

KING COUNTY DISTRICT COURT

)
) No. 16-05
)
) GENERAL ADMINISTRATIVE ORDER
) Re: Infraction Cases Fines Paid But With
) \$52.00 FTA Outstanding Balance (TSI cases)

King County District Court is reviewing infraction cases where a defendant initially failed to timely respond or appear and a finding of committed was entered and the \$52 FTA fee was assessed. Due to clerical error, the matters were assigned to TSI collections without the \$52 FTA fee added to the amount due to the court.

Subsequently, TSI collected the amount actually assigned by the court to collections without the additional \$52 FTA fee. And TSI reported that the assigned amounts on these cases have been paid-in-full, however, the court data records indicate the FTA fee of \$52 remained outstanding.

These defendants were under the belief that the full amount owing to the court was satisfied and pursuing the outstanding \$52 FTA would not be in the interest of justice at this time;

Accordingly, it is ORDERED:

This list of identified infractions are recalled from collection and the clerk's office shall write off the \$52 FTA fee and notify DOL as may be necessary

Done this 4 day of October, 2016

Donna Tucker, Chief Presiding Judge
King County District Court
