) Re: Unfiled Parking and Traffic Infraction

The Court has numerous traffic infractions and parking infraction tickets for which the court has received a request for hearing or notice of appearance, but the ticket was not filed. These cases have been entered into JIS without a filing date. These tickets that have aged between 60 days and ten years with no ticket filed and the court cannot close them without a Judicial order.

Therefore, it is now ORDERED:

If the parking or traffic infraction has not been filed after 60 days from the date the defendant's paperwork or payment was received then Clerks are ordered to dismiss and close the parking or traffic infraction. Then any monies received are to be refunded.
