LAND USE

Change land use designation on parcels 3423059035, 3423059061, 3423059031, and 3423059034 to “uh” (Urban High; Urban Residential >12 du/ac)

ZONING

1. Change zoning on parcels 3423059035, 3423059061, and 3423059031 to R-18-P.

2. Add P-suffix development condition SC-Pxx to parcels 3423059035, 3423059061, and 3423059031:

   • “Development shall be subject to applicable development regulations and limited to some combination of the following uses as defined in K.C.C. 21A.08: single family dwelling units for seniors, senior citizen assisted housing, day care facilities and nursing and personal care facilities.

   • The height of any new construction shall be no greater than 65 feet.

   • Permits shall not be applied for until a permanent conservation easement is recorded on the western-portion of each parcel, including the required critical area buffer(s) and any remaining land west of that buffer(s), so as to provide separation between the current lower-density residential homes and the new proposed higher-density senior housing development on this site.

   • In the event that the applicant has not submitted a complete application for the first necessary permit with the Department of Permitting and Environmental Review by December 31, 2023,
the land use and zoning map amendment approved under Ordinance 18427 shall expire and the land use designation and zoning revert to its prior designation and zoning.”

3. Change zoning on parcel 3423059034 to R-18-P.

4. Add P-suffix development condition SC-Pxx to parcel 3423059034:
   - “Development shall be limited to residential development, and at least 20% of the residential units shall be affordable for moderate-income residents as defined in the King County Consolidated Housing and Community Development Plan (Ordinance 18070), or successor plans.
   - Permits shall not be applied for until a permanent conservation easement is recorded on the western portion of the parcel, including the required critical area buffer(s) and any remaining land west of that buffer(s), so as to provide separation between the current lower-density residential homes and the new proposed higher-density residential development on this site.
   - In a manner consistent with achieving R-18 level density, development shall be subject to a conditional use permit and in addition to the standard requirements for a conditional use permit:
     - After issuance of the Notice of Application, and prior to issuance of the SEPA Determination or Notice of Decision, the Department of Permitting and Environmental Review shall hold one or more public meeting(s) in the vicinity of the project regarding the proposed development; and
     - The Department of Permitting and Environmental Review, as part of their review of the conditional use permit, shall consider the criteria in K.C.C. 21A.44.040, and additionally shall consider appropriate development standards, conditions and/or mitigation measures to address impacts of the development and integrate the development with the surrounding neighborhood while being consistent with achieving an R-18 level of density, including but not limited to: building height; parking requirements; traffic impacts; lighting impacts; design elements of the building, including landscaping; and setback requirements.
     - The Department of Permitting and Environmental Review shall also require the applicant to make a reasonable effort to integrate ingress/egress with the development of the property to the north.
In the event that the applicant has not submitted a complete application for the conditional use permit with the Department of Permitting and Environmental Review by December 31, 2023, the land use and zoning map amendment approved under Ordinance 18427 shall expire and the land use designation and zoning revert to its prior designation and zoning.”

**Effect:** Amends Land Use from “um” to “uh” and Zoning from R-6 to R-18-P in area to allow for the potential development of a continuing care retirement community, as noted in Motion 14276, and multifamily housing. Adds P-suffix development conditions

LAND USE

Change land use designation on parcel 2821049171 to Neighborhood Business Center.

ZONING

Change zoning on parcel 2821049171 to Neighborhood Business.

Map Amendment # 3

302nd Avenue SE @ 303rd Place SE

(Allison Docket Request Area Zoning and Land Use Study)

AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN – KING
COUNTY ZONING ATLAS

_________________________________________________________________

Amend Section 32, Township 24, Range 07 as follows:

1. Remove the "SDO" from parcel 3224079134 and revise the existing split zoning from RA-5(SO) / RA-10 to RA-5.

2. Remove the "SDO" from three adjacent RA-5 (SO) zoned properties; parcels 3224079140, 3224079112, and 3224079021.

3. Remove the "SDO" from one adjacent RA-5 (SO) / RA-10 zoned property; parcel 3224079136.

Effect: Removes an "SDO" condition on the property which has been superseded by the County's Critical Areas Ordinance and is therefore no longer necessary. In practical terms, this will affect only the Allison property (parcel 3224079134) because it has additional development potential and the others are already developed. Also changes split zoning on parcel 3224079134 from RA-5 / RA-10 to RA-5, allowing for the potential development of one additional dwelling unit.

Map Amendment # 7

Three Urban Growth Area Amendments in locations noted below
(UGA Technical Corrections Area Zoning and Land Use Study)

AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN –LAND USE MAP

Amend Sections 13 and 24, Township 22, Range 05, and Sections 20, 21 and 23, Township 20, Range 06 as follows:

1. Include the right-of-way of the following two segments within the Urban Growth Area.
   SE 240th Street from western city limits to 180th Avenue SE
   248th Avenue SE from north city limits to SE 433rd Street

2. Remove the right-of-way of the following segment from the Urban Growth Area for consistency with adjacent rural roadway segments.
   228th Avenue SE from the north boundary of the UGA to the south boundary of the UGA

Update the Interim Potential Annexation Area Map to remove 228th Avenue SE from the City of Enumclaw Potential Annexation Area, to add SE 240th Street to the City of Covington Potential Annexation Area, and to add 248th Avenue NE to the City of Enumclaw Potential Annexation Area.

