

KING COUNTY DISTRICT COURT  
KING COUNTY, STATE OF WASHINGTON  
OFFICE OF THE PRESIDING JUDGE

) GENERAL ADMINISTRATIVE ORDER

)

) No. 17-02

)

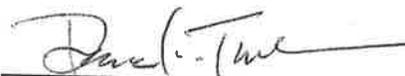

Re: Parking Infractions with No Registered  
Owner Information

The Court has numerous parking infractions with no identifiable registered owner information, out of state license plates and temporary plates for both in state and out of state vehicles that have aged between one year and ten years with no payments and the court cannot refer the infraction to collections. Where there has been no payment or response by the registered owner, these infractions are considered uncollectable.

Therefore, it is now ORDERED:

If the parking infraction has not been assigned to collections, is between one and ten years old from the date of violation, there is no registered owner listed on the parking infraction; there has been no response or payment; Payment Center Management or their designee is authorized to dismiss the parking infraction; write off all legal financial obligations and close the case.

Done this 5 day of Sept., 2017

Donna Tucker, Chief Presiding Judge  
King County District Court
