

KING COUNTY DISTRICT COURT

)  
) No. 15-06  
)  
) GENERAL ADMINISTRATIVE ORDER  
) Criminal Case Dismissed, Close upon  
) Payment of Fine

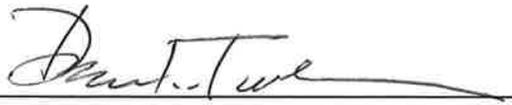

The King County District Court is in the process of closing old cases and has discovered that there are numerous cases where a Deferred Prosecution, S.O.C. or a Deferred Sentence was entered and the case has been dismissed by a judge except for outstanding financial obligation(s).

Where there has been no garnishment proceedings or order extending the judgment entered on these cases the court deems that the financial obligation(s) are uncollectable and further attempts at collection would not be in the interest of justice. An administrative order is needed to expedite and to provide order and consistency to the final closure of these criminal cases.

Accordingly, it is Ordered:

The clerk shall write off all outstanding costs, fees and assessments and close Deferred Prosecution, S.O.C. or Deferred Sentence cases that have had prior dismissal by a judge.
