Statement in favor

Strong schools benefit the entire community. Your “yes” vote for our schools maintains programs, staffing, and supplies needed to support student learning. Staff funding alone does not ensure we can continue providing opportunities for our students that set us apart. Local levy funds invest in the type of education for which Tahoma is known.

A “yes” will provide continued support to security, mental health, nurses, extended enrichment, teachers, paraeducators, support for struggling students, and opportunities such as athletics, activities, expanded electives, elementary science and art, transportation, summer school, and community facilities use.

Tahoma is a good steward of tax dollars and excels at maximizing resources to help students succeed. Our cost-per-student levy rate is one of the lowest in King County, yet we are among the top districts in the state. This replacement levy rate is less than in many other districts. Tahoma is asking for a modest 2% rather than the 2.50% allowed by law. The increased investment for the owner of a home valued at $400,000 is $250 per year.

Community support is critical to high-performing schools. With community levy support, Tahoma can continue to provide the level of excellence it has achieved. Vote yes!

Explanatory statement

Passage of Proposition No. 1 would replace an expiring levy and allow the levy of $16,419,347 in property taxes within Tahoma School District for collection in 2021, the levy of $17,895,669 for collection in 2022, the levy of $19,504,860 for collection in 2023, and the levy of $21,258,878 for collection in 2024. In accordance with Resolution No. 2019-20 approving this proposition, these taxes would be deposited in the Tahoma School District’s General Fund to pay part of the general expenses of operating the District. General expenses of the District include employee costs (such as salaries), instructional materials, special programs, athletics and sports, technology systems operation, transportation costs, maintenance of facilities and other non-capital expenses of operating the District schools that are not funded or not fully funded by the State, if authorized by the voters and based on projected assessed valuation information, the estimated levy rate per $1,000 of assessed value would be $2.00 for collection in the years 2021 through 2024. Inclusive. The exact levy rate shall be adjusted based upon the actual assessed value of the property within the District and the legal limit of the levy amount at the time of the levy. The District will review annually and detail mine whether there is a need to roll back the levy.

Exemptions from taxes may be available to certain homeowners. To determine if you qualify, call the King County Assessor at (206) 296-7300.

Proposition No. 2
Technology Capital Projects Levy

The Board of Directors of Tahoma School District No. 409 approved Resolution No. 2019-21 concerning a technology modernization levy. This proposition authorizes acquiring educational and operational technology, equipment, software, staffing, training and technical support; and authorizes the following excess levies for such purposes on all taxable property within the District:

<table>
<thead>
<tr>
<th>Collection Year</th>
<th>Estimated Levy Rate/$1,000 Assessed Value</th>
<th>Levy Amount</th>

Statement in favor

Tahoma is committed to using and prioritizing technology in ways that accelerate and improve student learning. Your “yes” vote to restore the Technology Levy pays for equipment, infrastructure, training, and support staff that provide student access to computers and other learning devices at school. It also pays for teacher training and support to achieve equity in how classroom technology is used.

There is very little state or federal funding for classroom technology. Failure of the 2018 Technology Levy resulted in the District using reserve funds to temporarily maintain existing equipment and infrastructure. Staff support for students and teacher’s work was reduced, along with training. This is not viable, long term, and puts us behind neighboring districts.

A citizen district committee created a new education plan to guide how technology will be used. As the plan states: “Technology is an essential tool that allows our students and staff opportunities to communicate, collaborate, and create content as a community of learners to ensure that all students graduate with the knowledge and skills necessary to live, learn, and work in the 21st century.”

Let’s provide all students with accessible, functional, and necessary tools to attain both instructional goals and their own aspirations. Please vote yes!

Explanatory statement

Passage of Proposition No. 2 would allow the levy of $16,800,000 in property taxes within Tahoma School District No. 409 for collection each year in the years 2021 through 2024, inclusive, to fund construction, renovation, improvement and expansion of new and existing facilities, make improvements to technology equipment and training, modernize educational facilities through the acquisition and installation, implementation and management of computer technology and technology systems, facilities and projects including but not limited to enhancing infrastructure, acquiring hardware, licensing software, and implementing online applications, and training related to modernisation, instruction and installation of the foregoing as part of the District’s technology systems, facilities, or projects, including, but not limited to, ongoing application fees, subscriptions, or licenses, upgrades and incidental services, training related to such improvements, and other capital project expenditures as approved by the Board of Directors. These taxes would be collected in the 2021-2022 through 2024-2025 school years, inclusive, and deposited in the District’s Capital Projects Fund for such improvements to meet the current and future educational programs for its students. If authorized by the voters, and based on projected assessed valuation information, estimated levy rates per $1,000 of assessed value would be $0.47 (2021 collection), $0.48 (2022 collection), $0.44 (2023 collection), and $0.40 (2024 collection). The exact levy rate shall be determined at the time of the levy.

Exemptions from taxes may be available to certain homeowners. To determine if you qualify, call the King County Assessor at (206) 296-7300.
