2.1 Planning Process.....	2-1
2.1.1 Environmental Documentation and Procedures	2-1
2.1.2 Summary of Scoping.....	2-1
2.1.3 Interdisciplinary Team	2-2
2.1.4 Project Termini.....	2-2
2.2 Overview of Project Area	2-2
2.3 Overview of Project Alternatives	2-3
2.4 Alternatives Considered but Rejected	2-3
2.4.1 LID Alternative	2-3
2.4.2 Rundle/Haro Plan	2-4
2.4.3 No Trail Alternative	2-12
2.5 Alternatives Selected for Further Study	2-12
2.5.1 Corridor Alternative	2-18
2.5.2 East Alternatives.....	2-18
2.5.3 Continuation of the Interim Use Trail Alternative	2-29
2.5.4 No Action Alternative	2-29
2.5.5 Preferred Alternative	2-31
2.5.6 Features Common to Most Build Alternatives	2-31
2.6 Related Projects.....	2-47
2.6.1 Millennium Trolley	2-47
2.6.2 Road Improvements	2-48
2.6.3 Wastewater Conveyance	2-48
2.6.4 Proposed Trail Connections	2-48
2.6.5 Marymoor Connector Trail.....	2-49
2.6.6 Sammamish Landing Park.....	2-49
2.7 Construction Timing and Methods.....	2-49
2.7.1 Phasing	2-49

2.7.2	Construction Sequence	2-50
2.7.3	Staging.....	2-50
2.7.4	Truck Traffic	2-50
2.7.5	Management of Pedestrians and Vehicles around Work Areas.....	2-50
2.8	Cost Comparison	2-51
Chapter 3 Environmental Consequences		3.1-1
3.1	Earth	3.1-1
3.1.1	Studies and Coordination	3.1-1
3.1.2	Affected Environment	3.1-1
3.1.3	Direct Impacts	3.1-3
3.1.4	Indirect or Secondary Impacts.....	3.1-6
3.1.5	Cumulative Impacts.....	3.1-7
3.1.6	Mitigation Measures.....	3.1-7
3.1.7	Significant Unavoidable Adverse Impacts	3.1-9
3.2	Surface Water Resources and Water Quality	3.2-1
3.2.1	Studies and Coordination	3.2-1
3.2.2	Methodology	3.2-1
3.2.3	Affected Environment	3.2-5
3.2.4	Direct Impacts	3.2-9
3.2.5	Indirect or Secondary Impacts.....	3.2-12
3.2.6	Cumulative Impacts.....	3.2-12
3.2.7	Mitigation Measures.....	3.2-13
3.2.8	Significant Unavoidable Adverse Impacts	3.2-14
3.3	Wetlands.....	3.3-1
3.3.1	Regulatory Requirements	3.3-1
3.3.2	Studies and Coordination	3.3-1
3.3.3	Affected Environment	3.3-2
3.3.4	Direct Impacts	3.3-8
3.3.5	Indirect or Secondary Impacts.....	3.3-16
3.3.6	Cumulative Impacts.....	3.3-16
3.3.7	Mitigation Measures.....	3.3-16
3.3.8	Significant Unavoidable Adverse Impacts	3.3-21
3.4	Vegetation and Wildlife	3.4-1
3.4.1	Studies and Coordination	3.4-1
3.4.2	Affected Environment	3.4-1
3.4.3	Direct Impacts to Vegetation.....	3.4-8
3.4.4	Indirect or Secondary Impacts to Vegetation	3.4-11
3.4.5	Cumulative Impacts to Vegetation	3.4-11
3.4.6	Direct Impacts to Wildlife	3.4-12
3.4.7	Indirect or Secondary Impacts to Wildlife	3.4-22
3.4.8	Cumulative Impacts to Wildlife	3.4-22
3.4.9	Mitigation Measures.....	3.4-22
3.4.10	Significant Unavoidable Adverse Impacts	3.4-24
3.5	Fish Resources.....	3.5-1
3.5.1	Studies and Coordination	3.5-1
3.5.2	Affected Environment	3.5-1
3.5.3	Direct Impacts	3.5-10
3.5.4	Indirect or Secondary Impacts.....	3.5-20
3.5.5	Cumulative Impacts.....	3.5-20
3.5.6	Mitigation Measures.....	3.5-21
3.5.7	Significant Unavoidable Adverse Impacts	3.5-23