Amend all other KCCP and Technical Appendix maps that include the Urban Growth Area to be consistent with this change.

Effect: This is a series of countywide technical amendments to the Urban Growth Area that only affects segments of county road rights of way; no private property is affected. The purpose of these proposed technical adjustments is to facilitate provision of services. In two cases, right-of-way adjacent to a city is proposed to be added to the UGA so that it may eventually be annexed and served by the city. In one case, the right-of-way is more appropriate to be in the Rural Area, where it will continue to be serviced by King County.
Move UGA boundary to the north margin of SE 240th St. to include this section of the right-of-way in the urban area.
Move UGA boundary to the west margin of 248th Ave SE to include this section of the right-of-way in the urban area.
Move UGA boundary to the east margin of 228th Ave SE to exclude this section of the right-of-way from the urban area.
Map Amendment # 8

SW Gorsuch Road, Near Vashon Highway SW

(Vashon #1 Area Zoning and Land Use Study)

AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN – KING COUNTY ZONING ATLAS

Amend Section 29, Township 23, Range 03 as follows:

   “Development restricted to housing designated for low income.”

Effect: Would remove P-suffix condition VS-P24, which currently restricts development “to mobile homes, manufactured housing units and accessory support structures” and replace it with a P-suffix condition limiting development to a broader range of affordable housing development options.

(Rainier Ridge)

AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN – KING
COUNTY ZONING ATLAS

Amend Section 03, Township 21, Range 06 as follows:

ZONING

Amend P-suffix condition TR-Pxx on parcel 1531000010 as follows:

“1. A term conservation easement agreement satisfactory to King
County shall be recorded within 21 days of approval of this ordinance.
The conservation easement shall apply to the remaining 56 acres of
the site and shall prohibit all use and development other than passive
recreation until such time as the parcel is officially subdivided, whereby
the rural portion will be deeded fee simple to King County for the
purpose of permanent public passive open space.

2. ((Within one year))By December 31, 2017, the City of Maple Valley
shall ((commence)) complete annexation proceedings ((and the
County and the City shall enter into an interlocal agreement
addressing: a) annexation of the urban portion of the property; b)
zoning for the urban portion of the property that will achieve a minimum
density of 4 dwelling units per acre; and c) subdivision procedures that

including land within the City and County)).

3. SEPA mitigation measures per the MDNS Threshold Determination
for project
MAMD13-0001 dated November 26, 2013 shall be implemented and
completed upon the approval date of this ordinance.

4. In the event Condition 2 is not satisfied ((within one year after
Council approval of this ordinance)), the site shall ((be redesignated in
the next King County Comprehensive Plan update)) revert to its pre-
application land use (Rural Area) and zoning (RA-5-P) designations.”
Effect: Would amend P-suffix condition TR-Pxx to no longer require adoption of an Interlocal Agreement, and would require completion of annexation proceedings by December 31, 2017 in order for the Rainier Ridge Four-to-One UGA amendment to become effective.

Map Amendment # 10

SE Falcon Way at 216th Ave SE and SE 296th St
(Reserve at Covington Creek)

AMENDMENT TO THE KING COUNTY COMPREHENSIVE PLAN – KING COUNTY ZONING ATLAS

Amend Section 4, Township 21, Range 06 as follows:

ZONING

Amend P-suffix condition TR-P49 on parcels 0421069008 and 0421069011 as follows:

• “((Development shall be consistent with all City of Black Diamond regulation and guidelines;))

• King County and any development applicant shall address traffic in the area to ensure that existing level of service conditions are ((addressed and improved – not degraded – by any future development; and)) maintained consistent with concurrency requirements in the King County Code and King County Comprehensive Plan;

• ((The applicant shall enter into a pre-annexation agreement that includes the use of rural transfer of development rights and conservation of at least four acres of rural land for every acre of urban land;)) The site shall be developed at no greater than R-4 zoning on 50% of the site. A notice shall be added to the properties’ titles that the current and/or future property owner(s) of the site shall not contest the annexation after the site has been rezoned and platted; and

• The site shall not be rezoned until at least 160.63 acres of land is put in permanent conservation. The total acreage of conserved land will be achieved through a) a permanent conservation easement on up to 20 acres of the site surrounding the new urban development, and b) permanent conservation of off-site lands as follows:
  o Conservation of rural, agricultural and/or forestry lands in the Duwamish-Green River Watershed (via conservation easement(s) and/or purchase of Transfer of Development Rights);
Conservation of land from King County’s high value conservation list; and/or

Purchase of Transfer of Development Rights from the County’s TDR bank.”

**Effect:** Would amend an existing P-suffix condition TR-P49 as follows:

- Remove the requirement that the development be consistent with the City’s plans and regulations.
- Direct that existing transportation conditions specific to level of service be maintained consistent with the County’s concurrency requirements. This would replace the current requirement than general transportation conditions be not only not degraded but also addressed and improved.
- Remove the requirement that there be a pre-annexation agreement to guide development, and add requirement that the property owners will not contest annexation.
- Requires density to be no greater than four homes per acre on 50% of the site, which would result in up to 80 dwelling units.
- Maintains conservation of four acres of land for every acre of land that was added to the UGA (for a total of 160.63 acres), and clarifies how that conservation could be achieved (on-site and off-site).