3.6	Land Use and Shorelines	3.6-1
3.6.1	Studies and Coordination	3.6-1
3.6.2	Affected Environment	3.6-1
3.6.3	Direct Impacts	3.6-6
3.6.4	Indirect or Secondary Impacts.....	3.6-8
3.6.5	Cumulative Impacts.....	3.6-8
3.6.6	Mitigation Measures.....	3.6-9
3.6.7	Significant Unavoidable Adverse Impacts	3.6-9
3.7	Recreation.....	3.7-1
3.7.1	Studies and Coordination	3.7-1
3.7.2	Affected Environment	3.7-1
3.7.3	Direct Impacts to Existing Recreational Uses	3.7-9
3.7.4	Indirect or Secondary Impacts.....	3.7-15
3.7.5	Cumulative Impacts.....	3.7-16
3.7.6	Mitigation Measures.....	3.7-16
3.7.7	Significant Unavoidable Adverse Impacts	3.7-17
3.7.8	Section 4(f) Compliance.....	3.7-17
3.8	Socioeconomic Resources	3.8-1
3.8.1	Studies and Coordination	3.8-1
3.8.2	Affected Environment	3.8-1
3.8.3	Direct Impacts to Neighborhood Characteristics.....	3.8-15
3.8.4	Indirect or Secondary Impacts to Neighborhood Characteristics	3.8-18
3.8.5	Cumulative Impacts to Neighborhood Characteristics.....	3.8-19
3.8.6	Direct Private Property Impacts	3.8-19
3.8.7	Indirect or Secondary Impacts to Private Property.....	3.8-21
3.8.8	Cumulative Impacts to Private Property.....	3.8-21
3.8.9	Direct Impacts to Property Values	3.8-22
3.8.10	Indirect or Secondary Impacts to Property Values.....	3.8-22
3.8.11	Cumulative Impacts to Property Values.....	3.8-22
3.8.12	Direct Impacts to Safety and Security	3.8-22
3.8.13	Indirect or Secondary Impacts to Safety and Security	3.8-25
3.8.14	Cumulative Impacts to Safety and Security	3.8-25
3.8.15	Direct Liability Impacts.....	3.8-25
3.8.16	Indirect or Secondary Liability Impacts	3.8-26
3.8.17	Cumulative Liability Impacts.....	3.8-26
3.8.18	Environmental Justice	3.8-26
3.8.19	Indirect or Secondary Environmental Justice Impacts	3.8-27
3.8.20	Cumulative Environmental Justice Impacts	3.8-27
3.8.21	Mitigation Measures.....	3.8-27
3.8.22	Significant Unavoidable Adverse Impacts	3.8-30
3.9	Visual Quality.....	3.9-1
3.9.1	Studies and Coordination	3.9-1
3.9.2	Affected Environment	3.9-2
3.9.3	Direct Impacts	3.9-6
3.9.4	Indirect or Secondary Impacts.....	3.9-16
3.9.5	Cumulative Impacts.....	3.9-16
3.9.6	Mitigation Measures.....	3.9-16
3.9.7	Significant Unavoidable Adverse Impacts	3.9-17
3.10	Public Services and Utilities.....	3.10-1
3.10.1	Studies and Coordination	3.10-1

3.10.2	Affected Environment: Public Services	3.10-1
3.10.3	Affected Environment: Utilities	3.10-3
3.10.4	Direct Impacts to Public Services and Utilities	3.10-5
3.10.5	Indirect or Secondary Impacts	3.10-9
3.10.6	Cumulative Impacts.....	3.10-9
3.10.7	Mitigation Measures.....	3.10-10
3.10.8	Significant Unavoidable Adverse Impacts	3.10-10
3.11	Transportation	3.11-1
3.11.1	Studies and Coordination	3.11-1
3.11.2	Affected Environment	3.11-1
3.11.3	Direct Impacts	3.11-11
3.11.4	Indirect or Secondary Impacts.....	3.11-25
3.11.5	Cumulative Impacts.....	3.11-25
3.11.6	Mitigation Measures.....	3.11-29
3.11.7	Significant Unavoidable Adverse Impacts	3.11-30
3.12	Noise	3.12-1
3.12.1	Studies and Coordination	3.12-1
3.12.2	Affected Environment	3.12-1
3.12.3	Direct Impacts	3.12-9
3.12.4	Indirect or Secondary Impacts.....	3.12-12
3.12.5	Cumulative Impacts.....	3.12-13
3.12.6	Mitigation Measures.....	3.12-13
3.12.7	Significant Unavoidable Adverse Impacts	3.12-13
3.13	Historic, Cultural, and Archaeological Resources.....	3.13-1
3.13.1	Studies and Coordination	3.13-1
3.13.2	Affected Environment	3.13-2
3.13.3	Direct Impacts	3.13-7
3.13.4	Indirect or Secondary Impacts.....	3.13-10
3.13.5	Cumulative Impacts.....	3.13-10
3.13.6	Mitigation Measures.....	3.13-10
3.13.7	Significant Unavoidable Adverse Impacts	3.13-13
Chapter 4 Other Environmental Considerations.....		4-1
4.1	Irreversible and Irretrievable Commitments of Resources	4-1
4.2	Relationship between Local Short-Term Uses of the Environment and the Maintenance and Enhancement of Long-Term Productivity	4-2
Chapter 5 Public and Agency Coordination		5-1
5.1	Introduction	5-1
5.2	Agency Environmental Review Process.....	5-1
5.2.1	Interim Use Trail and Resource Protection Plan	5-2
5.2.2	Master Plan Trail	5-2
5.3	Agency Coordination.....	5-3
5.3.1	Agency Workshop.....	5-3
5.3.2	Agency Scoping	5-3
5.3.3	Interdisciplinary Team	5-3
5.4	Public Coordination.....	5-4
5.4.1	Citizen Advisory Group	5-4
5.4.2	Workshops.....	5-4
5.4.3	Newsletters	5-5
5.4.4	City of Sammamish Outreach	5-5
Chapter 6 References.....		6-1
Chapter 7 Distribution List.....		7-1

Chapter 8 List of Preparers	8-1
Chapter 9 Glossary	9-1
Chapter 10 Acronyms And Abbreviations	10-1
Chapter 11 Draft EIS Comments and Responses	11-1

Volume II – Plan Sheets (bound separately):

Corridor Alternative Plan Sheet Cross-reference
 Corridor Alternative Plan Sheets
 East Alternatives Plan Sheets
 Typical Trail Cross Sections

Volume III – Technical Appendices (bound separately):

Appendix A – Environmental Commitments
 Appendix B – Geology Technical Report
 Appendix C – Wildlife and Vegetation Technical Report
 Appendix D – Fish and Fish Habitat Technical Report
 Appendix E – Commercial Businesses in Vicinity of Master Plan Trail
 Appendix F – Visual Quality and Aesthetics Technical Report
 Appendix G – Trail Intersections
 Appendix H – Historic, Cultural and Archaeological Resources
Appendix I – Agency Concurrence Letters

Discipline Reports (bound separately):

Surface Water Discipline Report
 Wetland Biology Discipline Report

LIST OF TABLES

Table S-1.	Comparison of Estimated Costs among Build Alternatives.....	S-13
Table S-2.	Summary of Differences in Impacts among Alternatives, East Lake Sammamish Master Plan Trail	S-15
Table 2-1.	Summary of Features of Alternatives, East Lake Sammamish Master Plan Trail.....	2-14
Table 2-2.	Summary of Additional Improvements at Trail Access Points.....	2-42
Table 2-3.	Summary of Fencing Requirements (linear feet) by Alternative	2-46
Table 2-4.	Cost Comparison Summary	2-51
Table 3.3-1.	Summary of Wetlands within the East Lake Sammamish Master Plan Trail Wetlands Study Area	3.3-3
Table 3.3-2.	Functional Assessment of Depressional Closed Wetlands	3.3-4
Table 3.3-3.	Assessment of Functions for Slope Wetlands in Study Area.....	3.3-5
Table 3.3-4.	Assessment of Functions for Modified Slope Wetlands.....	3.3-6
Table 3.3-5.	Summary of Functions for Modified Riverine Wetlands Associated with Fish-Bearing Streams in Study Area	3.3-7
Table 3.3-6.	Summary of Functions for Modified Riverine Wetlands Associated with Non-Fish Bearing Streams in Study Area.....	3.3-8
Table 3.3-7.	Potential Wetland Fill (Acres) Summarized by Alternative	3.3-9
Table 3.3-8.	Potential Wetland Fill Impacts (Acres) under Corridor Alternative and East Alternatives Arranged by USFWS Wetland Classification and Local Jurisdiction	3.3-10
Table 3.3-9.	Mitigation Acreage Needed According to Local Jurisdiction Compensation Ratios for the Corridor and East Alternatives.....	3.3-19
Table 3.3-10.	Mitigation Acreage Needed According to Ecology’s Compensation Ratios for the Corridor and East Alternatives.....	3.3-19
Table 3.4-1.	Federal, State, and Local Regulations Regarding Vegetation, Wildlife, and Habitat.....	3.4-2
Table 3.4-2.	Summary of Impacts to Vegetation in the Study Area	3.4-10
Table 3.4-3.	Summary of Construction and Operation Effects on Wildlife, by Alternative	3.4-13
Table 3.5-1.	City, County, State, and Federal Regulations Pertaining to Fish.....	3.5-2
Table 3.5-2.	Summary of Potential Fish Occurrence in the Study Area	3.5-4
Table 3.5-3.	Comparison of Culvert Extension and Replacement Impacts between Corridor and East Alternatives.....	3.5-13
Table 3.5-4.	Individual Streams with the Largest Riparian Buffer Impacts for the Corridor Alternative and East Alternatives.....	3.5-17
Table 3.6-1.	Land Use Characteristics in Cities along Project Corridor	3.6-2
Table 3.7-1.	Environmental Review Process and Associated Public Meetings	3.7-22
Table 3.8-1.	School District Minority and Low-Income Demographics.....	3.8-3
Table 3.8-2.	Number of Individuals and Percentage of Total Populations Representing Low-Income and Minority Populations in the Study Area	3.8-6
Table 3.8-3.	Populations with Limited English Proficiency in the Study Area by Census Tract.....	3.8-7
Table 3.8-4.	Crime Data for Jurisdictions along Project Corridor (2003).....	3.8-12
Table 3.8-5.	Crimes and Incidents Along East Lake Sammamish Parkway in the Vicinity of the Corridor (1999 through 2003)	3.8-13
Table 3.8-6.	Private Property Relocations and Acquisitions Required for Each Alternative.....	3.8-20
Table 3.9-1.	Simulation Viewpoints and Views	3.9-3
Table 3.11-1.	Existing Roadway Characteristics	3.11-4
Table 3.11-2.	Summary of Existing Weekday PM Peak Hour Level of Service	3.11-5
Table 3.11-3.	Summary of Intersections with the Project Corridor	3.11-7
Table 3.11-4.	East Lake Sammamish Parkway NE Four-Year Accident History for City of Redmond	3.11-8

Table 3.11-5.	Redmond Way Four-Year Accident History for City of Redmond	3.11-9
Table 3.11-6.	East Lake Sammamish Parkway Four-Year Accident History for City of Sammamish	3.11-9
Table 3.11-7.	East Lake Sammamish Parkway SE Four-Year Accident History for City of Issaquah ^a	3.11-10
Table 3.11-8.	Comparison of Excavation, Fill and Truck Trips for Each Build Alternative	3.11-11
Table 3.11-9.	Year 2015 Weekday PM Peak Hour Vehicle Level of Service Summary – No Action and Build Alternatives ^a	3.11-14
Table 3.11-10.	Potential Impacts Associated with Different Trail Crossing Types – Corridor Alternative	3.11-17
Table 3.11-11.	Potential Impacts Associated with Different Trail Crossing Types – East A Alternative	3.11-24
Table 3.11-12.	Planned Transportation Improvements near the Proposed East Lake Sammamish Trail.....	3.11-27
Table 3.12-1.	Sound Levels Produced by Common Noise Sources.....	3.12-2
Table 3.12-2.	Measured Existing Sound Levels along Project Corridor.....	3.12-5
Table 5-1.	Environmental Review Process and Associated Public Meetings	5-1

LIST OF FIGURES

S-1A	Trail Alternatives, South Segment	S-3
S-1B	Trail Alternatives, Central Segment	S-4
S-1C	Trail Alternatives, North Segment	S-5
S-2	Photo of Interim Use Trail.....	S-7
S-3	General Scale of Trail to ROW	S-10
1-1	Regional Trails Recreational Facilities.....	1-2
2-1A	Trail Alternatives, South Segment	2-5
2-1B	Trail Alternatives, Central Segment	2-6
2-1C	Trail Alternatives, North Segment	2-7
2-1D	Alternative Alignments by Use	2-15
2-2	Ideal Trail Width, Cross Section A	2-17
2-3	Varied Width Due to Topography, Cross Section B	2-18
2-4	Narrowed Trail Width, Cross Section C.....	2-19
2-5	Narrowed Trail Width, Cross Section D	2-20
2-6	Narrowed Trail Width, Cross Section E.....	2-21
2-7	Adjacent Parking, Cross Section F.....	2-22
2-8	Adjacent Parking, Cross Section G	2-23
2-9	Adjacent to Parkway, Cross Section H.....	2-25
2-10	Adjacent to the Place, Cross Section I.....	2-26
2-11	Interim Use Trail, Cross Section J.....	2-28
2-12	Traffic Control for High Volume Street Crossings with Signals.....	2-33
2-13	Traffic Control for Low Volume Street Crossings	2-34
2-14	Traffic Control for Limited Sight Distance	2-35
2-15	Traffic Controls for Crossing with Adjacent Sight Distance.....	2-36
2-16	Traffic Control for Driveway Crossing within 30' of Parallel Roadways.....	2-37
2-17	Traffic Control for Multiple Crossings of a Driveway	2-39
2-18	Traffic Control for Frequent Driveway Crossings.....	2-40
3.2-1	Project Area.....	3.2-2
3.2-2	East Lake Sammamish Watershed	3.2-3
3.7-1	Recreational Facilities - South Segment.....	3.7-3
3.7-2	Recreational Facilities - North Segment.....	3.7-4
3.8-1	Census Tracts	3.8-4
3.8-2	Access Across Rail Corridor - Representative Photo	3.8-10
3.9-1	Simulation, Corridor Alternative Station 356 + 00	3.9-8

3.9-2	Simulation, Corridor Alternative Station 370 + 00	3.9-9
3.9-3	Simulation, Corridor Alternative Station 417 + 00	3.9-10
3.9-4	Simulation, Corridor Alternative Station 519 + 00	3.9-11
3.9-5	Simulation, East Alternative Station 332 + 00	3.9-13
3.9-6	Simulation, East Alternative Station 458 + 00	3.9-14
3.12-1	Approximate Sound Level Measurement Locations	3.12-7
